Fazilka

By Brother Roshan Masih

Month: November; Province: Punjab
Prayer requests: Specific

We Praise God for brother Younus who embraced the Message from the Pentecostal denomination. After his rebaptism his denomination kicked him out, only his family is come out with him, no believers from his congregation have accepted the Message yet... Now Bro. Younus is not preaching but going to the people personally and sharing the Message with those denominational people in his area. He is going to start ministry very soon after reading and grasping the Message well. Please note and keep in your special prayers that Bro. Younus is a first fruit in FAZILKA district. Please also pray for Bro. Younus' family needs as he is no more ministering but doing a small work to take care of his family. We look forward to seeing

Pastor Younus

how He will continue to supply through His wonderful people. Lift this dear brother in prayer. That he may be established in present truth, walking in the fulness of Christ.

Anti Conversion Law: India

In these days the burning issue in India is make an anti conversion law in every state of India. Since the Hindu government has started ruling the Hindu organizations are trying their best to make an anti conversion law and they had been making efforts for the last many days for re-conversion of those who are converted into Christianity. I am listing below some links for your view. We ask for your prayers for the ministry in India.

Punjab Deputy CM Sukhbir Singh Badal calls for bringing anti-conversion law <http://www.dnaindia.com/india/report-punjab-deputy-cm-sukhbir-singh-badal-calls-for-bringing-anti-conversion-law-2043384>

To see some of the persecution that goes on please also see: <http://christianpersecutionindia.blogspot.in/>

But we, on the other hand, though we did not bother about their actions and doing the God given ministry diligently. Yet they caused us mental agony in so many ways so that we would not continue with our ministry. Particularly, when new people comes and wanted to adopt Christianity, they try their best to do so many evil things against them or us with the aim to destroy the ministry completely. But even during these kinds of situations, the Lord is with us, helping us and encouraging us. We give our heartfelt thanks to Him. He Himself continues to help us to witness the Message so that we could reach the last pre-destinated seed. All glory to Him Alone !!

NATIONWIDE ISSUE

Field: India (Deen Pur, Dhirowal, Pahara)
Date: Jan–Feb 2015
Status: Pioneering
Our Focus: Prayer of Faith, Support

Love and greetings to all the Saints in the Lord's precious name. We are encouraged by your response to the Mission Works we are sharing with you. The Spirit of God has been speaking to us to send more and more Missionaries, Pastors, and Evangelists to each nook and corner of India/Punjab where we have shared the Message and established Churches. This responsibility is vested upon you and I. There are so many things, places, and follow up work that has been done during the last couple of months but I would like to share some of the highlights about the newly reached places.

Month: January; Region: Deen Pur

The Lord has opened a new door for us in this small village located in the district of Gurdaspur. The trumpet of the Message of the hour has been blown and a few people have accepted the Message. Some of them have been baptized

Bro Roshan Baptising

in the precious name of the Lord Jesus Christ. Now they are growing under the sound of the trumpet of Rev 10.

Month: January; Region: Dhirowal

God is blessing our evangelism ministry among the Denominational Christians, Hindus, Sikhs and even tribal peoples. By the grace of God through conferences, assemblies and

revival meetings, several people from the different religions and denominations are coming to the Lord

One Hindu family has embraced the Message in this village. Through them we organized a one day open meeting in this place. We praise God for the positive response from the people. Many people from Catholic denominations attended our

service; there is no Christianity in this village except Catholics. Because of the successful meetings we had, we are now planning to have monthly meetings over there. **We need your fervent prayers for that.**

Month: February; Region: Pahara

I want to give God thanks for the Annual Convention in Pahara. (Gurdaspur) I heard wonderful testimonies from the believers, many of those in attendance say that they felt the Holy Spirit move among us. So many phone calls and appreciations came to us after the convention.

Host Pastor – Vikram Singh

The event was so well organized! May God bless and guide as it is great to be able to attend a church convention where the focus is Christ, the Word for this age because the foundation is the Word. We praise God that the convention ended with exuberant praise and thanksgiving even as some surrendered their lives to the Lord Jesus Christ.

End Time Message
Punjab, India

As believers who receive these updates from the mission fields; we are privileged with two main arms of support for these apostles and missionaries.

The first arm of support is informed accurate dedicated prayer under the anointing and auspices of God. The necessity in these fields will generate powerful purpose in our times of prayer. There are foreordained names in the Lambs Book of Life in these far regions of the world that need to come forth. These names will be called under inspiration! These children of God need to be sought and saved by divine intervention.

Our God works at both ends to wonderfully orchestrate this outreach vision. This is a vision that will see the elected seed come into communion with each other and then into communion with our Lord Jesus. I do solemnly encourage each one to seek their channel of communication with God and pray for these works according to the gifting in their lives, according to the capacity of their calling both alone and in groups.

With prayer of this degree we will see increase in this glorious vision being manifested, we will see an exponential increase of the final thrust to complete the chronicles of the last Book of Acts. We will continue to see a people divinely led into Divine appointments to find that last elected seed. Then upon completion we can leave this earth full of faith and rapture.

The second arm of support is financial. If the Lord does lay upon your heart to support any of these works, we have secure channels in which we can see our financial seed being sown into the Work of the Lord Jesus.

Together we will see the work completed, we become that standard raised in face of the enemies' flood. As darkness closes around us, the unified light we have shines brighter and reaches further into the last dark corners of every nation on earth. Then shall the end come!

Bro Andy

the move is on in ETHIOPIA

The Apostle Paul launched his earliest evangelistic efforts by preaching in the Jewish synagogues of the cities he visited. But in Acts 16, all that was to change. God unveiled a new way to spread the message, totally outside of the Jewish church. Upon being divinely directed to go to Macedonia, Paul and Barnabas entered

total deliverance of a street harlot. Brother Busobozi relates the story:

"It was around 9pm and we were escorting Sis Yodit to the taxi. As Paul (Mburu) and I were wondering what the Lord would do next, little did we know He had prepared a soul not far from us to receive the Gospel. A harlot started following us along the way. We decided to stop and hear her out. She was up to her daily business. We introduced ourselves to her as preachers of the Gospel of Christ and expressed our desire to meet her again while she is not under the influence of that kind of

Brother Abebe is one of the Adaama University students that we shared with about the Message of the Hour at the coffee shop. He caught this Message and he requested us not to go away before baptizing him. He ran to a friend and asked to borrow a change of clothes and came back after a few minutes. He then asked us to baptize him without delay as he really needed to receive this Jesus Christ.

As we were walking away from the hotel to find a restaurant for breakfast before heading home, Sister Yodit asked to take a photo of myself and Paul on one of the streets in Nazareth. As she took the photos a woman came by, attracted to join in the photos. Her name, we found out later was Ruth and she was a wife of an evangelist who passed away six years prior. We read and spoke of Ruth in the Bible, her character, her decision, her obedience, etc. I then told her that her great Boaz is the Lord Jesus Christ...she started crying. Later we spoke of many other scriptures which she firmly accepted. The only thing we could do was to immerse her in the name of her great Boaz!

Philippi, the leading city of the area. But where to go? They ended up seated by the river, speaking to the women who worked there. A humble place to begin, but it led to the establishment of one of the greatest churches of the New Testament era. And it was all sparked by the conversion of one woman, and the deliverance of another. A woman called Lydia heard the message of her hour, was baptized and immediately offered her house to host the evangelists. It became the hub of the work in that city. Later, a demon possessed woman was delivered by the commandment of Paul. In this account, two women, divinely delivered by God, were at the very foundation of a great church.

When Brother Busobozi visited Ethiopia on his honeymoon in May 2013, he had almost no contacts. But early on, a woman named Sister Yodit received the Message, and was baptized. She quickly became a pillar in the new work, offering her time and resources, translating for street witnessing, and sharing the light she had received with others. This was followed a year later by one of the most exciting testimonies you will ever hear: the conversion and

anointing. She consented. Sister Yodit was with us in the guesthouse to give us company as well as help interpret while we spoke to her. The woman's name was Marta, and she revealed that she became a double orphan many years before, and had turned to prostitution to help her situation. We spoke many things, but her answer was this: 'I have heard everything, but one thing I don't want to do is play with the blood of Jesus because I respect it so much, how shall I overcome this if I decide to follow Jesus now?'

You could see that she truly meant what she said. We had a very simple answer for her. I read Zechariah 4:6, and later Acts 2:38. It was past 8pm but she made two decisions which changed her entire life. She decided to RECENT prostitution and also decided to be baptized in the Name of Jesus Christ because she needed the blood to cleanse her past sins, and also to receive the Power of the Holy Ghost. We baptized her that very hour. Hallelujah!"

Brother Busobozi relates that Marta has been continuing on in her faith, coming around often, hungry for the Word, while Yodit is always available to help and translate. Like the demon possessed woman of Acts 16, Marta's conversion had left some of her former associates upset. One evening while sister Marta was being escorted to the taxi home, some men approached asking her why she was no longer available for business. She strongly rebuked them saying she had given her life to Jesus! Now she washes clothes for a living. In Ethiopia, prostitution is legal, and many young girls get forced into it by circumstance. But God can deliver!

Sister Marta is just one of many testimonies that have come out of Brother Busabozi's four trips to Ethiopia. At this time 15 have been baptized, and 9 of them live in the capital city, Addis Ababa. These young believers are hungry for the Word, and desire a church in their town. Also, a revival is sparking at the nearby Nazareth University, where young people are being touched by the Revelation of the Hour.

As the revival in Ethiopia grows, there are several immediate and pressing needs. One is the need for translation of the Message. The national language of Ethiopia is Amharic, and at this time only three

Sis Yodit had a friend whose Name is Bihailu who goes to Nazret/Adaama University. Behailu came to visit us, and invited us to visit him at the university. Paul, Yodit, and myself went. We really were wondering, could anything good come out of Nazareth? In the night, I dreamt that we would meet several university students and that we would speak with them. I shared it with my fellow soldiers in the morning as we were setting out for the day. Well, it really happened. We met and spoke with University students at a place where Sis Yodit had suggested we take coffee. It became a church, each of us was speaking with one in a certain corner. Several heard, and said they would hear again.

While we were walking on one of the streets of Nazareth trying to find our way, we bumped into a tall young man whose name was Moges. He later testified that when he had seen us, he saw the Love of God in our eyes, and our words were such he had never heard before. When we made known our mission, he was very excited that we should also come and visit his home place, Shashamene. This is the head-quarters of the Rastafari movement in the world. The Rastafari consider King Haile Selassie I to be the fulfillment of Daniel 7:9, the Lord of Lords, King of Kings, Prince of Peace etc. They are so confused because whatever applies to our Lord Jesus Christ, they apply it to their dead king. After hearing their gospel for a long time, we preached to them the true Gospel of Jesus Christ. By this time, Bro. Moges had heard enough about this Message of Hour. God was good to him. Bro. Moges requested he be baptized in the Name of the Lord Jesus, so we traveled to Lake Anbaasa 20 minutes away. Right away he got a burden to take this Message to his own people. That definitely calls for translation since most of them read Oromic language, and Moges is fluent in that.

messages have been translated. Brother Busobozi is attempting to set up a translation effort, while nurturing the new believers. This will require his constant personal presence, so he is planning to relocate to Addis Ababa for up to six months. While there, he hopes to navigate the difficult legal maze to setting up a church. A building that could be both church and translation center would be ideal. Prices are expensive in Addis Ababa, and

the government suspicious of anything foreign. The Believers are searching for a building now, and the Lord's help will be needed to find just the right place. Pray for the success of the work in Ethiopia, and also that leadership will be raised up from among the new believers. There is much work to do in ministry and translation, but we continue to move forward as our Lord provides for His Elect in Ethiopia.

Latest Vanuatu Report

By Brother Adrian Gray

Cyclone Pam was the largest recorded storm to be ever recorded in the Pacific region. This category 5 cyclone skimmed the north of Vanuatu and had a direct hit on the South last month on the 12th of March.

A thank you to all the brethren for the Vanuatu Relief work.

Six weeks ago I had arranged to fly two ministers from New Caledonia to Port Vila in Vanuatu so that the local bi-lingual (French/English) ministers could meet them and edify them in the Word of God with a week of meetings. The meetings were scheduled for the 25th. The strategy was then to use the Vanuatu ministry to go to New Caledonia and help in furthering the message there. In between the planning and the upcoming meetings, the cyclone struck with vehemence.

To a westerner it is hard to understand that there are still nations that live with semi-subsistence economies - economies without electricity, phones, water reticulation and a roading system. But that is common in the south Pacific and Vanuatu in particular. When a cyclone strikes in the outer islands, you cannot go down to a supermarket, hop in a truck or even phone for help especially if the scarce cell phone towers have been damaged.

It took a week to hear from Bro William Frank in Port Vila because of the communications damage, but once he was able to get through it became very clear that many brethren in the islands had been severely affected. Bro William asked for whatever assistance could be given and the support from around the world was immediate and outstanding.

ACTS 11:28

28 *And there stood up one of them named Agabus, and signified by the Spirit that there should be great dearth throughout all the world: which came to pass in the days of Claudius Caesar.*

29 *Then the disciples, every man according to his ability, determined to send relief unto the brethren which dwelt in Judaea:*

30 *Which also they did, and sent it to the elders by the hands of Barnabas and Saul.*

Our missionary account in NZ was initially made available to hold donations until the bank system in Vanuatu was back in action and by the grace of God thousands of dollars poured in from many nations.

On the 25th of March my wife and I flew into Port Vila. The brothers from New Caledonia had arrived and we still continued on with a week of meetings. But the Port Vila city that I knew so well was greatly changed. Trees had gone, houses blown apart but the people still had a smile on their faces.

The following day I chartered a plane to Ambrym Island and five of us arrived unannounced in Endou Village, the home of Pastor Mael Moses and his family and fellowship (*pictured*). They were overwhelmed to see us (Bro Jerry Sellers from the USA, Bro Pethuel Beru, Bro Willam Frank, Bro Andre Bole, and myself) and we had a time of surveying the damage and working out a plan of relief. During that time a phone tower on Pentecost Island was restored and Bro Paul Hinge was able to be phoned and involved in the plans. All the top fruit-bearing canopy of the trees was gone and the root crops affected so that there was only 4 days of food left.

After working out a food budget with the sisters involved, we concluded that 100kgs of rice per family was needed for a period of 6 months in the northern islands of Pentecost, Ambae and Ambrym. At that time no communications from those on Erremongo in the deep South had arrived so we had to wait until Bro William could fly down a week later. In those northern islands we had to budget for about 110 families. It would be at least 6 months before nature could restore its fruits.

The next day we all flew back to Port Vila and went hunting down bulk rice supplies. We managed to find a storehouse that supplies the city shops with rice and other food items and negotiated with a Chinese merchant for a starter of five and a half tons. This cost about \$US7000 including freight charges and

was put aboard two ships (*one pictured left*) that sailed that evening. It was hectic day working our way through the obstacles but by the grace of God the ships got to the brethren and they went out in their boats to meet the ships and bring the bags of rice ashore. There are no wharves there.

During this time a lot of work had gone into setting up a relief account in Port Vila at the ANZ Bank for receiving donations.

Sister May Boe and Sister Emmanuelle Lulu are ANZ employees and did an outstanding work in setting this account up. Donations can now be sent directly to the brethren in Port Vila. Sister May and Bro William Frank are the trustees and I hold directorship over the account. I totally trust these brethren and have known them for many years and know they will utilize the funds responsibly. All expenses are to be documented and made available for anybody to see.

- **Account Name: Vanuatu End Time Message Missionary Fund**
- **Account Number: 1737362**
- **Swift Code: ANZBVUVX**
- **BSB Code: 010982**

As of today (15th April) a ton more of rice has been purchased and sent down to Erremongo. Bro' William flew down as planned and has surveyed what is needed. Also another 6 – 10 tons will be sent out as a second supply load to the northern islands. Over all, about 300 to 400 brethren are being looked after with the rice supplies that came from donations.

When we arrived back in NZ on the 3rd of April, we went straight to the Auckland Convention which was hosted by Bro Derrick Donaldson's fellowship. A meeting was held with a few brothers to work out what further assistance could be sent to Vanuatu.

Bro Justin Lane and Bro Gavin Newport from Nelson flew to Vanuatu on the 12th of April to help with the rebuilding work on Erremongo Island and they will give their own reports when they get back. These brothers are very skilful and enthusiastic and will be a great benefit to the Saints there.

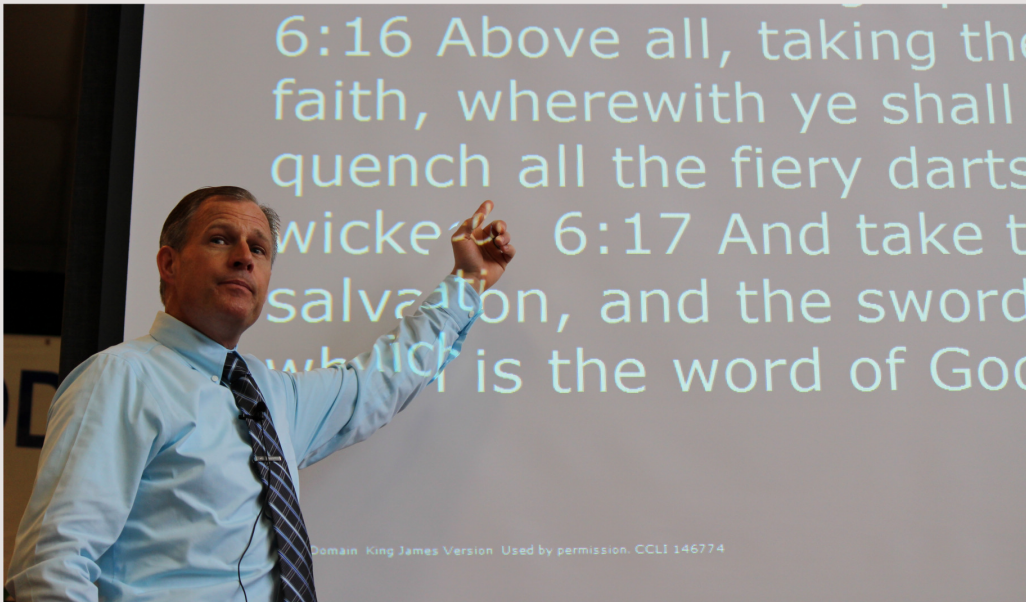

Sister Mary Gray with some of the precious sisters from Vanuatu

Our week in Vanuatu was one of the most intense missionary trips of my life. The brethren are spiritually in the best condition ever. The message has really taken hold of their lives and the churches are growing in numbers. It was great to catch up again with Bro Leo Moli and his wife. The next 6 months will have to be carefully monitored in regards to food supplies and I humbly ask that that if it is possible that the brethren could receive further donations to keep these supplies topped up. Brethren worldwide have shown their love and care for each other with their offerings and prayers. It is now up to the Saints in Vanuatu to take the baton and finish the work there. May the Lord lead them and guide them.

2015 Auckland Convention

Greetings Saints, in the name above all other Names.

With the **Auckland Easter Convention 2015** behind us and now looking back and hearing the recorded evidence of the blessing which was encountered, it has reminded some of our seniors of the old times when we had to go early to get a good seat. As these Auckland meetings progressed and the Word was waved before the people once more, we realised more than ever, that this Message has indeed grown mightily and prevailed. Praise the Lord! Our Lord hasn't let the Oil and Wine diminish and the Bride was quickened afresh in a mighty way. A wonderful time of being together in unity, laying aside our differences, thus coming together in the bonds of Christian Love was evident. The Lord honoured His people with the blessing that followed as the Word went forward in Power and Demonstration of the Holy Spirit – Amen.

I would express our thanks to Bro Tim Stevens (Auckland) for the faithful work done and material he sent into the BNL production. And also Bro Isaac Booth (Christchurch) whose input was much appreciated. This data will also be shared with the **BNL Webmaster, Bro David Shearer for the BNL website.**

Bro Andy's Missionary Editorials shine on the first six pages. Our Brother has given much of his time to glean this information in order so the Bride is fully informed of the activity and needs of those faithfully sowing the seed of the Word. Thank you, Brother Andy, for this most important input into the BNL, as it is released worldwide. We also bless the Lord for the gifting He has given the BNL staff such as Bro Andy, Sister Kay and Bro David (webmaster), who have been so willing to give of their time in order to bless the Bride worldwide.

I would ask for these BNL members be remembered in prayer, as in some cases, it's not the only activity they are doing and coping with for the Lord.

Re: Our Bro Adrian Gray. We are all fully aware of the faithful work that this dear brother has put in to further the End Time Message, (particularly in the Islands), leaving the comforts of his life style; this especially happened after the major disaster in the pacific in order to support our precious 'Message Believers'. It now has been necessary for our Brother Adrian and Sister Mary to take a break, in order to charge their own batteries . As always our brother will take every possible opportunity to fellowship with the members of the Bride, sharing the Message of the hour, encouraging and blessing the saints as always. – I enclose his letter.

God bless you Bro Charles,

Mary and I are heading to Europe on the 30th of May until the 11th of August. We will be in Switzerland for 6 weeks....in Russia and the old Eastern Bloc for 2 weeks then back into Switzerland for the remaining days. So I am gearing up for that now and will be catching up with a few of the brethren I have met over the past few years that I haven't seen for some time. **Your prayers will be much appreciated.**

Brother Adrian.

On behalf of the **Committee and Support Team**, we thank the Lord for you all and are always encouraged by your continuing support over the last eight years. Amen - *Brother Charles*

Dear Brother Charles,

In the 'Testimony of a Guru' article, this Punjabi man was referred to as a 'Hindu' teacher or master...

This is actually quite inaccurate. As a Punjabi myself I know the main religion in the Punjab is not Hinduism but Sikhism. And going by the turban, beard and dressing, this man clearly is (or was) not a Hindu but is (or was) a Sikh instead. Perhaps this could be confirmed with Bro Roshan for more accuracy...?

Just thought I'd point that out dear brother.

Thanks / God bless you.

Bro *Joseph Saigal*

Reply from the Editor

Our Dear Brother Joseph,

Many thanks for advising us of your concerns, in order for the BNL to have accuracy in this particular editorial in question.

As you would appreciate, we are often at the mercy of senders who are usually known as being credit worthy. I will publish this letter as a Letter to the Editor and meantime seek further advice and explore further information.

I therefore thank you, my Brother, for helping us to keep the BNL protected and maintain its accurate reporting, which it has been known for over the 8 years of service to the Bride of Jesus Christ, in which 80 BNL's have now been released.

The Lord Bless you and Yours.

Yours in Communicating the Full Gospel Message to the Nations,

Bro Charles — Editor for the BNL

Please continue to pray for the people of Nepal with this recent 7.8 earthquake disaster, and especially for our message believing Brothers and Sisters in Kathmandu and the effected regions of Nepal at this time.

At this stage I have not been able to make contact with our believing brethren from either our emails or phone calls, so we are still completely trusting the Lord for their safety and well being.

It is our intention to offer assistance if requested with whatever can be done in order to bring relief to our believing family in Nepal.

If you would like to help out with a donation for this specific cause then please contact me on my email drgil@xtra.co.nz

God bless for now,

The Seven Feasts of the Lord (Leviticus 23) - Review

*If you are interested in understanding more about the Seven Feasts of the Lord in Leviticus 23, then we highly recommend the DVD series that brother **Chad Lamb** from **BC Fellowship** makes available on this subject.*

This series will give you a detailed and clear overview to the wonderful truths contained in these Seven Feasts of the Lord in the light and revelation of the message of the hour.

These Seven Feasts of the Lord as kept by the Jews in the Old Testament during their agricultural harvest season were a prophecy of **Christ**, and the **Seven Gentile Church Ages**, and the **End Time Hour** that we are living in right now. They show the plan of redemption from the time of **Christ** (who is our true pass over lamb, and unleavened bread, and first fruits), to the feast of **Pentecost**, which are the **Seven Gentile church ages**, and to our time now when the last three feasts of **Trumpets**, **Atonement**, and **Tabernacles** are coming to pass in this day.

Six trumpets (of the Feast of Trumpets) began to sound under the first and second world wars and are even now still calling Jews back to their homeland of Israel (we have seen this take place in this age). But what are the Israelites being gathered for? They are being gathered for the purpose of recognising Christ which is their true **atonement**, which is revealed by the sounding of the Seventh Trumpet. Although the Trumpets are strictly for the Jews and not for the bride of Christ, the bride is also following this same pattern in parallel as we have also been called out from all denominations by the shout of the message to also recognise Christ (as revealed in the entirety of His word by the opening of the seven seals), He is also our Atonement, he is the Mighty God Unveiled to the Bride in this hour.

Brother Branham taught us that what the Seventh Trumpet is to the Jews, the Seventh Seal is to the Bride – it is to **recognise Christ** (the Atonement – Feast of Atonement). The **Seventh Trumpet** to the Jews is when they **recognise Christ** their true Atonement under the ministry of the two prophets (Moses and Elijah), and the **Seventh Seal** to the bride is also to **recognise** the revealing of the son of man (Christ) our true Atonement by the opening of the word in this hour under the message of our prophet William Branham. The same Boaz (Christ) is revealed to both Naomi (the Jews) and Ruth (the Gentiles) at the harvest time.

What the Feast of **Trumpets**, **Atonement**, and **Tabernacles** is to the Jews; the **Shout**, **Voice**, and **Trump** is to the Bride. This is truly a wonderful subject that clearly reveals the hour that we are living in. You can go online at <http://www.bcfellowship.org> to freely download this series or purchase the DVD.

God bless,
Bro. Dean Gilchrist, New Zealand

Rapturing Faith Believers Fellowship

Greetings in the Precious Name of Jesus Christ

Please be aware of our church's (RFBF) intention to host a family camp / convention over the **Easter weekend 2016**. We have booked the same venue that we used last year (Easter 2014), where we experienced a supernatural visitation and are thus returning to it.

Venue: Marsden Bay Christian Camp, Ruakaka, New Zealand.

Dates: 24th – 28th March 2016

Further information will follow.

Yours in the Service of Christ

Pastor Freddy Esau

Timeline Movie on YouTube

The **Timeline** is a Bible Study from "Before the Beginning ... until ... After the End of Time."
Brother Branham's voice narrates throughout the video.

The **Timeline** can be found by typing in a YouTube search for "Timeline 2015"
I trust you find it a blessing. Yours in Christ, *Bro Tony Murray*
