Quote for the month:

WHEN A MAN LEAVES
THE THINGS OF THE WORLD
AND COMES TO CHRIST,
HE FINDS THAT
ALL-SUFFICIENCY
— IN —
CHRIST

Rev William Branham

100 BNL ISSUES

God bless you Saints. Well as you can see we have arrived at the big century of the BNL. It's hard to comprehend that we have been going all these years since Bro' Charles Wilson felt led to start this publication for the benefit of missionary work 10 years ago. It started off in such a small way with his late wife Sister Joan also working behind the scenes and has become a worldwide internet newsletter that has assisted and promoted the Lord's work in many nations around the globe.

Many people thought the BNL would never last a fraction of the time it has now accomplished as similar attempts at newsletters were made that failed to get off the ground. But with the persistence of Bro' Charles and a committee that had a determination never to buckle to pressures or prejudices of the "powers that be", the BNL has given missionary brethren an opportunity to share their experiences and get financial and material supplies into areas of the world where the Elected live.

There have been many names associated with the preparation work of the BNL over the years and some have now gone on to be with the Lord. I would like on behalf of the present BNL committee to salute them all and thank them for their sacrifice.

To the contributors of articles, we thank you for your efforts in giving us write-ups and photos. Don't stop now!!! Many contacts have been made to bring people to the last message to the gentiles before the end comes. We are living in perilous times but wonderful times. Apostle Paul wanted to live in this time, but the Lord predestined a people for this day who could catch the vision of the message of the prophet of Malachi 4 v 5 and "know what the Lord wants done with the word". You are fulfilling scriptures.

My last thought is for you is to remember that the worlds news media gives the masses selective and mostly fake information. The "mainstream media" is not your absolute. Always come back to what Bro' Branham said by filtering all opinions through the word

of God. Laodicea has become an age of hysteria and insanity. Everybody and their dog has an opinion because they have rejected the day of their visitation. As the prophet said, "press the battle"

60-0515M THE.REJECTED.KING_
JEFFERSONVILLE.IN V-2 N-23 SUNDAY_

« 164 † All fear of death... I say this with my Bible before me this morning. I've got a little boy there four years old, to be raised. I've got a nine year old girl and a teen-ager that I'm thankful for, that's turned the way of the Lord. God, let me live to bring them up in the admonition of God. Above that, the whole world seems to scream to me. Ninety year old women and men and all kinds, "If you hadn't have went, we wouldn't been here." And, God, **let me press the battle**. But if it comes to dying, I am no more... It would be a joy; it would be a pleasure to enter from this corruption and disgrace.

If I could make up yonder, one hundred billion miles high, a square block, and that's perfect love. Each step this way, it narrows until we get down to where we are now. It would be just merely a shadow of corruption. That little something that we can sense and feel that there's something somewhere, we don't know what it is.

Oh, my precious friend, my beloved, my darlings of the Gospel, my begotten children unto God, listen to me, your pastor. You... I wish there was some way I could explain it to you. There's no words. I couldn't find it. It's not found anywhere. **But just beyond this last breath is the most glorious thing that you ever... There is no way to explain it. There's no way; I just can't do it.** But whatever you do, friends, lay aside everything else till you get perfect love. Get to a spot that you can love everybody, every enemy, everything else. That one visit there to me has made me a different man. I can never, never, never be the same Brother Branham that I was.

God bless you all for the year 2017.

Bro' Adrian Gray (New Zealand).

Mission Work In India

Reaching The Unreached

November - December 2016

Dear brother and Sisters in the Lord, these two months were very fruitful months of ministry for us - several hundred people responded to the gospel. God has been so faithful to us in every aspect of our ministry. *Preach the word; be instant in season, out of season; reprove, rebuke, exhort with all long suffering and doctrine...* **2 Tim 4:2**

Ferozpur Meetings

Thanks for praying for our meetings in the Ferozpur. People from Pentecostal who had heard the Message from the previous meetings arranged another meeting in the area. Where some 250 people heard the Message of the hour and about God sent a Prophet to this age. Meetings went well. Now we are doing a follow up work in this area and trying to spend time with all the brothers and sisters who are interested to know and with those who wants to learn more.

PRAY AS SOME MORE PEOPLE ARE GOING TO ACCEPT THE MESSAGE IN THIS AREA.

BUSY IN FOLLOW UP WORK WHO EMBRACED THE MESSAGE

Rebaptism of 2 pastors from Madhya Pradesh State

We praise God for the two pastors from MP who accepted the revealed Word for this hour and have been re baptized in the precious name of our Lord Jesus Christ last month by bro. Des Raj who does mission work in Rajasthan. Please uplift this newly started work in your prayers.

Open Air Meeting in Bhamari Village

By God's grace we could arrange open air Gospel meetings again this year in a village called Bhamari. Praise God for giving us very successful meetings where some three hundred people came from different organizations and

religions. We proclaim the Message of salvation through the present truth of this hour.

Pastor Prem Masih is ministering over there, please remember him in your prayers as he has a great burden to take the Message

among the non Christians people nearby his village.

ANNUAL CONVENTION GURDASPUR

We thank God that He made it possible to have our successful annual convention like the past year in the city of Gurdaspur. Our Wonderful Lord Jesus Christ visited us in a Supernatural way confirming His Word which has been preached.

The LORD birthed a great revival through these meetings. Many Souls were saved & added to the Church and the believers were strengthened in faith and received a fresh anointing to do the work of the ministry.

Here are few pictures of people from the meetings.

The local Pastors and leaders were overwhelmed with joy to see so many new souls entering into the kingdom of God and being added to the church.

JAMMU & KASHMIR CONVENTION

It was a matter of joy to organize two days convention in Jammu. There were over 100 people and many of them met me and told me that they heard a message that was very different from the messages they are used to

hearing in the denominations and that they were enlightened, challenged and moved to action by the power of the Word of God. Praise the Lord.

Brother Rakesh Kumar is doing a ministry in Jammu to serve people (encourage, equip, and build on the solid foundation of God's Word) the Lord is using him mightily for the blessing of people.

I had been having a pretty tight schedule throughout the past three/four weeks (I was traveling day and night most of the times I had been preaching really hard trying to follow up to teach newly converted). The Lord is good and I had been managing well... but coming back late night from Jammu we met a terrible accident, I was driving the car, Lord protected us (four in the car) miraculously though the

car damaged badly. His Name is praised!

We are rejoicing over the baptism of a young brother who accepted the Message from a Seventh Day Adventist church and one sister from our church. We praise God for adding more souls in the fold.

Bro Ranjit from 7th Day Adventist

19 Rebaptism in a Pentecostal Church

In the previous Mission Report I mentioned about the Rebaptism of Bro. Rajiv Kumar (evangelist) Pastor Vijay Kumar and deacons and song leader's rebaptism from Pentecostals. You will be rejoice with us to know that almost entire church of Pastor Vijay's (19 members) have been re baptized in the name of the Lord Jesus Christ last week by our precious brother Ted Posedly while he was with us for the Mission trip to India. Kindly remember these pastors and believers in your prayers as they have started to witness this message among the people in their contacts.

Some PICTURES FROM Baptisma

PS VIJAY, EVANGELIST RAJIV AND DEACONS

DRUG ADDICTED CURED AND DELIVERED

About four months ago we have started ministry among the drug addicted, sharing with them the love of God for the sinners and how He came to redeem us from all kinds of bondage. By the grace of God we were able to take care of 10 young men and treated them successfully 7 of them are completely delivered and have been baptized. When their families saw that their husbands/children are delivered from the curse of drugs they approached us and thanked us and accepted the Lord Jesus Christ as their personal Savior. Thus we baptized some 17 people from them. Now many more families in the village are

7 young brothers delivered and baptized

coming to us and many of them thanking us profusely for the Gospel, and seeking prayers and answers to some questions.

Our brother Mohan Singh

who knows medicine and treating the drug addicted promise with the other families that we treat them after the winter – till that time they are in our contact and start coming in the fellowship.

There is another village in the same district called **Lattian** where 80% of the citizens are criminal. Men women with whom we have started the church, most of them have come from the prison houses- some are involved in the drug traffic – some listens but some go away when they know that they have to come out of this life. We need your special prayers about this regard.

Bro Mohan giving treatment

The problem of heroin was started years ago... but no one's putting an end to it. Politicians use drugs to gain votes. Drugs are available everywhere. There is some addiction centres of recovery but very little are done about the problem.

Above brothers who used to take drugs and their families getting baptized in the Lord's name.

PRINTING OF THE MESSAGE BOOKS

Lord is providing therefore we are committed to print the Message books in order to provide the food to the newly born believers and churches to nourish them

that they may grow spiritually and be established in the Message.

More believers are coming and more demand of the books is increasing- we would like to print more books to bring the Message in every hand who very earnestly desire to read the Messages.

THE PRAYER REQUEST

Lord willing we are going to organize one day Message Convention. There will be two meetings morning and evening; this is a place where Message of the hour has never been preached before. One brother has accepted the Message and now the Message is reached to this town called NAWAN PIND. We are going to introduce/share the Message with different denominations around the area. Invitations have already been sent. JUST NEED YOUR FERVENT PRAYERS.

Bro Roshan Masih

END TIME MESSAGE (PUNJAB, INDIA)

A GREAT HUNGER FOR THE WORD IN THE REPUBLIC OF ANGOLA

*"Blessed are they which do hunger
and thirst after righteousness: for
they shall be filled." (Matthew 5:6 KJV)*

While in Germany, Brother Byskal and Brother Dodd sat down with ministers from Angola who had a desire to share their great need. The need is for Portuguese Message Books. It seemed strange to us to hear that they had a great need for Message Books as we were aware of a container load of books that had been recently printed and shipped from Brother Fabriono in Brazil, which supplied 600,000 books for Angola. It seemed strange that the brothers had only received a few books out of this great supply. It was only after hearing that there may be 800,000 to 1 million believers in Angola, that the puzzle began to be solved. Even 600,000 books is only a tiny part of what is needed in that country.

To be able to supply even half of the Message of the Hour to Angolan Believers in book form would take hundreds of millions of dollars.

But there is an answer.

Thanks to the **Message Hub Mobile Application**, all translations can be loaded and linked to the Portuguese Bible for use by the Believers. The Brothers informed us that smart phones were becoming common in their country, and their eyes began to light up with the possibilities of each Believer having possession of all translations and being regularly updated automatically.

There is an immediate need for

Portuguese speaking Believers with Internet access to contribute to this project. We know and trust that the Lord will provide for this work and we are working diligently to make this happen as soon as possible.

There is also a need for print stations in Angola to provide books where electronic devices are not available. In 2015 we reported on the first print station installed in the capital city of Luanda. This print station is sponsored by Brother Jason Jackson's assembly in Arkansas. Since installation, tens of thousands of Portuguese Message books have been printed and distributed. They are currently printing 3,000 books and pamphlets per month, and distributing them to 26 churches. Yet that one print station alone cannot meet so great a demand that is in Angola. We thank God for this work even while we pray that the Lord provide for these hungry Believers. □

Saints in Brazil preparing the container

The container unloaded (above) and books distributed in Angola (below)

MOMENTUM IN MONGOLIA

DRIVEN BY A BURDEN

Helping to translate the Message into Mongolian

Six people baptized
in Northern Mongolia

15 year-old girl baptized

Worship leader (at left) of local church who was baptized

Many foreign countries today are full of believers and churches, but they didn't start out that way. At some point in the past, some believer, equipped with nothing more than a burden and some prayers, touched down in an obscure forgotten country alone. From that humble beginning, God began to water predestinated seeds, and now the landscape is dotted with thriving churches.

Brother Dan and Sister Della Fehr recently returned from spending a month in Mongolia. They brought with them 25,000 messages, on USB, CD, and book form, in Chinese, Korean, Russian, and English. It was only after their arrival that the first Mongolian message translation was completed. (90% of the population understand only Mongolian.)

This was not their first trip to Mongolia; Brother Fehr had visited there last year, so they had at least a few contacts.

After working with a tiny group of fledgling Believers, they completed the translation of *As The Eagle Stirreth Her Nest* in Mongolian, printed several copies, and boarded a train for the next town. On their journey, they were stunned to meet a pastor they had met briefly on the previous trip riding the same train! They ended up having a three-hour Bible study with this pastor while on the train, and he was deeply smitten by what he heard. They gave him the first copy the message they had just printed that very day.

Brother Dan and Sister Della arrived to their destination at 2:00AM, but the following day allowed no rest. They had three meetings in the next eight hours. Brother Lukram Thapa had been to this town in June, and shortly before he arrived, a young girl had a dream that a man gave

her a "key" she was supposed to give to her pastor. The pastor also had a dream, of a man bringing her a key on a platter. When Brother Lukram arrived, he looked like the man in the dream! He preached on the "key" that unlocks the mysteries of God! The pastor was baptized.

In this same town in Northern Mongolia (near the Russian Border) Brother Fehr was able to share the Word and baptize six people in Christian Baptism. One of them, a 78 year old woman, understood Russian. Up until now, they could only give out the one Mongolian message they carried. Now they shared Russian books with those who understood Russian.

The pace of the short trip was demanding, but the Lord continued to bless. A 15 year-old girl who had been abused and attempted suicide, expressed her desire to follow the Lord Jesus Christ and was baptized – together with three others. One of those three baptized was the worship leader of a local church. Also a Buddhist woman heard the Word and gave her life to Christ, right in her own kitchen.

The local Bishops were now warning people to stay away, but the final meetings, which took place in a restaurant, drew hungry souls from up to eight hours away to receive spiritual food. Brother Fehr hopes to return to Mongolia again within six months and continue the work.

Brother Dan Fehr supports this work from his own church in Manitoba, Canada. Any funds sent through Bible Believers are sent to him directly. We are glad to publish this work as an example of ground breaking Missions work that is a benefit to the Body of Jesus Christ. ■

Since 2008, Brother Jason DeMars and Present Truth Ministries of Hopkins, Minnesota has helped support the translation of over 45 sermons of Brother Branham, established four churches in Turkey, led hundreds of people to the Message, distributed thousands of Bibles, and led many, including Muslims, to Christ.

Brother Shahin Taghizadeh is the Pastor of a church which Brother Jason helped to plant in Denizli, Turkey. Brother Shahin has been ministering in Turkey since August 2014. He came to faith in Jesus Christ 20 years ago after having grown up as a Muslim. He has been a minister for 17 years, mostly in Iran. He faced persecution from the secret police and was imprisoned on one occasion. As a result, he decided to move to Turkey with his family.

Last summer Brother Shahin told Brother DeMars, *"I was in the Message in Iran for 18 years, and I've learned more about the Message in the last several months working with you than in that entire time."*

In the beginning of July, Brother Shahin sent a ministry report regarding his work in the church in Denizli. The last month he has been ministering on being filled with the Spirit, and with the help of Brother Branham's messages he was able to instruct the people on the correct revelation of the Baptism of the Holy Ghost.

Brother Keyvan is pastoring a church in Isparta, Turkey and is originally from Rasht, Iran as well. He was an evangelist in Iran and led over 400 people to Christ the last 13 years while living there. About two years before he moved to Turkey, Brother Jason DeMars made contact, and Brother Keyvan came out of Iran to the minister's meeting in 2013. He has brought many denominational believers to the Message over the last year in Turkey. They were almost all new believers, so he had to start from the very basic ABC's to teach them the Truth of the Word.

Brother Keyvan writes, *"I have two testimonies to share. The first one is that there was a child in hospital due to some heart trouble. I prayed for him and by the grace of God he was healed and discharged from the hospital next day. The second one was on May 17, 2016. At midnight I received a text message from a Brother in Iran saying, 'Please pray for a child who is about to die in hospital.' I asked for the details and he said the child's blood sugar level is 500 and is in the hospital in Iran. He was the son of one of his friends. I asked if there was anyone next to his bed in hospital right now and he said, 'Yes.' I said, 'I will text you my prayer. Forward it to them and ask them to*

lay hands on him with faith and pray on our behalf and claim the healing.' The next day we heard back from the Brother in Iran. He said, 'Praise the Lord! The boy's blood sugar is 100 now and everything is under control.'"

Another testimony is from a new believer in Isparta, Turkey who was unemployed and down to his last three Turkish Lira. The Brother said that he decided to put that last money that he had into the offering. The very next day he was able to get a job, and the employer paid him 150TL that very day!

Brother Jason DeMars also returned to Turkey in July for their 3rd annual minister's meetings in Isparta. He reported in early September that the Lord used the meetings to set people's hearts on fire, with many Muslims confessing Jesus Christ as their Savior and many baptisms.

Bible Believers is supporting the translation effort in Farsi (Persian) through the Message Hub. Farsi has now been added to the Message Hub Mobile App, so that the Persian speaking people can now access all translations through their Android devices. This is part of the on-going development with the Message Hub in support of missions work all around the world.

GOD & SCIENCE

Science is finding God

by David Shearer

This is a commonsense Biblical perspective about Dinosaurs.

www.believersnewsletter.net

The Dinosaur Myth.

Firstly, Dinosaurs are real. But the myth about Dinosaurs, is that they died out 65 million years ago.

It is supposed, that this occurred by a meteor striking the Earth. The dust thrown up into the atmosphere, blots out the sun, causing major climate change. The resulting Ice age caused the extinction of the dinosaurs.

Dinosaurs in the Bible.

The word "Dinosaur", is a modern word and is not found in our Bible. The Bible used the word "Dragon" for reptilian type creatures.

Men and Dinosaurs Co-exsisted.

In the book of Job, there is a description of an animal, that can only be described as a dinosaur. This shows that men and dinosaurs co-exsisted. "...which I made with thee..."[See quote below.]

There is also rock paintings at various sites on Earth. In the American southwest, there is rock paintings on a cave wall. One of these paintings is of a dinosaur. (It is not a mythical creature - all the other drawings were of animals that exsisted with the artist. Why not this one?)

Dinosaur DNA.

Recently, they have discovered blood cells inside dinosaur bones. If they were 65 million years old, this type of tissue is supposed to have completely decayed away. The statement was made that: "You would think they were only a few thousand years old, to find this."

Maybe they ARE only a few thousand years old.

How did the Dinosaurs Die?

New research has shown that many dinosaurs adopted a certain physical position while dying, (while being covered with the sediments). This indicated that the cause of death, was asphyxiation.

The flood killed the Dinosaurs.

There is an event in the Bible, which could have caused the death of the Dinosaurs in this manner - Noah's Flood. As well as killing the dinosaurs, this event created the fossil record. (Millions of dead things, trapped in rock sediments, all over the Earth.)

Modern creatures found with Dinosaurs.

Modern creatures and plants have been found in the rock layers, along with the dinosaurs. These are sometimes called "Living fossils". It is claimed that some of these have not changed in 200 million years. (This is called "Stasis")

Are Dinosaurs Birds?

There is a claim that dinosaurs evolved into birds. The claim is made that scales, evolved into feathers. This has been discredited, however, as scales are vastly different structures from feathers. Scales are formed by "skin pockets" whereas feathers are produced from a folicle much like hair is in mammals.

The Bible said...

Behold now behemoth, which I made with thee; he eateth grass as an ox.

Lo now, his strength is in his loins, and his force is in the navel of his belly.

He moveth his tail like a cedar: the sinews of his stones are wrapped together.

His bones are as strong pieces of brass; his bones are like bars of iron.

He is the chief of the ways of God: he that made him can make his sword to approach unto him.

Surely the mountains bring him forth food, where all the beasts of the field play.

He lieth under the shady trees, in the covert of the reed, and fens.

The shady trees cover him with their shadow; the willows of the brook compass him about.

An Ember Among the Ashes – The Christians in Syria

You have no doubt seen images similar to that shown here of the catastrophic war in Syria that has raged over the past six years. Another major feature in International news has been the plight of Syrian refugees, some of whom may even be living in a neighborhood near you.

What few may realize is that while many have risked their lives to leave Syria or were accepted as refugees, some that I remain in almost daily personal contact with have been unable to leave. Their destiny, through no fault of their own - was predestinated to have been born under a dictator and live in a **radical** Muslim country. And yet they are our Brothers and Sisters in Christ.

Damascus: Bro. Jason Watkins of Bethel Tab with Sis. Rebekah and I in 2008

Many of you received reports and testimonies during those years when it was possible for me and others to travel in Syria to minister the Word of God. Though it has been impossible to return, it is still possible to minister to those who remain.

It is now winter in Syria. Though some may consider this Middle East country as sub-tropical with a moderate climate, the reality is that there is often snow in Syria. Though average temperatures may reach a high of 12°C (53 F) during the day, in January the average low is around 1°C (33 F).

As an ember among the smoldering ashes of this once thriving country, Brother Amin is standing strong in the faith under incredibly difficult circumstances. He and other Christians must brave the constant threat of persecution and inhospitable conditions. Most apartments and homes are built of brick and concrete and are not insulated. When heating oil can be found, it is very costly...on the "black market". When available, electricity may only stay on for an hour to two at a time, with blackouts of 5,6 and even up to 8-10 hours. While food can be purchased, few can find work anymore to earn something with which to even purchase food.

Brother Amin sent this text to me only a few weeks ago;

"We have no electricity, no fuel oil, and no petrol, but yet I will...Rejoice in the Lord, I will joy in the God of my Salvation. The Lord God is my strength and He will make my feet like hinds feet and He will make me to walk upon high places..." [Hab 3:18-19]

In spite of living under unbearable conditions, with joy Brother Amin, a believer in God's Word that has been restored, continues to testify of the Truth and the mercies of God. For many, he is the only flicker of hope in what is a hopeless condition.

As mentioned, it is possible to send a gift of love to our Brother in Syria. Of those who were burdened and contacted me privately to inquire about how they could help, I am sincerely humbled. As conditions worsen however, I am constrained to make an appeal and share this burden in the hopes that others too may also want to help Brother Amin and the Christians he is in contact with that are suffering under immense difficulties.

If you are interested in extending and sharing the blessings the Lord has granted to you with those in Syria who are suffering, I would be honoured to hear from you. May the Lord richly bless you.

Your Brother in Christ,
Brother Tony A.
