Quote for the month:

“ You must always stay where the Kingdom of God is and where the glory of God is pouring out.

Stay where you can be spiritually fed day and night. ”

Missions

On the 23rd of September, I flew once again to Saigon and the following day we travelled by Grab-taxi into the rural areas of the south. The weather at this time of the year is very changeable and after arriving at our base in a local town, we headed to the rubber plantation group by motorbike in fine weather. To get to the church you have to go down a steep track through the rubber trees and in the middle of the plantation amongst millions of trees, a small church is located. The whole day was spent there and during the time a heavy dose of rain arrived which meant that getting out of the plantation at the end of the day was going to be a mission

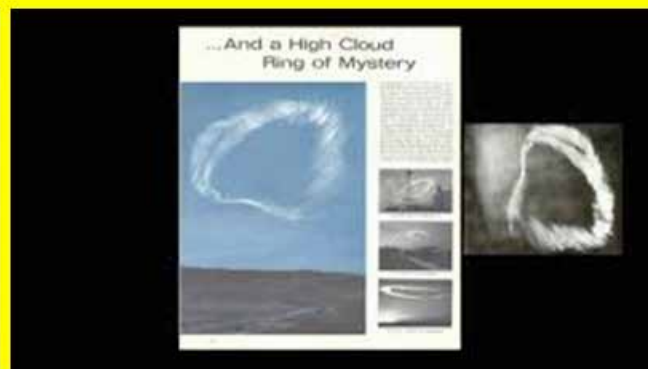

Vietnam visit October 2017.

God bless you brethren. As usual, I wish to keep my sponsors up to date with the missions work in Vietnam so that you can see where your sacrifices have been utilized.

on it's own.

Trying to get back up the hill caused all the motorbikes to end up horizontal so we had to manoeuvre them up without riders on the seats. Then once on the level we headed back into town and continued the meetings locked away in a hotel room to avoid the authorities.

CHRIST IN THEOPHANY ...LION/LAMB. PROPHECY BEING FULFILLED.

It was in this room that we went into the subject of the cloud on Sunset Mountain and the fulfilling of the "return of the high priest". To the true message believers this is the 7th Seal in its manifestation to bring the Bride into perfect faith for a body change. To say the least, many eyes were opened to scripture being fulfilled in their day.

Missions

The following day we headed back to Saigon to take a sleeper bus trip of 8 hours north to another rural town to spend some time with an independent group. These independent groups are separate from the denominations which are registered with the government. However for us they are contacts to make inroads in getting the message of the hour made known amongst

foreigners are permitted. I will give no names for this area.

Here in this we met many independent groups and I had to conceal myself from the public with a mask and sunglasses. However the disguise wasn't good enough and somebody contacted the police and "the chase was on"!!! The part I

Christians that want reality. The following day we stayed at Dalak which is the home city of the ex-King of Vietnam who was deposed in 1954. Here the weather again packed in so we had a look around the city until we could catch another sleeper bus for a 6 hour trip further north to half way up the country.

In the mountain area there are some message churches that have been around a few years that needed some furtherance added to their understanding. So again the 7th Seal was preached to them and also teaching them the right way for communion and foot washing.

The next day we headed further north again by sleeper bus into the rural areas where no for-

really love about missionary work is the risk involved. The police do not want foreigners to go into these areas because they think that they will stir up the people against the government. But this is what makes missionary work so exciting knowing that you can get arrested if caught.

We got on our motorbikes and went from one independent group to the next meeting the pastors and praying for their respective churches. While this was going on the police were looking in the wrong places as we didn't stay in one area any longer than 15 minutes. Understand that rural Vietnam is not like the cities that tourists go to. This is a 3rd world environment where the fields are still ploughed using water buffalo and a foreigner is rarer than an honest politician.

Vietnam

Missions

The next day we decided to head about 90 KMs further west by bus to avoid the hunt and went to a wonderful group of people right off the beaten track. More contacts were made and invitations received to come back and bring the message amongst the common rural people there. Understand that all Christian groups are monitored and are not allowed to associate in a united way. However I don't recognize what the authorities want if there are Saints that need to hear the word.

After a whole day in this area, the police had finally found out where I had ended up and phoned the pastor that they knew a foreigner was with him. But again it was too late. They

don't know who I am and don't know where I come from and no one is telling them!!! We got on a public bus and headed out to the nearest city to catch a sleeper bus for a 16 hour trip back to Saigon. A sleeper bus is a huge vehicle with beds and no seats. They are used for long distance travel during the night.

Back in Saigon we had some more small meetings and some straight talking about what the Lord expects from us in this late hour.

What made this visit so significant is the hunger the people have for the revealed word of

this day. Most of my ministerial contacts are educated theologians with enough degrees to

boil water. But when they hear the word they realize they only have an intellectual experience that will do them no good.

My intention is to head back in January and keep the ball rolling and move further north using these new contacts to set up meetings in one location at a time. I will have to change my tactics slightly by travelling at night and staying out of the public eye during the day.

We had one baptism in Saigon of a woman that was ignited by the things she heard. May the Lord bless her. The printing of books is advancing and the copying of SD cards with the message and bible on. Please keep praying for this work as there is much more to be done.

Shalom.

Bro' Adrian Gray.

MISSION UPDATE

TOTOVEL BELIEVERS CONVENTION

outreach was finished, the market manager said to the believers must come again because he wants to hear more. This was the first time the believers did outreach at the market like this so it was a real blessing to see.

The believers in Totovel are really rejoicing and one of the sisters was crying with tears of joy at the end of the convention as she told me that God is shaking this place. It was wonderful since the church in Totovel had suffered a lot of persecution from the Pentecostal denomination that they came out of seven years ago. But I believe the tide has truly turned there as the bride in East New Britain is on her feet overcoming the enemy.

There were a lot of visitors at the meetings and The Lord really blessed them with many coming forward for prayer and 28 people giving their lives to the Lord and being baptised in His Name. Most of them being young people who were from a Methodist church who a couple of weeks before the convention, felt to start having prayer meetings asking the Lord to move in their lives, needless to say, He did!

We also had an outreach meeting at the Rabaul market with an estimated crowd of

1000 people being at the market at the time.

a success purely because of the ministry of the local pastors. The unity among the believers was also a great blessing and it really felt like the Lord knit our hearts together as one, especially among the ministering brethren Pst Anton Yawai, Pst John Yembe, Pst Emos Malalia and also Pastor Nickolas Angai who said at the end of the convention that if we continue to work like this together then this country is too small!

The two highlights for me from the trip was the baptisms and seeing the local ministers preach the End Time Message in their local language as I had never heard them

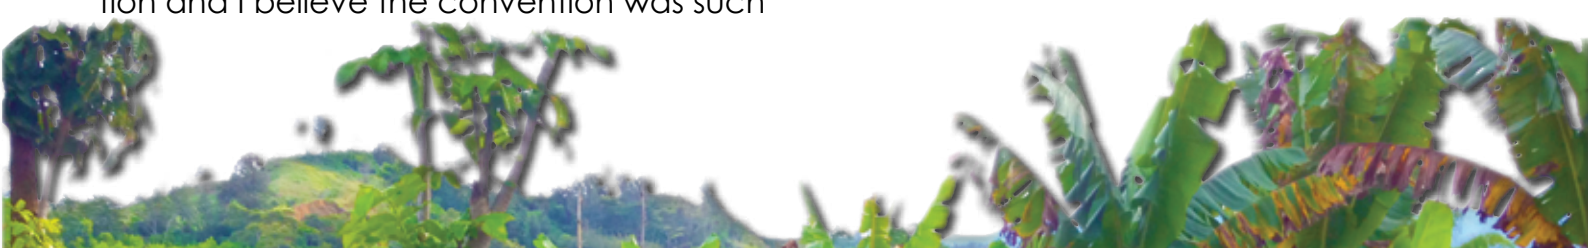

I should note here that Papua New Guinea is one of the hardest places to travel in the world but as the bride is united in one accord then such obstacles shall be overcome.

Please keep the saints in Papua New Guinea in your prayers as the Lord is opening many doors in the country.

preach before up to that time and they preached with a real anointing and revelation and I believe the convention was such

The 2017 Totovel Believer's Convention

For the last three months, you all have seen our notice of the Convention which was held here at Totovel, in the Livuan/Reimber LLG, of the Gazelle District of the East New Britain Province in Papua New Guinea. The convention started on the 24th of September to the 1st of October 2017.

The theme: "And at midnight there was a cry made, Behold, the bridegroom cometh; go ye out to meet him." Matthew 25:6

On the morning of the 24th September, brothers Nicholas Angai, Anton Yawai and John Yembe arrived on-board MV Chebu, a Ferry that services the New Guinea Islands and the mainland. In the evening we had an Introductory Fellowship. That evening we also opened a house build by Brother Marum Pennias and Sister Serah, purposely for ministers to reside in when ministering at Totovel Believer's Christian Fellowship.

On Monday the 25th, we had services in the morning. Brother Ben Gloyne arrived in the afternoon and preached in the evening, especially letting the people know what hour we are living in.

From Tuesday to Friday, we experience and saw what the Lord did in each of the meetings, we the local ministers and our Brother Ben preached the Word in the morning and evening sessions. People that attended were children, young people and adults, gave their lives to the Lord and wanting to receive Him as their Lord and Saviour. People did hear the Message of the Hour. Ministering the Word by PowerPoint, teaching using Message Posters and preaching. Message Sermons books by William Marrion Branham was distributed among those that attended.

Those that attended were aware of what age we are living in, knowing who Our God is, the same yesterday, today and forever [Hebrew 13:8].

One of the unique ways that we see as an important part of the growth of the Message of the Hour in PNG, is by seeing the local ministers preaching beside Bro. Ben Gloyne.

We had water to have a wash with and for cooking even though we did not have rain for a month. We were also not hungry physically because the Lord was good to us and we did have food available. The mothers were busy cooking to see that the campers were satisfied.

During the meetings, many gave their lives to the Lord and 28 people decided to be baptized in the name of the Lord Jesus Christ.

On the Saturday, we went to Rabaul Town market to evangelising and reaching out to others. We finished on the Sunday [01/09/2017] evening with Specials and the Local Ministers [Bonifas, Nicholas, Anton, John] ministerd.

During the meeting, the only boatserving the Island province was grounded, meaning the ministers from the Highlands wouldn't travel back but thanked the Lord for His providence. The Lord sent them safely back home. Praise the Lord, who is our provider and keeps His promises to his elected.

I would like to thank the Lord Jesus Christ for those who have supported in prayer, monies and kind for we must know that

“Therefore, my beloved brethren, be ye stedfast, unmoveable, always abounding in the work of the Lord, forasmuch as ye know that your labour is not in vain in the Lord.” [1 Corinthians 15:58

May you all be blessed in the Lord!

Yours In His Service.

Testimony

Dear Believers in JESUS,

Greetings in the most precious and gracious Name of Lord Jesus Christ!

Praise the Lord that He is adding new souls into the Church by His amazing grace. The Urdu speaking bride is very grateful to the believers for all efforts and making it possible that we have voice of the seventh angel with Urdu translation.

The Testimony of Sister Sadia Ejaz:

Sister Sadia shared her testimony among the congregation when we had one day open street meeting. She said, I had have blood issue since nine years so I was so upset and troubled all the time. She said, I went to many denominational churches for the prayer like that woman in the Bible who had blood issue since 12 years, but I couldn't get healing. Then once I heard about the message church and got some books of Brother Branham. I decided in my heart that I would go to message church but I had heard from the denominational ministers that message is heresy and out of line with Bible. They advised me, you don't ever go there but something within my heart that was saying go there. I went to message church and heard the tape of Brother Branham (The Life story) so I got lot of blessings, deeply touched by the Holy Spirit and next week I went message church again and shared my problem to the believers. Then they prayed for me laying hands upon me, after the prayer I felt something touched me and I felt good change in my body but I didn't tell anything to any believer. That night after the service I went back home and slept but when I get up in the morning, I completely healed by the grace of God. Hallelujah and glory to God Almighty! I was so glad and told my husband I am perfectly well and surely we will go to message church and shared my testimony. We came to church and I shared my testimony with saints. She further said I want to take the water baptism so we taught her about water baptism in the name of Lord Jesus Christ according to Acts 2:38. Next day we went to sea and baptized sister Sadia Ejaz, Sister Neha and Brother Imran. Praise and Glory to God! Amen. The predestinated seed is coming back to the original Word by the message of Malachi 4.

Kind best regards to all the saints in Jesus Christ.
