# From the Editor's Desk:

*My personal Christian Love and Greetings to you all – Nationally and Internationally.*

With the help of our Bro Andy, we have been gleaned from some of the latest Missionary Activity and Testimony Reports from around the world. We have been happy with what has been sent to us, telling us of the blessings that the Lord has graced His Workers with who have been labouring hard in the field to bring the lost to Jesus in these late hours. We continually bless the Lord for our Dear Bro Adrian and how the Lord has been continually using him since the commencement of the BNL Ministries, which was used successfully to promote and make known his mission field activities together with other faithful missionary brethren that we feature.

We are just ordinary brethren - servants - who publish what God's ministering Brethren bring in to the store-house to feed His sheep. According to feed-back, some are scattered far away and are now able to hear and read the words of Brother Branham and other men of God, ministered by our Brothers who feel God's calling in their lives. And we hear what has blessed the readers. Testimonies seem to take pre-eminence! To learn of God's wonderful grace in a world where you hear how so many people don't believe in God.

And we thank our Lord for answering our prayers and after thousands of years, He demonstrates He is still The "I AM", show-

ing He is Alive and faithfully keeping His Promises in His Word. It is wonderful seeing one planting & another watering, but it is only He, our Lord, Who gives the increase.

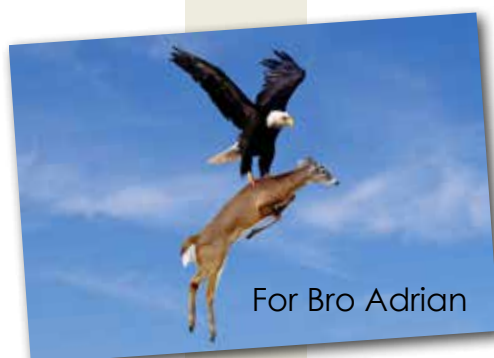

The Committee Members and support Team, join me in wishing you all of God's richness and blessings.

*Bro Charles* - Editor

## ACKNOWLEDGEMENT / TESTIMONY

By Bro William B Frank  
Port Vila, Vanuatu

Dear Brother Charles

Greetings from the saints in Vanuatu to the Bride of the Lord Jesus Christ.

First of all, we would like to convey our gratitude and thanks to all the believers who has held us up in prayer and supported us materially and financially during the time of despair wherein the fifth categorized cyclone (PAM) left us in. It is our prayer that God will in turn restore that which you have given us a thousand times. God bless you.

However, we certainly appreciate our Lord for being so gracious to us by allowing us to be identified with His presence, The Logos, in this end time through various manifestations and this, Brother Branham said is the Believers portion, "The constant abiding presence that Abraham had."

We would like to share our little part of what God is doing in our part of the world, believing it would be a blessing to the Bride of Christ.

Two weeks ago, I received a call from Brother Philemon who is a brother has recently being used of God to minister the Word of God on south eastern part of Ambrym Island. He told me to go meet a French brother by the name

Anthony Piti at the airport who was boarding a transit flight in Port Vila from Ambrym to Noumea and hand him some French message books. I asked him what was going on and he told me this glorious testimony.

Brother Anthony came to Vanuatu as a tourist and happened to extend his tour to Ambrym to

visit an active volcano there and Brother Philemon was his guide. On their way, their conversation somehow changed and Brother Philemon found himself sharing the message to Anthony.

Night befell them at the top of the volcano, so they pitched their tents and spent the night there. The next morning, Brother Philemon was up early preparing their

breakfast while Anthony came and told him that he was restless all night, he was thinking about what Brother Philemon was telling him yesterday. Suddenly, he asked if he could be baptized and Brother Philemon told that he could if he truly believes which he said he did. Amazingly, Brother Philemon told him that he will be baptized on the sea after their return. On their way down, they came across a muddy pool and Anthony asked Brother Philemon if it be okay that he be baptized therein. Brother Philemon then baptized Anthony in that muddy pool and described that moment to be a joyous one as the French tourist tearfully came out of the muddy pool a new creature in Christ and a brother in the message.

One could not help but be reminded of a similar occasion that took place some two thousand years ago in the book of Acts 8:34-39 wherein Philip the apostle, in like manner led an Ethiopian eunuch to Christ.

Brethren, this is a proof of the quick work that brother Branham talked about and we say Amen to the marvelous works of the Holy Ghost.

PHILADELPHIAN.CHURCH.AGE - CHURCH.AGE. BOOK CPT.8

The seventh age (a very short age) gathers up into itself for one quick work, all the evil of every age, and yet all THE REALITY OF PENTECOST. Amen

To God be the glory,  
God Bless you all.

Bro William B Frank  
Port Vila, Vanuatu

### WORDS TO BLESS ON DL MOODY

*From the Saints @ Pieter 107*

Dear Brother Charles

"The world has yet to see what God can do with and for and through and in a man who is fully and wholly consecrated to Him." A young man named D.L. Moody heard those words and determined in his heart to be that man!

He gave himself fully to the will of God for His life and the Lord used him to shake two continents for Jesus. Moody preached to more than 100 million people during his ministry and many thousands came to know Jesus Christ as their Saviour.

I don't know about you, but I want to be a person God can use. The Lord is still looking for men, women, boys and girls that He can fill with His Spirit and use to make a difference for Jesus. You and I can be that person that God will take and use for His name's sake.

and those that are gathering the supplies to send out to our embattled brethren. As long as everybody pulls together it will do a great work.

I emailed a minister in Scotland the other day as I may be going there for a few days on route to Russia. To my amazement he knew everything we were doing, as somebody sent him the BNL and he isn't on our mailing list!!! We now realise, the BNL is being forwarded more than ever before around the world, and our work and labour of love is sure not in vain.

Many thanks Bro' Charles for your drive in moving the BNL into the stage it is at now and for getting the right brethren in the BNL's hotseat for this final ride. I will be away for two and a half months, but will be in email contact. Pray for us as I'm going into the unknown on this trip to further the Message.

Shalom

Bro' Adrian.

## Letter to the Editor

Dear Bro Charles.

From Brother Adrian Gray

I had a good look-see at this latest BNL and was very impressed. It is such a blessing to see all the other brothers around the world working to a vision to cover every nation with the message of the open book. The content is really focussed now on what matters and that is getting the great commission completed.

I just want to point out that the ones putting the BNL together are every bit as important as the front liners in the mission fields. It's like a military strike. You have your intelligence centre, a supplies base, a map of strategy in the war office

## Easter Mission 2015

**Brother Richard Oliver**

In Uganda's capital, Kampala, a church deacon noticed a man taking lots of photos and talking to students at the university. He reported the man who was quickly arrested. He was, apparently, preparing for a raid on Kampala's univer-

sity similar to that in Garissa, Kenya.

In the Ugandan part of Busia I met our new driver and vehicle supplier Pastor Emanuel of Iganga. He had muslim converts in his church and explained they made really good Message Believers. They had been in a sterile legalistic religion but had now found a real prophet with the living Word of God. They were more active and more fervent than many long term Mes-

sage Believers or even newly converted denominational Christians. As well as Emanuel our

party now included Pastor Baliita Hannington of Kaliro, a town inland from Jinja at the source of the Nile. Baliita is the pastor at Kaliro and is in charge of our Luganda translation and printing work. Most of the Luganda translations on the Message Hub have been done by the team based here. When finance is available they also print and distribute Luganda Message books throughout Uganda. Also with us was Pastor Elijah and Pastor Paul. With them and Emanuel as driver I felt I was a minor believer travelling in exalted company.

From Busia we headed on to Kaliro passing rice paddies and large sugar cane plantations. Uganda is sometimes called the Pearl of Africa

as it has many lakes and rivers keeping a good part of the land productive in all but the most serious of droughts.

Being in Kaliro again was like coming home with many friends and acquain-

tances attending the two services. Although Victor remained with us until my last Friday it was Baliita Hannington who now acted as manager.

From Kaliro we traveled in Brother Emanuel's Toyota Land Cruiser to Kampala where Pastor Paul Mukama, our translation team proofreader, also prepares Luganda voice over recordings of Brother Branham's messages.

**Mityana Church**

It took us another two hours to reach Mityana from Kampala using the Congo Road. I taught at Brother Leo Ruhwabwabu's church that evening. Most small towns and village churches almost never receive visits of preachers from other countries and they really appreciated the contact. I used several of the congregation to create a time line of key Biblical characters as illustrations of types and patterns that apply to the Bride of today.

Idi Amin was the Muslim President/Dictator who brought Uganda to its knees about forty years ago. In the back country, some two hours from Mityana, was the site where the rebel headquarters of

the current President of Uganda, Yoweri Museveni had been. The little message church at that site welcomed us with open arms and, unusual for me, a new convert came forward at the close of the services.

**Kaliro Fellowship**

Friday was to be a simple drive back to Kampala with an evening service but our old Toyota engine seized solid before we reached the capital. With delays due to hiring other vehicles the evening service had to be cancelled. Next day the two planned Saturday services also had to be cancelled as the pastor had the visit date wrong. Brother John Kyakonye was out of town on a very successful mission some 500 miles away!

For the first time in nearly three weeks I had a day with no travel and no services. I was staying in western style lux-

ury rooms at the Silver Springs Hotel in Kampala.

**Engine seized**

Brother Victor had been impressed that a sixty-eight year old overweight teacher could stand and teach for two and occasionally three services a day, I had felt no tiredness at all at the time. The was due, I believe, to the Lord. However Victor had headed home and this was a perfect place

**Kampala Fellowship**

to rest. It was also an ideal place to introduce Baliita and Emanuel to Pizza! I had eaten lots of local African food so here was a chance to show them western food. They had never seen or tasted Pizza and were so impressed

when they ate it that they asked for the recipe!

The last two services on Sunday were at my long time friend Robert Kabasi's church in the centre of Kampala. When I had visited in 2007 they had met in a schoolroom. Now they meet in a large covered area

**Bro Robert dedication**

nearby. Brother Paul brought his church along too. Instead of the usual rice and beans we went for lunch at, of all places, KFC where we were inspected by an armed guard before being allowed inside!

It was interesting, on that last evening after all the services, to hear from ministers. What help, if any, the visit had been?

Apparently it is generally evangelistic messages on the cross that is preached, not the range of subjects I taught. (I did preach the cross too!) Types and patterns had become more than just a parable to them. This was especially true when Ruth and Naomi were linked to

events in the second world war and 1946. That is the year when Israel (Naomi) went back to her homeland after losing her husband and sons in the holocaust. It was also the same time that the angel came to Brother Branham (the head reaper) to have him prepare food for the Bride.

**Remote Church**

Queen Vashti, in the book of Esther, receiving seven chamberlains to call her to the King's feast being a type of the seven church ages with Esther being believers was another eye opener for the ministers. They even wanted me to postpone my trip back home a week so they could learn more!

Baliita reminded me that I had explained the Absalom story at one meeting. Absalom is like a Deacon who stands in the church doorway empathising with church members and saying, "If I were pastor I would do this or that". That was how King David almost lost his kingdom. Baliita told me a minister had asked him, "Who told Richard what happened in my church?" Types and patterns had indeed become very real!

It was an honour to be able to visit and teach God's people. I had wondered if the money spent would have been better used for specific projects instead of me spending so much on travel, accommodation and other expenses.

**Funyula Church**

However it is that personal contact that means so much to both those visited and those doing the visiting. I also believe that as it is through the foolishness of preaching that lives are saved, through teaching believers are built up to maturity.

My ministry has done nothing more than provide basic message concepts for others, both local and international, to build on. We are all to help fulfil Revelation 10 v11, Matthew 24 v14 & 28 v18-20. We can

do that by supporting, or by being those, who go out to preach or teach. We can't fulfil those scriptures by everyone sitting safe in their own churches. The Message has always been "Come Out of Her My People", but now it is far more "Come Into Jesus."

All ministries are different and each should have the courage to walk with Christ alone based on what the Bible and Message teaches. How else can the Bride of Jesus Christ become one with Him, the Word?

MISSION UPDATE

## UPDATED REPORT

### THE BOUGAINVILLE TRIP. [13-27/05/2015]

This trip is especially towards my extended family in Buka (my sister and her husband), in Arawa (niece and her husband), and in Buin (nephew and his wife). The purpose is to introduce the Message of the Hour. Not only to them but also those that comes in contact with me as the Spirit leads. I arrived in Bougainville on the 13th May. During this evening I had a meeting with my sister, and briefed her about my trip.

**[14/05]** The first day we had fellowship, there were 6 adults and 7 kids. These people are Catholic by religion. During this meeting I shared on the love of God. What had happened to us and that God has to come in the flesh and what is our response to that which is to give our lives to him and receive the new birth. We did have a great time in the Lord.

**[15/05]** During the second night I shared about Rom.4:1-25(13-25) telling the people that we must have faith in the Lord, because what God said does not return void when we believe and know that God has the power to back it up. During the day I met up with two brothers of the Oneness (united Pentecostals international) and had a conversation with them but found out that they do not recognise the prophet and that they must be a denomination. Pray for God's wisdom in dealing with people who say that we are of "one faith".

**[16/05]** I went to Arawa. It was a 4 hour journey. Praise the Lord I arrived safely. I briefly told my niece [Lydia Norg] of my purpose of coming and arranged for the fellowship nights.

**[17/05]** I gave copies of the Message of the hour to my niece and in her reading she came across the Trinity and she asked me about it. I shared to her about the Godhead and she understood what I was sharing. I believe that our Lord Jesus Christ will reveal more to her as she continues to read the sermons. I had fellowship during the evening and shared about us being created in the image and the likeness of God and the importance of living in obedience and according to the Word of God. I also made arrangements to visit the Arawa Police Station and have fellowship with those behind bars.

**[18/05]** I went and paid a visit to those behind bars at the Arawa Police cells, I shared a message that it was not Gods plan for them to go through such a situation, but because of the fall such has happened. I shared how God has a plan of reconciling us back to Him but we have to believe on the Lord for this to happen in each and everyone one of us. I

also gave them copies of Message sermons. During the evening I had fellowship again with my niece and the family, sharing from Rev. 1:8, 18

**[19/05]** I went to my niece's husband's village (Manetai) a 30min drive out of town and had fellowship with his family. They had a quarrel that afternoon but we came and the Word of God reconciled them as was the response after we finished our fellowship with them.

**(20/05)** Trip to Buin. I had the privilege to travel with my niece and husband to Buin and they went back to Arawa. The trip was a 2-3 hour drive. I spent the evening talking with my nephew and wife about my purpose of visit.

**(21/05)** I had fellowship in the evening with the family and the neighbours. We did have a blessed time of evening fellowship. Especially as I was sharing on being special in God's plan of creation.

**(22/05)** We did have our last fellowship with the family here at Buin. I shared on: "The Two Types of Builders"

**(23/05)** I was supposed to travel back to Arawa but it did not happen cause there was not any PMV available, so in the evening we saw a video of a 2011 Winter Camp of the Cloverdale called: "Fulfilling your Scripture" It was really a blessing knowing that we are part of the Word and the Word came for the Word.

**(24/05)** We spent the whole day just at home till the evening, watching the End Times PowerPoint presentation and sing-along videos by Ron Millevo.

**(25/05)** I travelled back to Arawa by PMV. We did arrive safely in Arawa and it only took us 2hrs. We had fellowship at my niece's place. Those present was my niece's husband, his mother and a cousin brother.

**(26/05)** Back to Buka by PMV. It took us 4 hours to travel. The travel was really bumpy due to the rain, but praise the Lord we arrived safely. Bought my ticket to travel back home [Rabaul] tomorrow at 4pm

and arriving in Rabaul at 8am on Thursday morning. The trip back to Rabaul was calm and I'm now back with the family here in Rabaul.

A special thanks to all that have been praying for the trip and my encouragement is that we continue to pray for those that I came in contact with and continue the follow up with as we can see the opportunity there is to reach the Bougainville people with the Message of the Hour.

There were certain things that I did not do that should be done, such as the approaching the radio station to broadcast the Message of the Hour. I was unable at this time due to the Radio station covering the counting of votes in their elections.

By actually going and observing, I see that there is work to be done here at Totovel, the province, the regions and the nation of Papua New Guinea.

I have to follow up on the airing of the 30 mins Segments of Messages on our Radio Station here in East New Britain. Please continue to pray for us.

All honour and praise to our Lord Jesus Christ.

## The Acts of the Holy Spirit in the end-time Bride

The influence for the work of the BNL is taken from the Book of Acts. The Spirit of God not only orchestrated the Acts of the Apostles, but He recorded the key points for our eternal benefit. The vision today is not only local but it is also global and we have the means to keep up with it.

By the Lord's grace we can use the gifts we have to bless the global Body of Christ with accurate and current testimonies. This current information of what is happening on the mission fields can stimulate accurate spiritual burdens in the hearts of God's prayer warriors across the earth.

Our desire is to see people aware of what is happening and be greatly encouraged to see that we are still in Bible days and the Book of Acts continues on today! Knowing what our brothers are doing in the middle of some far away jungle can bring us into a channel of fervent effectual prayer. **This can be a great blessing indeed so make the most of it.** Knowing that God does lead His great network of prayer warriors, we still need to report on what is happening so we can enter into the specific burden with those involved. We have the opportunity to both pray and support these gallant efforts as we are led of God.

Let's work together as we trust in the Lord to bring this work to its potential. If you have any testimonies or news to share of what the Lord Jesus is doing in your midst, we would love to share your blessing with our beloved family.

We can take advantage of this high tech age and keep each other well informed of God's amazing grace as He literally manifests forth His glory in our lives on a daily basis all over the world.

We would especially like to hear about the mission work in your nation so please share today. You are a continuation of the book of Acts! Let's share this act of faith and see what God will do through it.

God bless you, Brother Andy Clifford,

## Supernatural testimony of Gods leading:

A few weeks ago the Lord impressed on my heart to post the following article on the social media. That very night I was completely frustrated and not in any mood to do anything. The Spirit of God then revealed to me that the reason for the pressure is because I NEEDED to design this article. The pressure lifted as I began the design work, in fact the article came together with ease. The next day whilst driving I noticed on the billboards, "San Andreas in Cinemas May 28". Without me knowing, it was the very night God led me to do the post. Praise the Lord!

2000 Years ago California was prophecied to be cast into the sea in Revelation 18. 1965 years later William Branham again prophecied this cataclysmic event when preaching in Las Angeles "Thou city, who claims to be the city of the Angels..." WHY DO YOU THINK SATAN IS MAKING ALL THESE MOVIES ABOUT THIS? It's to desensitize the world to what is about to take place FOR REAL... mark my words

SATAN KNOWS THAT WILLIAM BRANHAM WAS TELLING THE TRUTH!

Revelation 18:21 "And a mighty angel took up a stone like a great millstone, and cast it into the sea, saying, Thus with violence shall that great city Babylon be thrown down, and shall be found no more at all."

A millstone was the centre of life for a civilisation - California is the centre (millstone) of western life and is the epicentre of all debaucherous music and entertainment... Her judgment is coming soon - she (the millstone) will be cast into the sea as the movies are showing. This will destroy many other nations also with tsunamis.

In Scripture, California is depicted as the second city of Babylon which is the second seat of satan. Many have heard the popular song: "Hotel California" well this is speaking of satans palace in California. Mirrors on the ceiling, The pink champagne on ice And she said "We are all just prisoners here, of our own device" And in the master's chambers," (Lucifer) "They gathered for the feast, They stab it with their steely knives, But they just can't kill the beast Last thing I remember, I was Running for the door" (realising the worship of satan was no joke) "I had to find the passage back to the place I was before "Relax, " said the night man, "We are programmed to receive. (this whole world is) You can check-out any time you like, But you can never leave!" (only through the blood and mercy of Jesus Christ) Through this second seat of babylon, satan has used music and harpers and pipers to seduce and assume control of the entire world as you will read now...

Revelation 18:22-23 "And the voice of harpers, and musicians,

and of pipers, and trumpeters, shall be heard no more at all in you; and no craftsman, of whatsoever craft he be, shall be found any more in you; and the sound of a millstone shall be heard no more at all in you; And the light of a candle shall shine no more at all in you; and the voice of the bridegroom and of the bride shall be heard no more at all in you: for your merchants were the great men of the earth; for by your sorceries were all nations deceived."

The Bridegroom is Jesus Christ and the Bride is His true reflection, His true Church who walk in oneness with Him through His eternal unchanging Word.

Now the prophecy of William Branham in 1965:

"Look in your churches. Is it just exactly with the word of God? Have you met every qualification? Say, "I'm a good man." So was Nicodemus, and so was all the rest. They were fine. See, that don't have nothing to do with it. And women, I want you to look in the mirror, and look what God requires a woman to do, and see in God's mirror, not in your church mirror now, in God's mirror, and see if you could qualify in your life the spiritual Bride of Jesus Christ. Ministers, think the same. Do you cut corners here to save somebody's feelings over yonder? Would you do this if it wasn't - if they would put you out of the church? If you are feeling that way, my dear brother, let me warn you in the Name of Jesus Christ, flee from that right now. And lady, if you can't measure up to the qualification of a Christian, not as a nominal Christian, but in your heart and your life is patterned exactly like God's marriage certificate here says it has to be... And church member, if your church isn't like that can measure up to God's qualification of His Word, get out of it, and get into Christ. That's solemn warning. We don't know what time..."

### The prophecy:

"And you don't know what time that this city (Las Angeles) one day is going to be laying out here in the bottom of this ocean. "O, Capernaum," said Jesus, "thou who exalted into heaven will be brought down into hell, for if the mighty works had been done in Sodom and Gomorrah, it'd have been standing till this day." And Sodom and Gomorrah lays at the bottom of the Dead Sea, and Capernaum's in the bottom of the sea.

Thou city, who claims to be the city of the Angels, who's exalted yourself into heaven and sent all the dirty filthy things of fashions and things, till even the foreign countries come here to pick up our filth and send it away, with your fine churches and steeples, and so forth the way you do; remember, one day you'll be laying in the bottom of this sea.

You're great honeycomb under you right now. The wrath of God is belching right beneath you. How much longer He'll hold this sandbar hanging over that, when that ocean out yonder a mile deep will slide in there plumb back to the Salton Sea. It'll be worse than the last day of Pompeii. Repent, Los Angeles. Repent the rest of you and turn to God. The hour of His wrath is upon the earth. Flee while there's time to flee and come into Christ." THE\_CHOOSING\_OF\_A\_BRIDE LA\_CA 04-29-65 Evening

# Shalom Nursery & Primary School

*Whose MISSION is to promote the knowledge and skills of the Youth and the VISION for a better and sustainable future.*

The Objectives:

- 1) Is to help the vulnerable children who are not able to pay for there dues/fees and school requirements.
- 2) Is to help the Female Christian children( MESSAGE BELIEVERS) to keep their HAIR long in order to stand for the FAITH.(There is a rule here that all school children both boys and girls to cut off their hair or keep

there hair 1inch short.)

3) Is to help the HIV/AIDS Victims especially those who are orphans.

4) And as a missionary and a pastor of a small church may help raise funds for my missionary trips.

Shalom Nursery And Primary School Started on Feb.2012 with a population of 150 children and a teaching staff of 10 Teachers minus the Non -Teaching Staff.And currently running with a population of 450 and 15 teachers.

It is located in Busia Uganda Western Division in Solo C Village and has lasted for 4 years and so far one of the good performing schools in the area.

**Shalom School**

My wife being A teacher she used to volunteer to teach and coach believers and neighbours children and when the number grew bigger they all encouraged us to start a school.Since we did not have structures for classes and dormitories we offered our own house and turned it to a school. At the moment we are squeezed in one bed room while the children are using all the the bed rooms,living room,dining room and kitchen as dormitories. Then we use the boys quarters and temporal structures as classes.

Due to the good performance of the school in the shortest time the school has attracted many children from Far and Near thus forcing us to make it a Day and Boarding School.But due to the limited accommodation and classes we have turned away many.

Now the School faces the challenge of lack of enough Structures, such as Dormitories, Beds, Classes,Latrines,Chairs and Scholastic materials.

**Shalom School Outside**

Since the Schools aim is to help the vulnerable children it has been a challenge to raise salary payment for teachers because most of the parents are vulnerable/unable to afford even the payment of fees and the requirements yet our rates are the most minimal in the whole town. It is my humble prayer that God may open the way and we get funds so that we can support and help put up some structures to accommodate this big number of children that are struggling for a sustainable future. May God bless you as the Lord will touch your hearts is my humble prayer.

## *Mt Zion Tours* *Israel & Jordan Autumn Tour*

Dear Brothers and Sisters in Christ.

**This is an important follow-up announcement** concerning the tour of Israel and Jordan planned for this October.

We are excited about hosting this tour as I truly believe that this is one of the most significant years to visit Israel. Obviously, many others too want to visit Israel this fall.

The reason we know this is that we were recently contacted by the Israeli Tour Company. They informed us that many other travel/tour companies are going to Israel this fall. This has resulted in a high demand for hotel space.

Consequently, we are under increased pressure to confirm our reservations with names of patrons in order to guarantee hotel rooms booked for this October – or else risk losing our accommodations.

This is an awkward position to be in as I don't like to be pressured for anything – or conversely, make others feel that there is any pressure either in making important decisions. However, the reality is that there is a limit to how much longer they will hold the hotel accommodations. This is of course only fair and reasonable, especially if other firms have confirmed patrons for their tours.

As a courtesy to those who were/are considering joining us on tour this fall – but need more time to finalize plans, please take a moment to let us know your tentative plans as soon as you can, or at least by the end of the week. In this way the level of interest for the tour can be gauged and the tour company and hotels can be informed to hold our reservations.

Details for the tour again are, 12 nights – 11 Full days, 9 Days in Israel + 2 Days Jordan starting Wednesday, Oct. 7th through until Sunday morning, Oct. 18th.

Our tour begins at Shiloh, the ancient site of the Old Testament Tabernacle. This is in Samaria, the biblical heartland of Israel. From Shiloh we proceed to visit young Israelis who are claiming their rights by establishing new communities in the land God gave them. Once again we will be honored to have Rabbi Chaim Richman accompany us in Samaria who will also introduce us to his family with whom he is pictured.

We will tour many other biblical sites. Caesarea Philippi on the Coast; Mt Carmel, Nazareth and Tel Dan in the North not to mention many of the areas where Jesus ministered in and around the Galilee like Capernaum.

Cont'd...

## SOMETHING NEW THIS YEAR

What's new is a private Jeep tour on the strategic Golan Heights bordering Syria. Traveling south we will visit the Dead Sea, Qumran, Masada and other sites like En Gedi where David and his men hid from Saul. Midway through the tour we will cross over into Jordan for two days to experience Arab culture first hand. While there we visit Mt. Nebo from where Moses viewed the Promised Land; the Baptism site on the Jordan River and the ancient city of Petra, one of the modern day "Seven Wonders" of the world. Our last night in Jordan will be spent in a beautiful resort right on the Dead Sea.

The climax of any Holy Land tour is the incredible city of Jerusalem. We will stand atop the Mt. of Olives; have a time of prayer in the Garden of Gethsemane; tour the old, ancient Inner City; traverse tunnels and visit the pools of Siloam and Bethesda. The tour concludes with a special time of quiet reflection and a short service at the Garden Tomb.

### Cost Structure:

The pricing structure described below includes the service and costs for the land tour portion only. Airfares are not included due to the international clientele coming from so many different countries.

-Double occupancy; two people to a room. If you prefer a room to yourself, there is an additional "single occupancy" cost of \$870 USD.

-All transfers; pick up and return from Tel Aviv, Ben Gurion Airport; Jordan border crossings.

-11 days touring; with professional guide; including all entrance fees, tips and visa\* into Jordan.

-12 night's hotel; on "half-board" basis which includes breakfast and supper. Lunches are not included.

\*Not including Israeli visa for those few nations that Israel requires advance entrance visas for.

What is **not** included:

Other items that are not included are as follows;

-Lunch meals (approximately \$8.00/day)

-Souvenirs and personal shopping

-Medical/Travel/Cancellation Insurance

-Visa to enter Israel; depending on country of residence – some may require an entry visa for Israel. This mainly concerns residents of some African nations, some in Asia, some Central and South American nations and some Caribbean islands. **Please check this out very carefully.**

### Pricing: (In USD)

In an effort to make this tour as affordable as possible, we are pleased to provide the following graduated price structure according to the number of confirmed passengers;

-25-30 Passengers: \$2,525.00

-30-35 Passengers: \$2,450.00

-35-40 Passengers: Awaiting space & confirmation

-40-45 Passengers: Awaiting space & confirmation

Tentative reservations for 10 extra passengers have been made, so space is very limited. Unfortunately, these extra rooms can only be secured upon receiving confirmed deposits. As this is a very busy time of year in Israel, the sooner we have confirmations, the better our chances are for securing extra space if needed.

# Vanuatu Relief – Cyclone Pam

Dear Brothers & Sisters in Christ;

This all began as a result of Cyclone Pam that hit the pacific nation of Vanuatu.

Brother Justin Lane Felt the burden to go to Vanuatu not long before he & his family were due to leave on an extensive holiday in the North Island, his passport had expired & the processing wasn't completed before he left Nelson so arrangements were made to have the passport delivered to his Uncle up North in time for him to travel & The Lord made sure it all happened.

Brother Gavin Newport also felt the burden to go, but a whole series of events had to happen for this to be possible. The Lord took all of these things one by one & made it possible. This was to be how it was the whole time for both Justin & Myself from leaving to returning to Nelson & our home fellowship of Nelson Bible Believers. The Lord Jesus Christ had all things under His control.

We flew to Port Vila where we were met By Pastor William Frank along with 2 containers of tools, 2 ladders, a tent each and enough food thinking that we would have to 'rough it' not knowing what we would find when we got there. However, the first night we were there after Pastor William's fellowship had fed us and made us most welcome, we retired to our very well appointed guest quarters, a few minutes after lying down a demon possessed dog started patrolling from just outside the back window to the front door & back several times, so it was obvious that we had stirred things up in the spirit realm. We got down in prayer, over the next few minutes the dog was delivered & doubtless its owner as well. Pastor William was not surprised when we told him the next morning saying that voodoo is rife in Vanuatu.

Brother Adrian Gray had been in Vanuatu until shortly before we arrived and he recommended that we go to the village of Ipota on the island of Erromango, Pastor William was very patient as he drove us around on the wrong side of the road, buying the many things needed like chain-saw chains, replacement tips for the blade and many other things, as well as rice for Port Narvin

and Pastor Silas Nilwo's community at Ipota.

We flew out of Port Vila in a twin otter loaded with our supplies, over 220Kg of rice & 3 other passengers. We were in a thatched "guest" hut, the first visitors to use this since Cyclone PAM. Just prior to our arrival, a team of local school children had been put to work pulling on ropes to straighten all but the seaward-end of the leaning structure. We brought with us a 12 x 7.2m tarpaulin which was also fitted over the damaged thatched roof to protect us from any heavy rainfall.

We took a "banana-boat" trip around to Port Narvin. These boats are purpose-built, rugged, , and have an essential feature of a covered bow cargo hold, keeping bags of rice etc. dry from the often violently rough, breaking seas. We experienced up to 3m swells by estimation on our trip. While in Port Narvin we assessed the needs from food & replacement materials as well as quite a few tarps, it is expected to take 2 years for thatch to re-grow.

One garden that we visited about 1.5km from the community it served, was strewn with wind-blown trees and branches, calling for clearing of the many "one-man

tracks" joining such gardens to communities, and between villages.

This larger saw had a totally slogged-out rotary tip which Br.Gavin changed out with a new replacement tip,(as shown in the above photo) Thus it was left ready for free-hand rip-sawing of wind-blown coconut tree trunks – the delay being a long wait for a new chalk line to pre-mark the sawcuts. Use of this , already wind-felled local building material for reconstruction of damaged homes, building of replacement church etc is a good use of local resource, which would otherwise eventually rot and go to waste.

Along this line, Chief Silas owns family land from Ipota all the way back into Williams Bay – a vast area with much wind-felled kauri now down on the ground, among other varieties of native timber and the much sought after sandalwood trees. There is no restriction on logging out wind-blown timber, which only lasts up to two years on the ground. The land between Ipota & Williams Bay has been handed down to him, by inheritance, and naturally, he feels the responsibility to handle this huge dilemma appropriately & with Christ's coming so near,please pray for him in the decisions ahead

Chief Silas's community local Store, complete with 12 watt solar system, running lights and a large icebox, provides freezer space for locally hunted meat and fish etc... This system was not running properly on our arrival and Bro Justin was able to correct a number of issues including the solar regulator the roof mounted panels, and corrosion issues etc. .... Bro Justin was alerted to the problem by Sister Jacqueline that "the icecream is going soft can you help?" An abandoned charger that had been sitting out in the weather was checked over, and run up on a very clapped out portable generator that Bro Gavin got going again in the end as a result of both Pastor Silas & Gavin praying over it. With reduced output, and running hairily, for about a day or so during a rainy patch – then after this the rehashed solar panels and regulator

were able to take over. Sister Jacqueline was all smiles when she lifted the freezer lid & was met with the required cold front once more. All things that required a mechanical touch fell to Bro Gavin like cement mixer that hadn't gone for 2 years etc.... to all things electrical & electronic that fell to Bro Justin's God given genius & there were many like the radio installation for the airport,Pastor Silas's Cd player etc.....Jesus Christ allowed all things to work

The first ship coming to Erromango, finally left Vila on about Tuesday 21st April arriving overnight at Williams Bay, then on to Bongil, and South Reva. It broke down & was towed back to Vila with Ipota's rice shipment, so the rice we'd bought had to last. The Nilwo community were eating handsomely and feeding us very well with local wild pig kept fresh in the large solar-run freezer, Although all hungry chickens had long stopped laying eggs, there was a supply of fresh fish, unsuspecting chickens, yam, taro, manyoak, island cabbages, and even some banana able to be salvaged from blow-downs We were also privileged to be treated to another highly sought after speciality dish of Erromango, Tuluk.

Yet while we ate very well with only one of the Nilwo communities 4 seaside and 3 hillside gardens being lost to the storm surged waters, many other families are still very dependent on Relief Supplies. We both experienced many instances of God's intervention in supply of material needs, personal physical healing, and arranging of circumstances beyond our control. Mathew 19v26 Even to delaying of flights and Air Vanuatu schedules in order to allow us to accomplish more for His Glory.

(We are impelled to say that these things are not by us - it's the Power of Christ Quickening our mortal bodies {Rom8v11}. Bro Justin was 'done' by the end of 2012, swamped in overwhelming depression, with exhausted energy, and hardly able to face odd-jobs at home, let alone abroad (which required additional planning, problem-solving and stamina). By a miraculous Deliverance from a fogged mind, with the accuser bringing on sensations and fears of heart-attack, Bro Justin experienced a Supernatural "Reconditioning", and life became a "new day". )

Perhaps a later edition of BNL will allow him to elaborate on this journey to Victory, for the Glory of our Risen Lord Jesus Christ.
