Mission Work In India **Reaching the unreached**

January - February 2016

I am pleased to present to you our Outreach Ministries bimonthly Report for January- February 2016. It is filled with highlights of the work of our ministries. This report describes some of the new places we have visited with the Gospel.

I am grateful to each of you who continue to lend a hand throughout the year. With your assistance we are able to provide necessary materials and outreaches assistance and other support in the Mission field.

Monthly Meetings

As you are well aware that we have started monthly meeting in different villages/towns, as a result we could witness the gospel of our Lord Jesus Christ at different places. So far we are glad for the

positive response and the effective meetings. I am going to mention about a couple of meetings here. In the districts of Hoshiarpur we went to a small remote village called Garoya. There is only one family (two members- husband and wife) believes in the Lord, rest of the village is heathen-does not know anything beside their religious rituals. Some questions been answered at the end of the meeting and shared how the love of God expressed in Jesus Christ.

The challenge to reach every people group as quickly as possible resonates in our hearts and prayers. We must reach the unreached because no one can be saved without the gospel.

In addition we conducted some blessed meetings at different places in the surroundings of our town in order to share the forgiveness of sins and salvation through our Lord Jesus Christ. Although the response is not good everywhere, but still a handful people are listening to the things we are preaching and interested to know more. We have noticed that people do not experience

the forgiveness of sin through faith in Jesus Christ without hearing the Scripture: "... how can they believe in Him if they have never heard about Him? And how can they hear about Him unless someone tells them?"

(Romans 10:14 NLT).

Distribution of free Bible/Literature

During the meetings we provide Christian's materials to the people who are interested to study and know more about the God of the Bible, and Bible distribution is putting Bibles into the hands of people so they may have their own copy of God's Word. Our Ministries brings Bibles, literatures, Audio, Video CDs-DVDs and books to people who have a hunger for God and gives them the ability to study and meditate with their own copy of the Bible and the gospel literature.

So far we have distributed hundreds of Bibles and thousands of Message books among the Christian and non-Christian people.

We solicit your special prayers for the continuation of this important Ministry.

Outreaches in the other parts of Punjab

We had a wonderful meeting in the district of Kapurthala to encourage our Message believing people. It was a tremendous

service and there was a powerful anointing. The Lord did such outstanding things in the lives of the people. God's power was evident in all the meeting. People were revived and they consecrated and dedicated their lives to the Lord.

This was a fantastic move of God. Please continue pray for this area as this is the only Message church in this district in the midst of the thousands of denominational Christians. Our brothers are doing a lot of endeavours to spreading out the Message of the hour there, thus hundreds of Message books have been distributed among the different denominations.

On Feb 24th I went to a very remote village called MUDDAN situated right at the border of Pakistan. Five to seven churches assembled together to

organized this meeting. I was invited to be a main speaker. The meeting was a great blessing to the people and many were touched by God during the meeting. The tent was filled with full capacity as nearly five hundred people came eagerly to receive God's blessing in their lives. We give all the glory to God who helped us to share the word of

God and bring His blessings to the people of Muddan. We thank our well-wishers and people who had been a great support in organizing the meeting.

5 Baptisms in Dhariwal

There's nothing like seeing the excitement on the faces of people who are "going public" with their faith in Christ through baptism.

God blessed these new brothers and sisters through our evangelism to them.

Jesus Christ was the ultimate winner in the hearts of many people including Hindu and Sikh.

After the baptism, they received their communion for the first time. You should have seen their faces. Their eyes were glowing with pride, excitement, and humility.

We were all rejoicing together! Praise the Lord! These young people aspire to be missionaries and bring the Gospel to places where the Lord will send them.

"Praise God for the privilege of being in Christ's family and being called by His wonderful name!" (1 Peter 4:16)

NANGAL

The Lord has graciously enabled us to do the Gospel ministry in another place only half mile away from the Pakistan border. Such revival meeting been conducted by the local believers there. We praise God some 400 people were gathered from different nearby villages. Thank the Lord for the regeneration and growth in the spirits of the

believers. Few people responded the altar call and repented from their sins while others rededicated themselves and refreshed their vows with the Lord. The Lord has granted a good harvest of souls. It is wonderful to see everything that God is doing in midst of the End Time Message

Churches in India . We give all the glory for His work in our lives as we seek to make His name known in our Indian community.

EVERY MONTH MINISTERS MEETING

Our monthly minister's conference is going on well. Lord is adding more ministers in the ministry. We believe that people or the bride cannot come into unity of faith and with each other until the ministries are not united. Therefore according to prophet's instruction *"You ministers set together and discuss things."* We come together every month and discuss appropriate topics, thus new ministers are

grounding and rooting in the deep knowledge of the Message of the hour which is very-very important to protect them from strange doctrines. Lord is blessing our endeavours. Now

ministers from three other states like Haryana- Jammu Kashmir- Rajsathan have started to join our ministers meetings every month.

We would like to thank you for your willingness to be involved in what God is doing through this ministry. Your prayers and generous support make it possible for us to continue this work of unifying the Body of Christ in working towards a communitywide transforming revival. God bless you abundantly and keep you all by His abundance grace.

Your brother in His Vineyard
Bro Roshan Masih
END TIME MESSAGE (PUNJAB, INDIA)

Testimony:

Greeting in the name the Lord Jesus Christ. My name is Ratahina Haganavalona, I'm from Madagascar and it is a great joy for me to share you a brief testimony about how the Lord revealed unto me the truth of the Bible by the messages of the Prophet of God by the name of William Marion Branham.

I used to be Catholic, Adventist, and Mormon, but praise God that at the present time my only church is the Lord Jesus Christ. According to the sermon of Brother Branham when he said that Jesus Christ is the Door, "John 10:9" I am the door: by me if any man enter in, he shall be saved, and shall go in and out, and find pasture". I didn't quite catch it before even I presumably read it many times. Then I realized that it has nothing to do with a building or organization, church member, but the genuine faith in God through the Lord Jesus Christ. Amen! I started to listen to his message in 2013. Brother Branham also said you can go to a church of your own choice but you stay with God's Word. He also said that only the baptism in the "Name of the Lord Jesus Christ" is correct. Thanks be to God because the church I go every Sunday is preaching mostly about water baptism "Mark 16:16" and "Act 2:38", and I was baptised in that Name on 24 May 2015 which was a Pentecost day.

The message of the prophet convinced me a great deal, insomuch that I kneel down to pray, and follow what he says like, "raise your hands, be sincere to God", and such like. Every time I listen to it, it's more than being at church where may be you find collecting alms, repeated prayers, church rule, organisation and so forth.... However two hours of hearing one the sermons of this prophet has nothing to do with that, only preaching and healing. For me this message is the absolute.

Before I was baptised, I testified to my Mormon friends in Canada, England, and also to many other people. The truth is, if you have this message, then the Word of God is in you because it's the revelation, and nothing can stop you to talk about it.

I believe that Brother Branham is a true Prophet from God because I feel it when I listen to his message. There is a song "Jesus breaks every fetter", I almost cry and kneel down to prayer, raising my hands when I hear him sing it. God revealed to

Brother Branham the secret of the "Book of Revelation" which is one of the reason of my conviction. My own household are now familiar with this message, they don't contradict it, although they don't really understand. This is more than any other messages you can hear, but you first need to believe, as he said.

He quoted, "Mark 16:17" which is the sign of believer. When I began to feel more Christian, as I follow on and on. On the train, I listened to it, in the park, almost everywhere till I have no choice what to listen. Sometimes I listen a sermon twice or three times. I told my brother in Madagascar, God send me in France in order to discover this message of William Branham. This seems like foolishness to the unbelievers, but I believe it. What is more precious than this? Not even reaches, celebrity, and so forth... When I laid my hands on my

wife, my dad, my brother, my son, I know they got healed but when they are healed they seem to completely forget it. I did it because it is the sign of a believer and Jesus told it.

The message of Brother Branham has taught me how to understand God as you read the Bible. He also revealed those angels to the seven church ages like Paul, Ireneus, St Martin, St Columba, Maritn Luther, John Wesley. This is a great mystery being revealed to me, because I didn't know anything about that before, and it's a blessing. "Rev 1:3

Blessed is he that readeth, and they that hear the words of this prophecy, and keep those things which are written therein: for the time is at hand." To conclude, Brother Branham is the end-time prophet. All the things that Brother Branham said are in the Bible and they are vindicated. They all point to the Word, the North Star, The Lily of the Valley, The Rose of Sharon, Jesus Christ the same yesterday Today and Forever. "Heb 13:8"

"Revelation 10:7" But in the days of the voice of the seventh angel, when he shall begin to sound, the mystery of God should be finished, as he hath declared to his servants the prophets. ! "Rev 1:3" "Blessed is he that readeth, and they that hear the words of this prophecy, and keep those things which are written therein: for the time is at hand." May God bless us all !

Brother Ratahina Haganavalona

Testimony:

To God be the Glory, great things He has done!
Having been raised under a strict denominational setting, I grew up believing in God.

Being a child with childlike faith, I always expected an answer to a request whenever I asked for it from God.

Having lost my mother as a young child I was sent to a 'Christian' Children's Home.

At that time I only knew the language of my native tongue, but for some reason, outside of my own understanding, I could understand people that spoke a different language than that of my own.

At the Home, I could understand their questions, but could not respond to them in their language, but would use my own tongue to respond to them. When I responded to their questions, they would laugh and make fun of me because of my responses in my language.

I did not like being ridiculed on account of my responses, therefore I petitioned God to be able to have me respond to them in their own language. The very next morning, at the breakfast tables, where one of the Staff members would ask me a question, (for the sake of getting a laugh out from the other children, wherein I usually replied in my language to the question asked)

I responded to the question in their own language, to which they were preparing to laugh when hearing a response from me, they instead were shocked to hear my response to them in their own tongue.

To me that was an answer from God for my petition made unto Him. Sometime later, I requested God for a certain action that He should make towards a situation that I was presently caught in. He responded in a Supernatural way, which shocked even me who was making that request.

From there on I became cautious about coming before Him with petitions, because I thought He would respond using a Supernatural event, which when it happened had scared me beyond the effects that fear has upon people. Having grown up and having finished grade school, I went on to high school. What they taught in high school placed before me a deciding factor; should I believe their teaching on evolution, or that of the Christian teaching that I had been brought up in. This is my own reasoning at that moment that I was present with the Theory of evolution; "If what

they are telling me is true, then there is no God." When I chose to accept their teaching, I felt like I dropped something. I lost something.

Instead of subconsciously keeping the morals of the Bible, I began to break them openly.

At first the loud guilt was there until it became just a quiet whisper.

Satan got me into such a bind until he tried to convince me that I would be better off dead, after committing suicide.

Yet an invisible 'voice' quoted Scripture to me. "It is appointed unto man once to die, and after that the judgement." That got me to 'seek' for God. Saying to myself, 'Wherever I find Him I'll remain with Him in the place that I find Him'. I tried attending different Christian churches, which to my disappointment did NOT have God among them, just ritual worship.

I gave up searching for Him among them, until in desperation I found Him in His Word. I took Him at His Word, and got a Supernatural event take place upon me according to the Word that I had accepted as Truth. My former teaching taught that I had to live a 'good' life in order to be able to enter into the Kingdom of Heaven.

My life at the time I took God at His Word, was NOT a 'good' life. Therefore when He came according to His Word by overlooking the 'bad' in my life, I fell in love with Him and His Word. I wanted to learn more about Him, therefore I started reading the 'more' learned commentaries that were related to the Bible. That is when I found 'confusion'. Which God is NOT the Author of. Prayer was made for an answer for deliverance out of that confusion.

God responded by sending a message-based magazine with a picture of William Branham on the front cover. To which He said unto me "Go read that!" Prior to the sending of the magazine I had promised God I would follow after whichever directions He would take me to follow after. The magazine introduced me the Truth of the Hour, from which I have no desire to stray from.

All praise be to our Living God, and our Saviour Jesus Christ, Who loved us and gave Himself for us.

Brother John Williams

Testimony:

I am so grateful and thankful to our Lord Jesus Christ for the Grace that he bestows upon our lives. There are words of a song that says:

"...To me He's become everything
He's everything that I need
The beginning the end
He's my dearest friend
To me He's become everything..."

Truly He is my everything. He is my all in all. He is the central theme of my life. He is personal to me. He is MY Lord and I love Him with all that is within me!

Every single day He shows me how much He loves me. Every day I see how He is molding me into His image.

All the time He continues to unfold more of Himself to me - which results in me coming to deeper realization of who He is; Who I am; and who the enemy is.... And the deeper this realization becomes, the more my life is being changed.

I see the change in my daily walk. I see the change in my relationship with my wife. I see the change in my relationship with my children. I see the change in my relationship with those I come in contact with. Others see the change and are drawn in and desire to have what they see - and because His love was projected to us - we can project that love out to others.

I am thankful to my Lord for opening my open eyes to this precious Message of Grace. He has made me see this precious Message for THE LIFE that it is. It is this LIFE that is driving me and helping me to claim my inheritance in the land of promise.

There are so many testimonies that speaks of His grace in my life, but I will reference only one for now. I went to the Otaki convention camp in February 2016 with a burden on my heart. God was ever so faithful in that every single meeting, He used the ministry to speak directly to me and give me explicit instructions related to my burden. In every meeting, I was oblivious to who was around me, for as far as I was concerned, it was just me and my Lord and He was passing me words of life. I appreciated the flexibility of the hosts to the moving of the Holy Spirit. My family and I was one of many that left those meetings knowing that we had had an encounter with our Lord Jesus Christ. Today, more than 5 weeks later, we are still seeing the results of that weekend in our family. God be praised!

Brother Tazwell

Secrets of the Pyramid.

David Shearer.

Part 3.

This is not a spiritual article. It is a continuation of some facts about the Great Pyramid of Egypt, from "Secrets of the Great Pyramid" by Peter Tompkins. We hope you find it interesting. (Part 1 see February 2016 issue)

Napoleon carried out an extensive survey of the pyramid in 1798 after defeating the Egyptian force of 78,000 men which included 12,000 Mameluke cavalry. His surveyor's found that the pyramid was accurately oriented to the four cardinal points of the compass, and that the meridian of the North face neatly cut the Nile Delta in two. The diagonals from the corners of the pyramid (at right angles to each other) completely enclosed the Delta. He concluded that the pyramid could not have been located at random, and would have required a proficiency in astronomy as well as an understanding of the planet.

Astronomical Observatory.

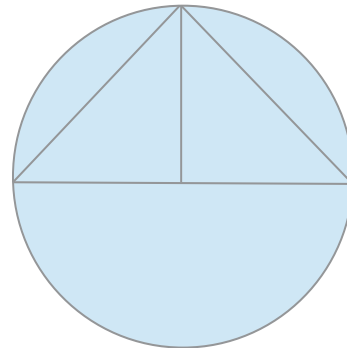

During construction of the Pyramid, the Grand Gallery was open to the sky, and by standing and looking up, an observer could see the stars as they passed overhead. The aperture at the top of the Gallery allowed about 2 degrees of sky to be seen at any one time. This is about the minimum for studying the sky without the aid of instruments.(human eye). The stars could be "mapped" as they passed over the aperture.

By having a number of observers stationed along the Gallery, the "declination" of a star – its distance above or below a celestial equator, can be obtained.

Map making.

The pyramid's design is such that it achieves the squaring of a circle. The perimeter is the circumference of a circle whose radius is the pyramid's height. (If you look at a map of the world stretched out on paper you get a distorted view. The squares representing latitude and longitude are different sizes. This makes Greenland, for example, look huge when in actual fact it is smaller than Australia. This is because our planet which is a

sphere is opened out onto paper which is flat, and map makers fill in the space.) The area of half the circle is equal in area to a spherical quadrant of 90 degrees. They had squared the circle, and also cubed the sphere, showing an advanced level of mathematics, 2000 years before Pythagoras. They were able to translate a spherical quadrant onto a flat surface possibly allowing them to

make accurate maps. [apologies if I lost some of you here – David]

The Arabic name for Egypt is *al Misri*, which is the Bible *Misraim*. This name is derived from the Semitic root which in Akkadian (Babylonian) gives the verb *aseru*, which is "to cut, to delineate, to delimit" and hence "to draw a picture, a plan" and the noun *esertu* drawing plan, representation. - as applied to the construction of a building. The *m* before the verb forms a past participle: Thus Egypt is a land built according to a geometric plan.

The Egyptians called their land *To-mera*, "The land of the *mr*" This word refers to the pyramids, or more correctly the Meridian triangle of the pyramid. This is a right angle triangle with angles of 54 and 36 degrees. These values appear in all sorts of buildings. Egypt is divided into two parts, Southern, or Upper Egypt is a canyon in which the Nile runs, and Northern, or Lower Egypt, is the triangular shaped delta. (The word *delta* is the 4th Greek alphabet letter and is a triangle shape.) The Pharaoh wore two crowns on his head. One a red straw hat representing Northern Egypt, and a white wool cap representing Southern Egypt. The pyramid is exactly in the middle of these regions. [To be continued.]

50 YEARS LATER

By Brother Tony A

It was a privilege to be in Israel once again for several weeks. By God's grace our time there was very profitable. As deadly as the cowardly acts of terrorism are that are taking place on an almost daily basis, we were fortunately spared from one that proved to be lethal.

The escalation of violence along with other significant events, are a stark reminder of the prophetic that is currently unfolding. *"...I **will make Jerusalem a cup of trembling...**"*¹ Many things happen when the Lord sends forth His Word. Some effects are seen almost immediately while other events are set in motion for an appointed time.

A recent document published in Israel on December 3rd, 2015 is an indication of outstanding events that took place over 50 years ago. Signed by over fifty leading Rabbis from around the world, this document was entitled; ***To Do the Will of Our Father in Heaven: Toward a Partnership between Jews and Christians.***²

What moved these Orthodox Rabbi's from around the world to issue such a major declaration and why now? The intrigue builds as one reads some of the statements addressed in this document;

- *"After nearly two millennia of mutual hostility and alienation, we Orthodox Rabbis who lead communities, institutions and seminaries in Israel, the United States and Europe recognize the historic opportunity now before us. We seek to do the will of our Father in Heaven by accepting the hand offered to us by our Christian brothers and sisters..."*
- *"We are no longer enemies, but unequivocal partners in articulating the essential moral values for the survival and welfare of humanity..."*
- *"We Jews and Christians have more in common than what divides us..."*³

Of particular interest is the following statement explaining the genesis of this action and to **whom** these Rabbis were responding;

*"We recognize that since the Second Vatican Council the official teachings of the Catholic Church about Judaism have changed fundamentally and irrevocably."*⁴

"Changed fundamentally and irrevocably" ...Have they **really**? For those unfamiliar with the Second Vatican Council, (otherwise known as **Vatican II**) these were a series of meetings undertaking a major review with the intent of making changes to Catholic doctrine.

It was initiated in 1959 by Pope John XXIII and finally released six years later on **December 8, 1965** by his successor, Pope, Pope Paul VI - on the day celebrating the ***Immaculate Conception*** of Mary, *"mother of God"*. As the Catholic Church was endeavoring to influence people and events, God too was declaring His true leadership. Brother Branham's second last service was entitled **Leadership** spoken the day before on **Dec 7, 1965** on the West Coast of America in Covina, CA.

An integral component of **Vatican II** was a document entitled **Nostra Aetate**. Loosely translated it means *"In Our Generation"*. Section 4 deals exclusively with the Catholic revisions specifically related to Judaism. After nearly 2,000 years, the Roman Catholic Church was reversing many anti-Semitic teachings - as stated;

50 YEARS LATER

*"Nostra Aetate" decisively did away with the key theological impediment to Catholic recognition of the State of Israel."*⁵

Corresponding with the design and inner workings of **Vatican II**, Pope Paul VI did something else no Pope had ever done in history! On January 4, 1964 Pope Paul VI became the **first Pope** to ever set foot in **Jerusalem** - a precedent every Pope since has followed.

Other **flattering** statements made by successive Popes have been:

- **"Jews, who were called *'our elder brothers'*"** - Pope John Paul II

- **"Jews are our fathers in faith"** - Pope Benedict XVI

Though many Christian religious leaders too have joined these Rabbis in extolling the virtues of **Vatican II**, let us consider what was in the mind of God concerning these matters 50 years ago.

Just days before the Pope's visit to Jerusalem, God emblazoned His thoughts across the skies on global scale with a **total lunar eclipse**. His prophet picked up this sign and connected right back into the Word;

*"...And isn't it strange that just before the pope took his journey to Jerusalem, that the moon in the heavens made a total blackout, just a few days before he took it, his journey...And God reflected this to us, in the moon, of a total blackout... Isn't that a mysterious thing? God drawing in the heavens the same thing that they hold, same God let me draw on the blackboard, and then by Himself. That's three times He's perfectly identified it, and just before the pope goes into Jerusalem..."*⁶

*"...See, before he went to Jerusalem to block out its Light, or what access it does have. What time, position, and what rights It has to shine, now it's cutting It off altogether, for the last age, the seventh church age where she goes into darkness. What a great thing the Lord is telling us..."*⁷

Fifty years later the prophet's message is proving as true as it was when first spoken. Though darkness and deception has certainly increased in the years since, many other scriptural events are taking place in Israel. I have witnessed a great hunger for the Word of God among the next generation – those born in Israel after the **"exodus"**. This new generation that is rising on the scene is affecting changes that are unprecedented. Consequently, many things are happening in Israel that are sure to bring on a shaking that will see the **desire of ALL nations** come on the scene

Your Brother in Christ, Brother Tony A
