From Andy's Desk

WINNING SOULS:

"But here we don't represent any denomination; we only try to represent our blessed Lord, Who you love and Who your church preaches about and talks about. And we're not trying to make disciples out of anyone. We're only trying to get you to fall deeply in love with the Lord Jesus **and start winning souls for Him.**"

DIVINE_LOVE PHOENIX_AZ 03-05-57

I would like to bring an encouragement this month and exhort each believer to ask God about winning souls for Him. There may very well be a few more elect around us trapped like Rahab, completely helpless. If we ask our Divine Captain, we shall be shown, when we seek his leading, we shall experience Divine appointments.

IF YOU WANT TO DO
SOMETHING FOR GOD,
DO SOMETHING FOR
HIS PEOPLE.

God knows where every last elect seed is, have you asked Him to show you lately? Through prayer, the Lord will open a local vision and reveal the names written in the Lambs Book of life.

Its almost home time!

God bless you all

Shalom

Rev William Branson

OUR HOPE IS IN GOD
NEW.YORK.NY SATURDAY 51-0929

RESTORING THE REPUTATION OF THE LORD'S PEOPLE.

When giving a write-up of my experiences in missionary work, I like to tell it the way that it is without embellishing my subject content to cater to those who suffer from political correctness. Neither do I wish to cover up what many had already suspected were facts.

Brother Branham gave the testimony about a competition he was in at the electric company he once worked for. They were going to see which of the employees could sell the most of the new mogul lamps that had recently come on the market.

Before he tried selling any, he pulled that lamp apart and studied it inside and out until he knew how it operated. The company that made the product gave him a guarantee that they would stand behind their merchandise. The product was so good it sold itself without any sales pressure being needed because he knew how it worked, he presented with understanding and it was backed up by the manufacturer. He just let them try it out and it was all over. That's what preaching the message is about. You must have the vision of what it contains, know how it works for you and present it with simplicity to the people. They are sick of fakes impersonating Christianity, that they want something real that works. The Elect know truth when they hear it. Often when the message goes into a nation, the first thing you find is an enthusiasm amongst the people for a **"new thing"**.

ACTS 17:21 *For all the Athenians and strangers which were there spent their time in nothing else, but either to tell, or to hear some new thing.*

When the Lord brings His message anywhere it causes one of three actions... it causes some **to come**, some **to go** and some to **ponder over**. One of the first manifestations amongst those that recognize the message is that it will cause them to separate from their denomination. But Bro' Branham said that after you get the drowning man out of the water, you must get the water out of the man. So you find some people coming into the message with the same old denominational habits but with a **message façade**. They still have a Methodist/ Anglican / Catholic / Pentecostal mindset and it doesn't take long for it to manifest. Human nature is a very **fickle** thing and it can be a real spectacle.

What **sometimes happens** when the message takes a hold in a nation is that the **first person** who receives it sets themselves up as the **"super spiritual"** leader to the people. If he isn't converted, it isn't long and you see them strutting around thinking the earth could not rotate without them. Give them a little rope and they soon have people believing that all message materials and communications and finance must come through them for anybody to be Bride. The next phase of their ego has all the new fellowships coming under their influence and all ministers must be recognized by them to be "anything at all". Those that don't want to stay under their umbrella become ostracized and called "breakaway groups that you might catch something from" if you get too close to them. Why does this happen? It is because many of those leaders are not God-called ministers nor born again. They have no understanding of the lamp themselves and cannot convey to others the vision contained in it.

RESTORING THE REPUTATION OF THE LORD'S PEOPLE.

Sure, some are very gifted men and can get anointed when preaching, but still have not come to a new birth that gives the understanding. Some even have a genuine gift but it is not controlled by the **Giver of the gift**. They say they are in the message, but the message is not in them. They have come out of the water, but the water is still in them!!! You find these **nicolaitans** in every nation and they are often the root cause for the lack of unity among brethren.

Papua New Guinea was a nation that **once suffered** under the fruits of these **spiritual oligarchs**. When I went into Papua New Guinea for the first time many years ago, I was shocked by the overt dishonesty that had been going on amongst **some leaders** who had set themselves up as the pinnacles of all righteousness. Saints from many nations **who had extremely good intentions** sent money into PNG to help with the furtherance of the message and found that some amounts of money had been misappropriated for personal use by these **self-professed pastors**. Any generous foreign missionary that went into PNG was considered to be Jehovah Jireh and a band of **institutionalized beggars** seemed to materialize. The next manifestation was the natural and spiritual fornication that seems to follow these make believers. Unfortunately bad news travels fast and it didn't take long until brethren in PNG had a low reputation worldwide even though these rascals were a tiny minority. Incidentally should any readers emotions be hurt by my straight talking, Bro' Branham called those make believers **rascals** also!!!

63-1124E THREE.KINDS.OF.BELIEVERS_ JEFFERSONVILLE.IN V-3 N-6 SUNDAY_

Then, the make-believer hangs right on, that Judas. See, that's the deceiver. That's the--that's the rascal, if I have to say such a word. Judas, he hangs around. This is the time, sometime, these make-believers are very popular with the people. That's right, these make-believers, see. Some of them are mighty man, educated, doctor's degree, big pay, everything. Some of them are great man, shrewd, just like sons of Satan would be.

After seeing these things, efforts were made to restrict money from going into PNG and the innocent had to suffer because of the acts of a few that thought the message lamp was to enrich themselves.

However there has been the gradual rising of a **new ministry** in PNG which is witnessed by those that do missionary work there and in addition to this, **those mischief makers which made up the previous ministry has now been exposed publically and PNG has now been set free from any further of their influence. May this be a world-wide occurrence in every nation.**

But the problem is that PNG has a stigma attached to it around the world as one of the most politically corrupt nations. But "all" the nations are corrupted and have drunk of the wine of that Roman fornication. **The Bride is not a part of that!!!**

Now for something encouraging news: During 12 days of April, I had the privilege of spending some time in a remote mountain village called Emari in the Sibu (Chimbu) province in PNG with a large number of message pastors and ministers of that nation. In those meetings the villagers were able to attend and the Lord did some wonderful things.

RESTORING THE REPUTATION OF THE LORD'S PEOPLE.

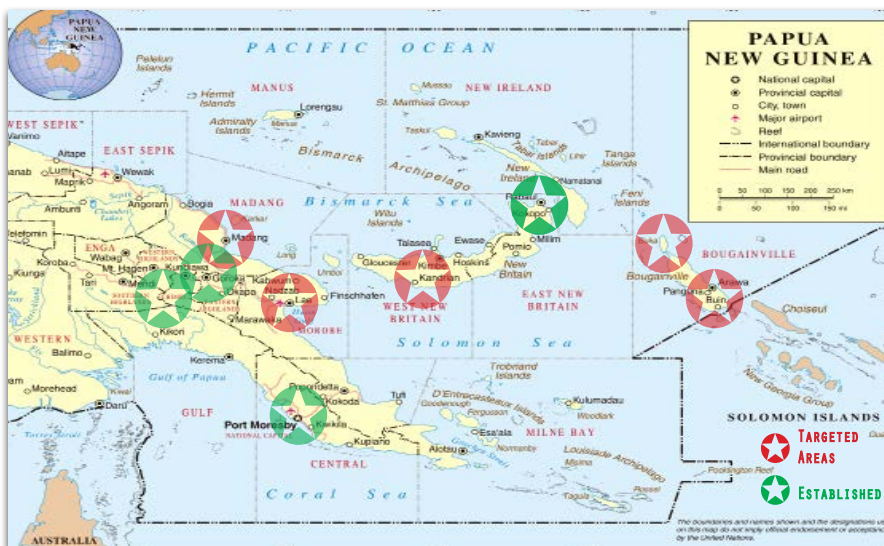

But the one thing that struck me amongst these message ministers was their passionate desire to work together to get the message out to every possible place in PNG and it wasn't small talk!!! **They were intensely serious with a genuine travail in them to save the souls of the people of their nation, but they need some serious material assistance to make it happen.** But what amazed me was that **"none of them asked for money"**. That cursed habit of the **"love of money"** that **had enslaved others had vanished.** This was the second time that they had put together a large gathering without expecting to be propped up by outside sources. They had tapped into the Lords **supernatural economy** and benefitted from **the real Jehovah Jireh.** Money is just a means of exchange and often the Lord inspires a person to help somebody financially and that is a part of that supernatural economy. But there is a big difference between "the love of money" and inspiration, and a big difference between wants and needs. I found these brothers had an excellent balance and understanding of their responsibilities in this late hour and the need to plan well in advance for major meetings and to make budgets for the financial encumbrances that go with it. Their incomes are so small you need a search party to find any cash flowing.

But all the ministers asked me if something could be done about getting PNG back into the confidence of the Saints worldwide which is the reason of this BNL article.

All they ask for is message books and MP4 players and some charts of the seals and church ages. In a previous article of the BNL, Bro' Andy our editor was advertising the purchase of MP4 players that hold the whole message already loaded. They have to be purchased using donated dollars. If any brethren should feel led to help purchase these players that could be sent over to PNG and other nations in an already operating condition, it would be much appreciated. I will guarantee they get into the right hands. We need about 1000 players for the pacific and African regions and that will cost approximately \$20 USD as per the article. Bro' Canan Barkley will be working in

conjunction with me to collect donations for the MP3 players. His email address is:

inthe kingservice@gmail.com
He will put donations into our church missionary fund. From there we will keep a record of those donations and ready them for forwarding to the supplier.

Everybody needs a chance to prove their worth, and I believe that this **new ministry** rising up in PNG is the genuine article and won't let you down. They have the real mogul lamp. They have studied the benefits of the third

pull inside the lamp and the guarantee written in the Lambs Book of Life. All heaven will back them up because they believe the product. What they have will sell itself with no human pressure because the sheep know the voice of their great shepherd. Jesus Christ the Bridegroom has come for His Bride. She has His mind and "knows what to do with the word".

To God be the glory.
Shalom, Bro' Adrian Gray.

Personal Testimony

Bro Samson Shetty

When I was 6 months in my mother's womb she attempted suicide due to my father's drug and alcohol addiction and because of the physical and mental abuse she had endured. She jumped in a 30 foot deep well, but someone saw what happened and pulled her out. By the grace of God and according to His predestination plan and purpose what I believe, my mother survived and on October 31st 1981 I was born. My mother and father were not Christian believers at that time.

My ancestors were Hindus but my grandparents became Christians through the ministry of the Baptist church many years earlier. My parents claimed to be Christians but they were not really living for the Lord. At the age of 13, I was seeking God and wanted to meet Him in person and to hear His voice. I went to some Christian churches but did not find Him, I went to Hindu temples but I did not find Him, I went to Muslim mosques but I did not find Him. So, then I decided that God did not exist and that there were no God or good or bad or evil spirits. I thought that it was nothing but superstition, so at the age of 13 I decided to become an atheist.

Not long after this, I heard about a group of young Christians who had come to our area to start a new church. They were all came out of Trinitarian Pentecostal denomination and were very new to the Message of the hour which was sent to the Bride of Jesus Christ through His prophet William Marrion Branham in this end-time.

And there was word around town was that people were being healed, demons were being cast out, and many other signs and wonders and miracles were taking place through their ministry. I did not believed in any of that stuff and often times made fun of them.

One day, as I was walking near the church with my cousin, Raja, we heard them singing songs and worshipping the Lord. I felt something drawing (pulling) me to go there so we went in to the house. We saw couple young people singing songs and praising God. I was still very skeptical so I asked someone to pray and prove that God was real. I said, "Show me God if He is there...And if He is real". I also asked them to pray for Raja. I said, "He has always been afraid of demons. If God is real pray that he will no longer be afraid."

They lifted their hands and said, "Heal in the name of Jesus Christ." They didn't touch us but we both fell to the ground. This happened more than five times. We didn't know what happened but we were terrified. I went home started to think about God. I stayed up all night and could not sleep. Early the next morning I went back and asked the brother what happened. His name was Vijay and he shared the Gospel with me. A few weeks later I accepted Jesus Christ as my Lord and Savior. And I was Re-baptized in the Name of the Lord Jesus Christ on June 28th Wednesday evening at 6:00 PM in year 1995.

And there was a brother in that group named by Abraham Kakileti, shown me a Message introduction card in April of 1995. And that was my first time seeing the prophet's picture with the Pillar of fire and Supernatural cloud. And few months later this brother misunderstood the major doctrines like Serpent Seed, Spirit of Elijah and etc., and left the Message and went back to the Pentecostal denomination.

And the Lord had spoke to me through dreams, scriptures from Isaiah 49th chapter and some of the believers and ministers prophesied about my calling to the ministry. And I was also feeling the pull in my heart for ministry but I did not know how to make the decision and how to start the ministry.

Personal Testimony cont...

Bro Samson Shetty

So, then I took my Bible and packed my bags and left my home at the age about 16, started my ministry as an Evangelist. I traveled different places, went to rural, remote, tribal villages preaching the Gospel and arranged open air meetings and started few churches by the help of the Lord.

And I have started fellowship at our home, we had a service on Sunday evening January 9, 2005 with 7 people and the Lord blessed us with over 100 people now. My Grandma and my parents gave their hearts to the Lord and Re-baptized. And the Lord gave me a great privilege to baptized my parents, they gave me natural birth but I gave them Spiritual birth, by baptizing them in the Water in the Name of the Lord Jesus Christ.

After we have church services at our home, my Grandma and my parents gave their only house and property of more than 300 Sq Yards of Land for the Church building. The Gracious Lord honored their great sacrifice and Blessed us with nice 4 rooms house. And we have a humble church at our home town now.

And we have constructed two church buildings, dedicated for the glory of God and had inaugural conventions in January 2015. We have Three sister churches in different remote villages, 12 ministers (Pastors and Evangelists) working with us. And we have Church planting, Free Bible distribution to the poor Christians, Rural Evangelism, Missionary work ministry. We are reaching to the un-reached and un-churched by the help of the Lord.

And also the Lord has blessed me with a godly wife "Suvarna", we have three children "Selah Faith" (5), "Susanna Elisabeth" (4) and "Samuel Larry" (1 year).

The Lord has been so good to us. We are Thankful to God for restoring our hearts back to the Original Word of Truth in this last days. We love the Message which was brought to us by God's True Prophet William Branham. We are enjoying God's wonderful blessings in our lives and rejoicing in the Revelation of Jesus Christ every day. We love the Lord! And we love you all precious brothers and sisters in the Bride of Jesus Christ around the World.

Trust this testimony will be a blessing to you. Please pray for us. Thank you!

God bless you saints

Your Brother in God's Family
Bro. Samson Shetty Mantada

Sacrifice of the Paschal Lamb Returns to Jerusalem After Millennia

“...they shall take to them every man a lamb, according to the house of their fathers, a lamb for an house:”

Exodus 12:3

Friday, April 22nd marked the day on the Jewish Calendar (**14th of Nisan**) on which the Paschal lamb of the **“Lord’s Passover”**¹ was to be have been slain. In that first Passover sacrifice some 3,500 years ago, the blood of the lamb splashed on the door posts, was the final climax to an incredible saga which - in a few hours - gave way to the greatest **Exoduses** in the history of mankind.

As we know, this prophetic drama foreshadowed an even greater **Paschal sacrifice** that followed some 1,500 years later. Then it was the **Lamb of God** who would lay down His life, initiating an even greater **spiritual Exodus**. However, in that greatest of events, God in His sovereign predestinated will blinded² His own chosen people from being able to see His plan of redemption in the sacrifice of His Son...but not forever!

Let us not forget that after the death of Jesus – was His resurrection! In the similitude of Christ’s restoration, Paul alludes to a restoration and resurrection for the nation of Israel in the last days. He states the following; ***“For if the casting away of them be the reconciling of the world, what shall the receiving of them be, but life from the dead?”***³ Israel **must** be restored – but the question is; **How** will this restoration take place? What will it **look like?** And even more importantly; ***“Could we even be seeing this restoration now?”***

For this we look to the prophet. In the message ***“Why”*** Brother Branham makes a simple, yet very profound statement; ***“...Confess your sins, go right back where you left Him. Go right back wherever you left Him, and there you'll find Him again.”***⁴

Paul elaborates what this blindness is that has afflicted the Jews. Ironically, the “veil” by which they were blinded, was in the very observance of the ordinances, sacrifices and commands that God Himself ***had instituted.***⁵

What perfect sense it makes then, that in order for this “veil” to lift there must ***first*** be a return to ***these very*** ordinances that have been suspended for the past 2,000 years since the destruction of the Temple! Brother Branham also confirms this as part and parcel of the very purpose and objective of the two witnesses of **Rev 11**. That by being called **out** of these very ordinances and sacrifices, the “nation” of Israel will ***“look upon Him whom they have pierced”***⁶. Then they shall finally see the ***Lamb of God***;

“...In Revelations 11, their ministry will be the ministry of Moses and Elias calling to Israel, out of the Jewish traditions; just as the seventh angel's Message called the Bride out of the Pentecostal tradition. Remember, Moses and Elijah is to call Israel out of the old atonement of the lamb, and sheep, and blood, and goats, and sacrifice, to the real living Sacrifice, to the Word...”⁷

Finally, after nearly 2000 years, this prophecy is now a reality in our day. Just a few years ago the **Nezer HaKodesh Academy** was established in Israel. This special school is now training men - only those eligible priests of the strict Levitical lineage, in the details of Temple service.⁸

One of the functions of these **trained Levites** is to perform the offering the ***Paschal lamb***. In the days before Passover last week, trained Priests of the Levitical order performed a “trial-run” of the ***Paschal sacrifice*** from a vantage point on top of Mt Scopus, overlooking the “Dome of the Rock” on the ***Temple Mount***.

The Paschal Lamb | Israel

The following photos show a replica of the **Altar of Sacrifice**; A number of specially trained Priests - some blowing hand crafted silver trumpets recently rebuilt for eventual use in the 3rd Temple; Even the lamb that was offered up as per the biblical requirements given by God to Moses for the Passover celebration of 2016.

The fulfillment of such events serve as vivid reminders that God's covenants cannot be broken. That His plan of restoration and redemption for Israel, as well as for the rest of the world, is moving steadily forward!

Please feel free to contact me if you are interested to know more about these events or how you can be a part of even support the fulfillment of God's Word in these last days.

Sincerely, your Brother in Christ, Brother Tony A.

DAY IS BREAKING...

*Day is breaking - new mercies I see
Poured out from God, and it's all there for me
The tints of Gold that fill the skies
And the splendour of God I behold with my eyes*

*I stand in awe as I gaze
Upon God's majesty in a daze
Such beauty I behold
More glorious than I have ever been told
I find myself on my knees with my hands in the air
And a Presence so sweet, which I can hardly bear
Flows over and through me, It reaches deep down into my heart
I feel the tender Touch and I know We will never part*

*As I stagger to my feet, the Presence still heavy on me
I know for sure that I've found the Key
To unlock the Chamber of Treasures laid out for me
Thank You, Jesus, for letting me see!*

*The Glow of His Presence is slow to leave
Secret Manna from Heaven I have received
I look down at my garment and see it is white
Pure and fine linen - oh, what a Sight!
On my Finger is a Wedding Band
And Jesus is leading me to that Land
Where He will sup with me and I with Him
Oh, my cup is filled to the Brim!*

By Sis Marthie

Secrets of the Pyramid.

David Shearer.

Part 4.

This is not a spiritual article. It is a continuation of some facts about the Great Pyramid of Egypt, mainly from "Secrets of the Great Pyramid" by Peter Tompkins. We hope you find it interesting. (Part 1 see February 2016 issue)

If you thought that the Pyramid was a tomb for a dead Pharaoh, you would be mistaken. The reasoning for this statement is the fact that, unlike the other tombs, the King's chamber is devoid of any royal decoration. In the King's chamber there is a stone box that they call a "sarcophagus" but no body was placed in it. The box is bigger than the passage leading to this chamber, so it was placed there while the pyramid was being built. One theory, is that the size of this box is a standard unit of fluid (or grain) measure. An interesting fact is that due to the immense bulk of stone around this chamber, the temperature does not vary from 68deg Fahrenheit day or night, meaning there are no temperature changes to cause expansion or contraction, ideal for storing metallic 'standards'.

The limestone blocks comprising the core of the pyramid are believed to have come from the quarries just across the Nile (about 20 miles away), or the Giza hills beside the pyramids. The massive granite blocks (70 tons) which form the ceiling of the Kings chamber, are believed to have come from the Aswan quarries about 900km up the Nile, and brought to the site on "barges". The Egyptians had very good copper tools for working the limestone, but they must have also had very hard tools to cut hieroglyphs, and these granite blocks. Iron is not known about, and the little traces of it are very corroded because of the nitrous soils. [Note: In Pre-flood times however, one of the descendants of Cain was an "instructor of every artificer in brass and iron", Gen 4 – so iron was known about, but not widely]

The ancient historian Herodotus says that a great causeway (about 800m long, and 20m wide) of polished stone, was built from the Nile to the Giza building site, and sleds were used to transport the heavy stones. The incline of this causeway would have been about 1/25 and

it has been estimated that it would take 900 men harnessed, and pulling in unison to raise the blocks to the top.

There are a number of theories as to how the pyramid was constructed, but it seems that ramps going around the sides of the pyramid working up to the top is the most plausible. The core limestone blocks were placed first, then the skilled builders fitted the highly polished casing stones starting from the top and working back to the base.

There is a barracks for accommodation of the builders on the West side of the pyramid site which they estimate could have housed 4,000 permanent workers. There could have been another 100,000 laborers from the farm workers, temporarily unemployed during the Nile flood times.

The Cubit.

In ancient civilizations the value of length measurements is generally the cubit. The word comes from the Latin *cubitum* which means elbow, and was taken to be the length from the tip of the middle finger to the elbow. In ancient Rome the cubit was taken to be six palms wide. (about 444mm). In ancient Greece the cubit (called a *pēchys*) was 462mm. (The forearm is used in measurements in India, China, Japan, Thailand and others).

Earlier than these, the Egyptians adopted a value for the cubit which is seven hands wide. (approx 525mm) This is called the Royal Cubit, and its value is in use in temples and palace buildings, all over the middle east. The Bible refers to this in the measurements of the Jewish Temple as the "cubit and hand breadth" (in Ezekiel). When talking about the Temple, or the Pyramid, it is important to use the correct unit of measure. [I listened to a 'modern' Bible version recently, where the Temple measurements were quoted in inches – but the Roman Cubit had been used for the cubit, which meant the sizes were all wrong. A salesman had told me this was the most accurate Bible version ever. (I doubted that). It would have been safer to use the word 'cubit' rather than to have converted it incorrectly.] [To be continued.]

Youth Camp Thank You

By the Lord's grace the March youth camp was a huge success. The turnout was more than we anticipated and we are thankful for all the churches and families who supported the camp. We believe the Lord has touched lives during the church services as well as during informal fellowship between services.

There was a good mix of outdoor and indoor activities and it looked like the youth had lots of fun throughout the weekend. It was great to see young people from the various fellowships and areas of New Zealand mingle and make new friendships or perhaps pick up old friendships.

Brother Daniel White took four of the services while Brothers Ben and Alray took a service each. Brother Daniel's main thought throughout the camp was "The Warrior Within You" and all the services were focused on daily practical victorious living. We trust that the young people went home spiritually enriched and looking forward to the next youth camp.

We would like to thank everybody who contributed financially to bring the cost down as well as those who supported us in prayer and other forms of assistance. May the Lord richly bless each one richly.

Most of all we thank our Heavenly Father for His hand of blessing and protection.

We would appreciate your continued prayers and support for the next youth camp, planned for Labour weekend later this year. More details will be published as it becomes available.

Brothers Ben Gloyne and Alray Robertson
