Mongolia Missions Sponsored Prayer

Dan and Andrew Fehr's mission trip to Mongolia. Europeans called them 'Tarters" - "people from Hell". One reason the Great Wall of China was built was to keep these wild, untamed savages out

of their country. It is much different today. Now we are breaking down spiritual walls to get the original gospel in.

We spent 4 days in the capital 2 days train ride

city, 7 days incl to the Russian border of Mongolia. Visited 3 villages, 5 days in Ulan Bator Capital City, 8 days and a 1000

mile trip to West Mongolia "Khovd" our translater Nancy's hometown. Returned to capital 3-4 day trip to villages outside city. Keep us in prayers

These faithful workers

We ask you to commit to praying for them for a year on a daily basis. We will send you a photograph and a list of prayer requests. Pray over these requests daily, as well as for what the Spirit leads you to pray for.

Kenya – Easter Mission 2015

"Flight SA 184 Is ready to depart fro Nairobi. Will passenger Richard Oliver please make your way to Gate 8. You are the last remaining passenger and all other passengers are wait—

ing for you. The gate will close in two minutes!" I had heard others being called like that and had scorned them for their selfishness. God has a way of humbling us and this was one of His ways of dealing with my bad attitude. I wondered why God would want a third rate message teacher from New Zealand to travel to Africa. I can't fathom that, but I have to trust that God knows what He is doing.

The Eltham Message Church web site (www.messagechurch.com) had attracted some non message believers over the past few years. Two pastors in particular, Vane Obure and Josephine Omari had kept frequent email contact. They,

and one or two other contacts were all living near the town of Ogembo in western Kenya. This Message calls predestinated

children of God out of Spiritual Amnesia so I have no problems with speaking at

churches not run on Message lines. Those last few sheep may be in those groups. I felt to visit Ogembo to teach the little I knew.

It is never easy to be certain of leadings. However the Christian walk is one of faith, not logic and certainty. I decided to visit Ogembo over Easter 2015.

Such a visit would cost our small church a lot of money. Economy airfare alone was around \$3,400. On Monday 30 March I began my 38 hour journey to Nairobi via Auckland, Perth and Johannesburg. 17,000 kilometres later I was sharing Message concepts with seven pastors over supper in a rather warm and bustling Nairobi. They all turned up the next day for a hotel breakfast too!

One of the striking differences between African countries and the West is youth and vitality. The median age in New Zealand is around 35 years. In Kenya and Uganda it is around 16.

From Nairobi, Vane Obure and I headed west. Vane's Uncle Joseph drove us in his car. The others followed in another car. We crossed the Great Rift Valley and passed the Masai wild life park. Speed humps and pot holes are the bane of motoring in Africa. And locals add their own home made

speed humps especially if there has been an accident. We struggled with one that a Land Rover would have difficulty with and damaged the car, an extra expense for me!

My base was to be the Samita Lodge about 5 minutes from Ogembo in one direction and some 25 minutes from the larger town of Kisii in the other. Brother Victor from further north met me there as arranged.

Ogembo is a small Kenyan town of around 1,900 people but this is not a western country where most people live in

cities and towns. There are some 10,000 people living on family land within a 7 kilometre radius of this small town. In other words about 80% of the population live on the land with lots of small villages scattered around. Ogembo itself is just south of the Equator and is 5,400 feet above sea level,

quite near Lake Victoria.

The area around this small town in western Kenya is hilly. A patchwork of individually owned plots of ancestral land rise from the valleys and lower slopes to smooth topped hills.

These plots of land grow tea, coffee, banana and sweet potatoes as well as many other staple foods such as maize sugar cane and beans. The plots of

land are worked by families living on subsistence level farming.

It was good to be back in the area for the second

time. This time I had arrived in Ogembo at the coolest time of the year with temperatures dropping to around 20 degrees C

at night and rising only up to 35 degrees on the warmest days. April is also the beginning of the rainy season. And

it can really rain! Towering thunderclouds, incessant lighting and thunder are an almost daily occurrence. Fortunately these daily storms are reasonably predictable. They often start from about 3PM. This allowed time for two church services a day. As long as we were off the country roads by 3.30, we were unlikely to get stuck in the cloying red mud. The sealed main roads are, with some qualifications, very good. This was the first opportunity for Victor and I to make our Kisii/Ogembo mission trip that we had planned together in 2009.

Thus began an eleven days preaching and teaching schedule of 21 services in Kenya. Outreach had been done in the Ogembo area before by Kenyan Message churches but sometimes a visiting minister from overseas, especially if he has a different accent and a different coloured skin, can

make even more of an impact. Also, by link-ing with Brother Victor from Funyula Message Church, we offered longer term and ongoing Kenyan spiritual support.

The churches themselves were often, though not always, small; around 12 adults. They met in gardens, under an avocado trees

or in home made wooden and corrugated iron structures. The shelters generally had mud floors and, as I pace about a lot while teaching, the

Josephine, Richard, Douglas

red earth had a habit

of building up on my shoes until they were almost

too heavy to lift!

There was also a couple of single course brick buildings with a corrugated iron roof. These had lovely dry concrete floors.

I had prepared a stack of short subjects to teach. These were introductions and simple Message lessons such as; "One God", "Before Genesis

1", "Old Testament Parables" and a particularly popular teaching on the Sabbath. The Seventh Day Adventists are numerically strong in the area. Their demand to keep Saturday as the Sabbath seems reasonable to those people whose minds tend to law instead of grace. Our Message Sabbath teaching was very popular and relieved the minds of many. I mixed these and other subjects as I felt led during the services, often using no notes. I felt the anointing many times. Meetings generally went very well unless I used my own logic beforehand to select and pre plan the subject matter!

Sister Josephine's was the largest church gathering of those around Ogembo and was held in her garden area near her house on Good Friday. Brother Vane's church had four services over Easter Saturday and Sunday. These services were also held on land near his house. One Saturday service included a question session. One question required the teaching of Serpent Seed.

Knowing this subject had caused contention in many non message churches I started with Matthew 13, the parable of the tares and the wheat. Jesus Himself explains that the wheat are the children of God and the Tares are the children of the Devil. Once the concept of two lines

of children was accepted as

from Jesus it made the events of Genesis 3 more acceptable to many and not a contentious issue at all. Easter Monday we visited Brother Douglas's home church and orphanage where the singing and music was some of the best I have heard.

After a busy Easter, Tuesday was to be a rest day. Seven local pastors wanted more in depth teachings on the Seven Church Ages so Brother Vane arranged a special extra

meeting for me to teach on that subject on my day off! Wednesday services were at Brother Jorom's church.

On Thursday we went to the village of Sengera. The road was so

muddy the car couldn't cope so we continued as passengers on the back of motor bikes. There were three of us on one 125 cc motor bike. We only fell off once!

After another service at Brother Cosmas's church in Sengera on Friday we left the Ogembo region to head north, through Kisii, crossing the equator and

passing through Kisumu to Funyula. It was about a four hour drive. Funyula is a small country town in far flatter and less productive land than that at Ogembo. It is also very close to the northern end of Lake Victoria.

Brother Victor is Pastor of Victory Valley House, the Funyula Message church. From this point on all meetings were to be in Message Churches. This re-

quired a consolidation of subjects into deeper messages. The key subjects became Love, The Torn Robe of the Ephod and Seeing yourself in Scripture.

Respect for elders is strong in Africa and there are many pressures on people and ministers in the Message to conform and come under authority of "Elder" ministers. Several ministers told me that some older Pastors had forbidden them to attend my services. Pastors had also felt forced to preach only as instructed by "more experienced"

pastors. I therefore included parables about King Saul throwing spears from the pulpit at young Davids!

To minister means to serve. One of my pet subjects is Jesus' question of who is greater, he that sits at meat or he that serves. Fortunately Jesus answers that question Himself. It is he that sits at meat. It is like at a restaurant. The customer is king. Us pastors, teachers evangelists and others are only the cooks preparing the spiritual food and the waiters serving it. To confirm the place of the ministry I included Boaz's instruction to his reapers concerning Ruth, "Don't touch her!"

I also warned that people are often lazy and want someone other than Jesus to lead them. They want someone to tell them how to do things and fight their battles for them. I took the parables of Israel refusing to listen to God at Mount Sinai. I included the similar story of people wanting a king from 1 Samuel 8. These were the scriptural warnings about following men instead of following Jesus Christ and aligned with the middle verse of the Bible. "It is better to trust in the Lord than to put confidence in man." (Psalm 118 v8)

Funyula was the last church I visited in Kenya. On Monday we drove to Busia where we held a service at Samuel Otaget's church. Busia straddles the border between Kenya and Uganda and the economic difference between the two countries is

very noticeable within the town. Kenya is by far the richer country. However Uganda is improving and has a more active and successful attitude to terrorism. The Kenyan University at Garissa was attacked and students shot while I was in that country.

Punjab Province, India

March-April 2015; Region: Nurpur Bedi

We praise God for opening another new door for us for the mission work in the city called Nurpur Bedi which is a famous place in Punjab situated near Himachal Pradesh state. Lord made a way and we could arrange one day meeting at

this place, this was the first open meeting where all were welcomed from different religions and denominations. Though the majority is Hindu in this town and the situation is unfavorable but Lord is enabling us to run the ministry in

this place.

There is only one family in this place who believes the Message and by their help we hired a big hall and conducted a one-day meeting. The response was good therefore we plan to have the meetings on reg-

ular basis there. One pastor (above picture with turban) by the name of Sohan Singh has accepted the Message from Pentecostal faith.

Please pray for this newly started work, Brother Jagtar Singh is doing the follow up work there.

Machhiwara

Machhiwara Sahib is one of the holy cities for Sikh peo-

Guru Gobind Singh (10th and last guru of Sikh) and named after the Guru's feet that are compared to the lotus flower.

Bro Ashok is converted from Hinduism and he had a great burden for his rela-

tives and friends to tell them the salvation through Jesus Christ. He did a great job in making excellent arrangements for one day meeting and invited his relatives and other people from his neighbourhood. We are grateful to the Lord for one young brother Vinay Bhatia who came forward to receive Christ as his personal Lord and Saviour. Now he is witnessing about Jesus to his parents who are high caste staunch. Hindu.

It was a great joy to see Sikh people came and hear the Word of God. Some of them heard about Jesus Christ first time in their life. Many were prayed to receive their healing.

Bro Ashok shared his testimony very boldly and explained every thing why he became

Christian what he was when he

was a Hindu and what he is now in Christ. It was a powerful and encouraging testimony. We give thanks to the Lord that following week 7 baptisms took place. Bro. Manohar Masih baptised the believers including Bro. Viney Bhatia.

Bro Ashok testifying

We can say that the Lord is performing a silent revival in India through our ministries. Though the oppression is great because of the Hindu government (BJP, RSS) but Lord is increasing our ministry. So when the evil forces raise their voices and ill-treat the real people of God and cover the realities, we need not bother. Just ignore, because they do not know what they are doing.

The Lord Jesus has opened

a new door for us to share this glorious Message among the Pentecostal people. There is a Pentecostal CHRISTIAN YOUTH GROUP in Dhariwal Rania in the district of Gurdas-

organized two days (April 28, 29) convention at their place called DHARIWAL RANIA. Lord

led me to preach on the subject of DISPENSATIONAL CHANGE. Some 500 people attended each meeting, a couple of Pentecostal Pastors did not come next day but the peo-

ple were so hungry they heard and received the Word of God gladly.

We had prepared a team to distribute the books and other Message materials. Around 1600 books were distributed; beside this we give them Message calendars' Book Marks.

Bro. Branham's Audio Sermon CDs etc.

God for granting such a grand success in the convention. We are expecting a big harvest in this area. Thanks very much for your sincere prayers for the event. I am pasting some more pictures from the convention.

Printing Message Books Update

As the primary objective of this ministry is to reach the people with the Gospel of Jesus Christ, the publication and distribution of the Message books, tracts and duplicating the audio Sermons of Bro. Branham play a primary part in this ministry.

The publication of the Message into Punjabi language and the wide dissemination of it is only

for the furtherance of the Gospel. This is meticulous task which is accompanied by the sincerity and dedication of the six translators who are engaged in this process.

The Lord was gracious that we were able to deliver the Message books faithfully into the hands of the ministers and believers every month promptly and perfectly. The round the clock operation of the dedicated ministers only reinvigorates the ministry to do great and profound things for the Lord.

We were able to print and distribute THE MESSENGER magazine on the life and ministry of our precious Bro William Marrion Branham in Punjabi language last month. This 40 pages Magazine is a very effective & helpful tool to witness the ministry of Mal 4 among the Pentecostals and other denominational churches.

WE ARE GOING TO PRINT REVELATION OF THE SEVEN SEALS BOOK IN PUNJABI LANGUAGE THIS MONTH- NEED YOUR PRAYERS.

We pray for you and love you so much. Kindly uphold us in your prayers. We solicit your response for this Mission Report.

THE BOUGAINVILLE TRIP. [13-27/05/2015]

This trip is especially towards my extended family in Buka (my sister and her husband), in Arawa (niece and her husband), and in Buin (nephew and his wife). The purpose is to introduce the Message of the Hour. Not only to them but also those that comes in contact with me as the Spirit leads.

I arrived in Bougainville on the 13/05, though I had second thoughts of not coming due to the elections. During the evening I had a meeting with my sister, and briefed her about my trip.

The first day (14/05) we had fellowship, there were 6 adults and 7 kids. These people are Roman Catholic by religion. During this meeting I shared on the love of God. I shared what had happened to us, how that God has to come in the flesh and what our response to that is, which is to give our lives to him to [new birth]. We had a great time in the Lord.

During the second night [15/05] I shared about Rom.4:1-25(13-25) telling the people that we must have faith in the Lord, because what God said does not return void when we believe and know that God has the power to back it up.

During the day I met up with two brothers of the Oneness (united Pentecostals international) and had a conversation with them but found out that they do not recognise the prophet and that they must be a denomination. Pray for God's wisdom in dealing with people who say that we are of "one faith".

Message of the hour to my niece and came across reading about the Trinity and she asked me

16/05. I went to Arawa. It was a 4hrs journey. Praise the Lord I arrived safely. I briefly told my niece [Lydia Norg] of my purpose of coming and arranged for the fellowship nights.

17/05. I gave copies of the about it and shared to her about sharing and believe that our Lord more to her as she continues to Had fellowship during the us being created in the image about the importance of living the Word of God. I also made Police Station and have fellow-

May 2015 - Brother Emos Malalia

This update report is from our recent correspondence with Brother Peter Golay in Kathmandu, Nepal

Update received 12 May 2015:

Greeting to you in the precious and holy name of our LORD Jesus Christ.

On Friday and Sunday we went to Sindhupalchowk (most affected area, it is in first rank which is affected by earthquake) where two families of our believers are there living in tent, we went and distributed the:

- 1. Four sacks of rice of 30kg which cost Rs 40.3\$US each (Not original rate, increased due to earthquake, shortage)
- 2. Daal (Nepali name)
- 3. Bhuja (Nepali name)
- 4. Hand soap
- 5. Paracetamol and medicine for diarrhoea
- 6. Daalmote (Nepal Name)
- 7. Chiura (Nepali Name)
- 8. Noodles 4 buckets (Each bucket consists 10 noodles packet)
- 9. Clothes
- 10. Tents costing (20.6 \$) and many others.....

Our bus (Micro van) fare to go to Sindhupalchowk, Jalbire it cost Rs.240US\$ for two days carrying all the food stuffs.

In the same village the local people (earthquake) has robbed the different organization who are working on relief work for earthquake victims there so we had to go safe in that area and Lord took us safely and we were able to distribute the foodstuff and clothes.

This people are very much thankful to all the brethren's, with their help these believers of Sindhupalchowk are able to eat.

When we reached there, the children of our believers were running and following the van to get the food. To see their condition is heart breaking, so this help is a great help for the believers of Nepal.

This time our help goes only for the believers of Sindhupalchowk. We didn't distributed to believers of Kathmandu and we ourselves didn't use this money for our own relief. Next time we will be distributing the food stuff for the believers of Kathmandu and for us.

We are very much thankful to all the believers for giving tremendous help in need.

We all are living in the same situation, having lack of food, clothes, medicine, tents etc...

Your next help will goes for the believer of Kathmandu, the believers are more in number here, and needs are high here.

We are very much thankful from our heart to you and the brethren who are working to help for us. This is Brotherly help and this is what we need in this hour, and to uphold one another in faith. Your help and your labour to give relief for the believers of Nepal is tremendous help for us and for this there is reward for all the brethren. God Richly Bless you,

Brother Peter Golay

Kathmandu, Nepal

Nepal Update received 15 May 2015:

Greetings to you in the precious and holy name of our LORD Jesus Christ.

Although people of Kathmandu are in bad condition, firstly we decided to use the fund for only the believers of Jalbire (Sindhupalchowk the most affected area) they are in very high need and required quick help because almost no houses are left there and people are badly affected and being hilly area there is landslide problem too. This time we have helped them with food, tents, medicines, and some clothes. The next funds that we will receive from the bank we will use for the believers of Kathmandu (third most affected area), now we have to buy the food for the believers of Kathmandu, this time we are compelled to buy the foodstuff, clothes, medicine at any rate though it's much more expensive than that of before earthquake, so we are using the fund for relief work only.

The second earthquake on May 15 has destroyed many houses again and many people lost their life, the situation is worse than before.

The rented house that we were living is totally destroyed and our things in it are no more. What we have in our tents is now all we have left, to recover back it is very hard for us now, as well the church house is in critical situation. After a few weeks we will have to look for a church room, and rooms for ourselves in safe houses which are not so much affected by the earthquake. Temporarily we have to do fellowship in tent.

Please brother, whoever have sent the funds it will come safely, and give our great thanks to them, because I may not able to write to all the brethren's due to network problems and other circumstances.

Please Brother I want you to know that we are very much thankful to you and all the brethren for labouring to uplift the Bride of Nepal in this difficult situation. The relief funds that you have sent has brought the tears of happiness in the faces of the believers of Sindhupalchowk. This help is tremendous relief for the believers of Nepal. The help of the brethren's from different country has reflected the love of Christ and it inspire us and strengthen us to do his work in every situation, to Him be glory for that, "Blessed are the pure in heart: for they shall see God." (Mt. 5:8).

I am thankful for all those who are actively participating in this relief work, which this is the great example of love. May the pleasure of God rest upon His people.

God Bless you all.

Where We Are At Brother 7im Pruitt

Again the Token Seal is the Protection agent against the demonic influence that is coming upon the world today and to them it was given that they should not kill them but that they should torment them five months and their torment was as a torment of a scorpion when he striketh a man and in these days shall a man seek death and not find it and shall thus desire to die and death shall flee from them and the shape of locusts were like horses prepared unto battle and on their heads were crowns of gold and on their faces were faces of men. These

were supernatural demons. They had hair as the hair of women and their teeth were as the teeth of lions.

The Prophet tells you the reason why they have hair like the hair of women and their teeth were as teeth of lions. The Prophet tells us that the reason they have hair like the hair of women was, they were actually tormenting those that were cutting theirs off. And he said they had a breastplates as breast plates of iron and the sounds of their wings were as the sounds of chariots and many horses running to battle and they had tails like scorpions and there were stings in their tails that would hurt men for five months and they had a King over them which is the angel of the bottomless pit whose name in the Hebrew tongue is Abaddom, but in the Greek tongue is Neapolitan.

Now, listen, Church, we are seeing here an invasion, an invasion that is coming upon mankind and I am going to tell you something – if we would read and we would go further into this chapter, you would see that these spirits that were bound in the Euphrates have already been released and that these demons have been gathered = billions of supernatural demons, an army that is coming against the people in the last day.

The host of hell: 'Host' in the Bible means 'army'. Armies of hell and here they are. They've got the leader on them. They've got the king of the bottomless pit. I tell you what – that's not my King! He's not my ruler. He's got no power! I want it to be said. It was said by Jesus, 'the prince of this world has come and he has no part in me!' Amen! I believe there's a people on earth that will be able to say 'he's come, but he hath no part in me. Amen. His call does not call me. Amen. I'm not dancing to his music. I'm not marching to his drums. I am not following the commands of his prophets, but, Hallelujah! I belong to another army! Amen!

I'm of another kingdom and I've been joined also against this army of hell. Now, Brother Branham, back early in his ministry, and I think it was either

1955 or 56 – I looked it up this week and just kind of read through it this week. He read through the invasion of U.S.A. He was not talking about Russians invading us and you know, that was the big thing in that day. You know, Russia was going to invade America and they were so afraid of war and I guess the Korean conflict was going on and maybe all kinds of communistic influences at that time and vou know, at that time, this Prophet stood and said. 'Don't even fear communism. It's not the one to be feared. You fear not the iron curtain' You fear the purple curtain. It's the one with the power in this world and again he began to talk about the demonic influences that had invaded the government, the home, the family structure and literally hell has been given authority, as you see, the key was given authority to come into this dimension and began to create it's atmosphere = it creates it's atmosphere in people, in homes, in churches, in schools, in governments, in nations, in the world.

Now, I want to share with you a little piece. I'm not much of a news reader. I don't stay up with it. But I was going through some of the news the other day to try and catch up on current events and I came across this article that had been written and it was there in the news what we have been talking about, how in America there is so much transformation which America is undergoing that everybody knows there's terrorism and chaos and fear of the future and it went on to say that with the aid of Obama, America is going under a fundamental transformation and that much everybody knows and what few seem to realize about this transformation is that the sheer stress of living in today's America is driving tens of millions to the point of illness, depression and self destruction and they were given the stats on some of the things and suicide has surpassed car crashes as the leading cause of death for Americans.

What's more disturbing is that in the greatest Military, more soldiers die by suicide than by combat. Only one third of the nation's employees suffer chronic debilitating stress and more than half of all them aged 18 -33 years old, experience a level of stress that keep them awake at night, including large numbers diagnosed with depression or anxiety disorders.

The shocking new research from federal centres for disease control/prevention shows that one in five of all highschool children in the United States have been diagnosed with A.B.H.D and likewise a large new study of New York City show that one in five of pre-teen children aged 6-12 have been medically diagnosed with ABHD, depression or 'bipolar disorder'.

New research concludes that stress renders people susceptible to serious illness and a growing number of studies now confirm that chronic stress plays a role in the progression of cancer, the nation's second largest killer. The biggest killer of all is Heart Disease, which causes one in four deaths in the U.S. and is known to have a big stress component. And of course, you know, Jesus told us clearly in Luke ch 21v26 that men's hearts would be failing them for fear and for looking for those things that are coming on the earth, for the powers of the earth shall be shaken. And if you just read Rev.9, you can just see the powers of heaven shaken where an angel falls to the bottomless pit. He doesn't descend, he falls and then he's given authority to unlock hell and out of hell then comes all these supernatural demons.

I know you are waiting for that to happen and say, oh that will happen in the tribulation. It's already happened and it's already affecting the world because I'm telling you, the death angel is already beginning to ride and permeate the society around us, the homes around you, the world around you.

Incredibly 11% of all Americans aged 12 and over are currently taking SSRI Anti depressants of these highly controversial mood altering, psychiatry drugs with the FPA Suicidal Warning Labels and the warning correlation with school shooters! Women who are especially prone to depression, with a stunning 23% of all American women in their 40's or 50's, almost one in four are now taking antidepressants, according to a major study by the CDC.

Out of that, tens of millions of users of all different types of psychiatric drugs including – just pick one – the 6.4 million American children between the age of four and seventeen are diagnosed with ADHD and

prescribed allinalin or some other similar stimulants, throw in 28% of American Adults with a drinking problem. That's more than 60 million, plus 22 million using illegal drugs like marijuana, cocaine, heroin, inhalants and pretty soon a picture emerges of a nation of drug takers with hundreds of millions dependant on one toxic substance, or another, legal or illegal = to help them deal with the stresses of life.

By the way, things are no better over the pond. Maybe worse, according to a major study that concluded almost 40% of Europeans are plagued by mental illness. They say, 'What on earth is going on?' Why is it that Medical science or for that matter, scientific or technical innovation is in every area of our life? Reducing our stress and lightening our loads. Why doesn't the magical availability of the world's accumulated knowledge and links to the internet make us more enlightened and happy? Why is it, instead, that more of us are more stressed out? And be on a collision course with illness, misery, tragedy and death? 'Life is difficult', wrote a psychiatrist, Mr. Park at the outset of his international best seller, 'on the road less travelled' and stress, difficulties, disappointments, accidents, disease, misfortune, cruelty, they are all unavoidable in this life, yet during eras when society and families had stable, unified and fundamentally decent and morally safe lives, as were Americans in the 1950s, it was found that the stress level for each person was minimized or at least not compounded by a perverse society. Conversely, as it is today, when we have widespread family breakdown, a depraved culture that mocks traditional moral values, a chaotic economy and a disintegrating monetary system and a power mad glut, dominated by demagogy and psychopaths, the normal stresses of life are greatly multiplied. Thus it has come to pass that America, long the hope of the world, has grown increasingly dispirited and angry which in turn, breeds in society, fear and confusion, hopelessness and confusion. And they go on to talk about our President and they quoted Ross - who said, "He wants them to snap." And we are being pushed as a nation and as a people, to breaking point! This is the world we live in today. This is the effect of all that is going on in the world today, as Satan is now poised to become the king of the world. We can read it in the Bible where the beast will reign and soon.. And I'll just tell you that God has invited Satan to this world. He has invited Satan to have an Eden. He has given him permission to reign for a time. He has given him authority to bring hell on the earth because this God knows, that no matter how evil things become and how bad things are, there will be an Elect whose names are written in the Book of Life from the Lamb slain,

from the foundation of the world, which he <u>cannot</u> deceive.

We are talking about a people who are called in this day who will NOT fall for Satan's lies, but will turn his lies down – who have already been seen in His Mind before the world began. When the Lamb was slain before the foundation of this world, in His Mind, He saw You! And You! And You! And You! In the Victory that He accomplished at Calvary! And here you are in time doing what you did in Eternity!

I think my mind goes back to that other Exodus when He was making an escape for His people. Listen, that's what the rapture is. It's an escape. Amen and He made the way through the Red Sea. Come on, Church. And then He lured/invited Pharaoh and all his army. Come on down, boy! Follow us through the Red Sea! Follow us through the changing of dimensions. Follow us - here and there. They followed and their chariot wheels get stuck and the next thing, the waters come upon them. All impersonators began to drown. And on the other side the children of God had taken an old tambourine and they were having an old fashioned meeting, looking there and seeing their enemy dead. That slave master who once whipped them, who once beat them – those rulers which once ruled them were now dead! In the Red Sea. And I tell you what, this scene is being replayed again. Little Hitler didn't learn that time. His hell is right here because we are being poised for the battle. And there are a people who are fixing to change dimension and will come back with Christ in Revelations 10 and will defeat him and his kingdom! ♦

May we ask for **special prayer** for **Bro Malcolm Ferris**, who is going on the 29thMay to minister in the South Pacific again - this time Niue Island. Prayer will be much appreciated by Bro Morris Tafatu and the precious saints.

This year, while talking to Bro. Morris Tafatu, Pastor of Niue, I reminded him of the first time we met after one Gisborne Convention meeting. [Remember those days when you got to the meeting an hour early to get a good seat?] Those were the days, many of us will never forget, when I for one was becoming interested in the Message of the Hour. Until (continued top of next column, this page)

then I hadn't caught the truth of the Prophet's Message at that time and was still involved heavily in a denominational ministry.

In the middle of our conversation, Bro. Morris Tafatu said to me, "You are going to have to get out of that denominational system Brother Charles. Then he raised his voice in Christian love and said, "Come out of her, my brother!" The years rolled by but I never did forget his words, and although Bro. Morris had forgotten he enjoyed being reminded. And in Brother Morris's own words, he said at a later date "I am even more blessed to know that God had used this humble watchman to say a simple statement like "Come out of her, my brother." Needless to say, Brother Charles has been blessed ever since – Praise the Lord!

Knowing how long it took me to 'Come out from Her', I have now developed untold patience with my many dear Christian friends today, as they too wrestle with those words, "Come out of her". May the Lord continue blessing our Brother Morris for blowing the trumpet - and blow it he did! Amen.

Bro Charles.

From Brothers **Tony Abma and Roshan Masih Letter of Concern**

God bless you Brother Charles

In response to the question for clarification raised by Brother Joseph Saigal regarding the religious background of Brother Baba Ji as written in the testimony of a "Guru" (April issue of BNL #80), please consider the following.

Brother Saigal's comment based on an observation of the way in which this Brother dressed is understandable, as having a turban and long beard are most often considered unique to the Sikh religion. There are however exceptions, and this is clearly the case regarding Brother Baba Ji, who was – as Brother Roshan pointed out in his article, living in the same village and knew assuredly of his background as a former Hindu.

In communicating with Brother Roshan, he provided this further insight;

"There are different kinds/sects of Hinduism wherein mostly Baba Ji's/Sadhu's/religious teachers grow long hair and wear a turban. If you visit this website; http://www.nirankari.org you will see that these gurus like Baba Ji are wearing turbans with long beard and hair but they are not SIKH. In fact, the Sikhs are very much against them... and they are always fighting with each other.

Baba Ji (his real name is Amar Dass) actually came out of a Hindu religious group in the Punjab called **Sach Khand Ballan** which is not far from my place. This Hindu Temple can be seen at the following web site: (http://en.wikipedia.org/wiki/Dera Sach Khand) By visiting this website; http://www.derasachkhandballan.com one can also see that these Baba Ji's /religious gurus/teachers are wearing turbans and having with long hair and beard - but they are not Sikhs. The only difference is they wear saffron dresses/robes, which Sikh people generally do not wear.

There are many DERAS (Hindu religious places) like that in the Punjab where people look like Sikhs, but they are not. So I hope these few words will be helpful to clear the doubts about Brother Baba Ji's background and of the details of this testimony."

And as you expressed Brother Charles, we too most assuredly share and are deeply committed to honest and truthful reporting of facts.

May the Lord richly bless you, Your Brothers in Christ,

Brother Tony Abma and Brother Roshan Masih

Re: Baba Ji Clarification

Brother Tony Abma and Brother Roshan Masih

Our Dear Brothers in Christ,

Many thanks for this well explained letter, which we will use to lay this matter to rest.

The Lord bless you both for bringing the true facts as you know it, to the thresh hold of the BNL.

Some members of the BNL Committee and Supporters will also view this beforehand.

Yours about Our Father's Business,

Bro Charles

Dear Brother Charles,

I am redesigning the BNL Website to make it more Mobile Friendly. The reason for this is that one of the factors Google now uses to rank websites in it's Search results is "Mobile Friendliness" as Mobiles and Devices make up an increasing way the Internet is accessed (30% or more). The web community is calling this "Mobile-Ageddon".

This is a big task, as every web page requires extensive editing (there are 140 pages). This will mean drastic visual changes, bigger fonts, less width of screen etc, so don't be alarmed, It will still contain the same wonderful message: "Behold the Bridegroom" and it is our prayer that the Lord will place it in front of those souls who are seeking "the Truth".

I would request that you **please pray** that I may have the wisdom, to carry out what is required to maintain a high position in Searches.

Thank you, and God bless.

I wish to congratulate you for the nicely done layout of your May 2015 issue of BNL! Truly, the layout and design of your newsletter has improved a lot. More power to you as you pursue your mission-vision of updating the believers with what's currently taking place around the world, especially with current events, the newly-opened outreaches, and the various Message missions in the remote parts of the globe. Mt Zion Tours

Israel & Jordan Autumn Tour

Israel Tour Oct 2015 - IMPORTANT UPDATE

Dear Brothers and Sisters in Christ.

This is an important follow-up announcement concerning the tour of Israel and Jordan planned for this October.

We are excited about hosting this tour as I truly believe that this is one of the most significant years to visit Israel. Obviously, many others too want to visit Israel this fall. The reason we know this is that we were recently contacted by the Israeli Tour Company. They informed us that many <u>other</u> travel/tour companies are going to Israel this fall. This has resulted in a high demand for hotel space.

Consequently, we are under increased pressure to confirm our reservations with names of patrons in order to guarantee hotel rooms booked for this October – or else risk losing our accommodations.

This is an awkward position to be in as I don't like to be pressured for anything – or conversely, make others feel that there is any pressure either in making important decisions. However, the reality is that there is a limit to how much longer they will hold the hotel accommodations. This is of course only fair and reasonable, especially if other firms have confirmed patrons for their tours.

As a courtesy to those who were/are considering joining us on tour this fall – but need more time to finalize plans, please take a moment to let us know your tentative plans as soon as you can, or at least by the end of the week. In this way the level of interest for the tour can be gauged and the tour company and hotels can be informed to hold our reservations.

Details for the tour again are, **12 nights – 11 Full days**, **9 Days in Israel + 2 Days Jordan** <u>starting</u> Wednesday, Oct. 7th through until Sunday morning, Oct. 18th.

Our tour begins at <u>Shiloh</u>, the ancient site of the Old Testament Tabernacle. This is in Samaria, the biblical heartland of Israel. From Shiloh we proceed to visit young Israelis who are claiming their rights by establishing new communities in the land God gave them. Once again we will be honored to have Rabbi Chaim Richman accompany us in Samaria who will also introduce us to his family with whom he is pictured.

We will tour many other biblical sites. <u>Caesarea Philippi</u> on the Coast; <u>Mt Carmel</u>, <u>Nazareth</u> and <u>Tel Dan</u>in the North not to mention many of the areas where Jesus ministered in and around the <u>Galilee</u> like<u>Capernaum</u>.

Something new this year is a private Jeep tour on the strategic <u>Golan Heights</u> bordering Syria. Traveling south we will visit the <u>Dead Sea</u>, <u>Qumran</u>, <u>Masada</u> and other sites like <u>En Gedi</u> where David and his men hid from Saul. Midway through the tour we will cross over into Jordan for two days to experience Arab culture first hand. While there we visit <u>Mt. Nebo</u> from where Moses viewed the Promised Land; the Baptism site on the <u>Jordan River</u> and the ancient city of <u>Petra</u>, one of the modern day "*Seven Wonders*" of the world. Our last night in Jordan will be spent in a beautiful resort right on the Dead Sea.

The climax of any Holy Land tour is the incredible city of Jerusalem. We will stand atop the <u>Mt. of Olives</u>; have a time of prayer in the <u>Garden of Gethsemane</u>; tour the old, ancient Inner City; traverse tunnels and visit the

pools of <u>Siloam</u> and <u>Bethesda</u>. The tour concludes with a special time of quiet reflection and a short service at the <u>Garden Tomb</u>.

Cost Structure:

The pricing structure described below includes the service and costs for the <u>land tour</u> portion <u>only</u>. Airfares are not included due to the international clientele coming from so many different countries.

- **Double occupancy**: two people to a room. If you prefer a room to yourself, there is an additional "single occupancy" cost of \$870 USD.
- All transfers; pick up and return from Tel Aviv, Ben Gurion Airport; Jordan border crossings.
- <u>11 days touring</u>; with professional guide; including all entrance fees, tips and visa* into Jordan.
- **12 night's hotel;** on "half-board" basis which includes breakfast and supper. Lunches are not included.

What is not included:

Other items that are **not** included are as follows;

- Lunch meals (approximately \$8.00/day)
- Souvenirs and personal shopping
- Medical/Travel/Cancelation Insurance
- Visa to enter Israel; depending on country of residence some may require an entry visa for Israel. This mainly concerns residents of some African nations, some in Asia, some Central and South American nations and some Caribbean islands. Please check this out very carefully.

Pricing: (In USD)

In an effort to make this tour as affordable as possible, we are pleased to provide the following graduated price structure according to the number of confirmed passengers;

- **25-30 Passengers**: \$2,525.00 - **30-35 Passengers**: \$2,450.00

35-40 Passengers: Awaiting space & confirmation
 40-45 Passengers: Awaiting space & confirmation

Tentative reservations for 10 extra passengers have been made, so space is very limited. Unfortunately, these extra rooms can only be secured upon receiving confirmed deposits. As this is a very busy time of year in Israel, the sooner we have confirmations, the better our chances are for securing extra space if needed.

I will be glad to answer any other questions you may have as you consider an incredible *trip of a life time!* May the Lord richly bless you.

For your benefit, internet links for you to view the location and premises are included. I would also recommend that you view the following video links to see how incredible the biblical lands of Israel are. The first is the trailer for the internationally acclaimed IMAX film of Jerusalem; https://www.youtube.com/watch?v=hkKytHCHCYI [7:05 min intro.]

The next one describes Israel as *Living*

<u>Prophecy.</u> http://www.youtube.com/watch?v=ydwxy9yqhzM&feature=relmfu [12:58 min]. Another video I'd highly recommend seeing is about Samaria, described as the biblical **heartland** of Israel. Here, Jewish history meets Jewish destiny. There we will be visiting ancient **Shiloh** as well as young Jewish families in their struggle to claim their God-given land. http://www.youtube.com/watch?v=kWZNNWGY7V0 [7:50 min]

^{*}Not including Israeli visa for those few nations that Israel requires advance entrance visas for.

No Battle, No Victory!

13 Now, before you can have a victory, there has to be a battle. And if there's no battles, there's no victories. So we ought to be thankful for the battles and the trying. It's God giving us the opportunity to have victories. Oh, my, don't that make it a little bit better now? See, the battle come along, somebody saying something bad about you, sickness come on to you, maybe God give you those light afflictions that He might heal you and show His favour to you, let you see what He means by it. He loves you.
