From Our Prophet

"The devil will make you fight with the Sword of God every inch. But remember, footsteps is possession. 'Wheresoever your foot treads, that I give unto you.' Every step you can make. You know, that gets me feeling religious. Footsteps is possession. All the land that your feet will tread upon in this promised land, it's yours. And it's the same to every believer tonight. Anything that you can take, any Divine promise of God, and claim it, and hold it, it's yours."

Join Us in Prayer & Support

Greetings saints! Lord willing, Bro Adrian and myself will be traveling to Vietnam in April after the Easter Convention in Auckland. I am excited about this trip because there has been some really positive development since we last updated you. We will be praying every day for the success and vision of this trip. There are many obstacles and resistant spirits that are being dealt with on a national level.

For many years, the national spirit of Vietnam has caused a hindrance. For the purpose of describing this vision, I will use the story of Judges 4. I believe it's time for Deborah to unite with Barak and call the Sisera of Vietnam to a showdown at Mount Tabal.

There are many Jael's in Vietnam who battle directly with this national spirit and they are going to take the Tent Peg and thrust this Peg right into the temple of the national spirit that has ruled their thinking so they can be completely liberated to walk as the Bride of Jesus Christ. Sisera will be exposed through the preaching of the Word. The chosen vessels of Vietnam will be revealed and placed into their positions.

The reason
I share this vision is to encourage you into the work as you feel led and based on the capacity of your calling in Christ. In this type, the positionally placed Bride of Christ who knows Her calling is typed as Deborah. Barak is the revelation of the Open Word, the fullness of the Message manifested in flesh. I am encouraging the prayer warriors to enter their closet and pray through for the Jaels' in Vietnam. I will speak it now... The national spirits over her have been broken. We may just need to hold on like Daniel did when up against the Prince of Persia. It took the Angel 21 days to get to Daniel after calling reinforcements.
I am also calling those who can support in other means, according to the grace of God in your ministries to enter this burden with us. Your effectual communication of faith is welcomed on all levels, whatsoever that is not of faith, is sin.

Finding The Vietnam Bride

The time is at hand, the rapture is at the door, Jesus has set before us an Open Door. He holds the Key of David which gives full access to the eternal inheritance and all Divine privilege. We desire to see the Bride in Vietnam gain access to the Key of David. She needs to surrender everything to the Mighty God unveiled before us. She is to place her wedding veil on His Shoulders, to those of you who have done this, you may have struggled to do this, perhaps you found it easy... I did. I knew my old life was absolutely wrong and destructive.

With the Vietnamese, there are manifold challenges with this full surrender. However, there is nothing too hard for God. The fervent and effectual prayer of a righteous man availeth much. Prayer changes things! The Angel of the Lord said to Brother Branham as he saw the vision of

the Tent: " Ill meet you in there" When the Angel was questioned what it meant, He answered the prophet saying: Does not the Scripture say that when you enter your closet and pray to your heavenly Father in SECRET He shall reward thee openly?"

Without going into too much detail here, let me share this: The power of God that can break national spirits is released when the Bride enters her secret place and connects with God for the

purpose of praying through for the needs in the battle field.

I pray that you will enter your secret place and see the salvation of God as he sweeps Vietnam. Please pray that our Five Star General give us His detailed mission debriefing and reveals the exact path to a successful mission.

I believe He has chosen vessels in Vietnam, like Paul, who can take this Gospel to their own brethren. Pray that God will give us divine appointments with His chosen vessels. For truly we are living in the continuation of the Book of Acts.

When this gospel is manifested, it brings war, it is not easy but we serve a merciful, powerful, almighty prison shaking Savior.

Feathers will be ruffled, devils will be cast out, the dead will be raised, the lepers cleansed, there will be new births, the bride will come to her place.

Will you be part of this?

God bless you saints.

PROJECT UGANDA

WHAT IS THE ATTRACTION IN UGANDA?

Thousands lining up for Baptism. Entire churches embracing the Message. The Spiritual Awakening in Uganda over the past year defies the imagination. But the current harvest did not grow without previous seasons of planting and watering. As the End-Time Light shines beyond denominational walls, predestinated seed begin to come to life.

“For ye were sometimes darkness, but now are ye light in the Lord: walk as children of light.” (Ephesians 5:8 KJV)

The years 1971-1979 were known as “The Darkness of Terror.” The brutal dictatorship of Idi Amin left Uganda in ruins, physically, economically, and spiritually. Then the HIV epidemic broke out, sweeping the country. Desperation and despair reigned.

“Everyone was praying,” Brother Stephen Ibale reports. The country was on the brink of collapse.

Into this dangerous environment, Brother Harold Hildebrandt of Edmonton, Canada, began making trips to Uganda, sowing the seed Word. In 1986, 2500 copies of the Seven Church Ages and the Seven Seals were released in Luganda and Ateso languages.

Amid the smoke of national ruin, revival sparked. This was the first Message revival in Uganda. Message churches began to spring up all over the country. Brother Hildebrandt traveled back many times, ministering foundational truths to the new Believers. Message books were also printed. Soon dozens, then hundreds of Message churches dotted the landscape. Local ministers became established and as a result, churches matured.

During this time, Uganda made a deliberate effort to become a Christian nation under President Yoweri Museveni, who took office in

1986. Museveni had been baptized as an infant in the Anglican Church of Uganda. The economy began to turn around, and with Christian values promoted, HIV was brought under control.

While the true Word was planted, many varieties of denominational seed also grew. Churches sprang up under various missionaries and Uganda was hailed as a missionary “success story”. Megachurches with heavy support from the West attracted much attention. They had large budgets and flashy buildings, but many of the people in them were not completely satisfied. The preaching there was often shallow and experience based, and Bibles were in short supply.

The Message churches were not as visible, but were already present, and firmly established. With English as one of Uganda’s official languages, many Believers were able to feed and grow on existing English books without the need for translation into local languages. Quietly, Message Believers continued to grow stronger in numbers, and in the Word. By the year 2000, hundreds of Message churches existed in all parts of Uganda. The number is currently estimated at about 700.

Reaching Those Who Could Not Read

In 2013, a group of students from Bibleway Christian Academy traveled to Uganda. While on this trip, Brother Tim Dodd, along with Pastor Stephen Ibale from Jinja, Uganda, and other ministers, laid plans to begin broadcasting the Message over the radio for the benefit of those who could not read.

A portion of a sermon of William Branham would be broadcast with translation in the local languages, followed by questions and answers from callers in. Brother Fred Kiyongi, pastor of Seeta Eagles Church near Kampala, Uganda became the voice of the broadcast.

Basoga Bianco FM of Jinja took on the broadcast, with a broadcast area of 9 million listeners. Initially the program was 60 minutes, but was expanded to 90 minutes to accommodate listeners calling in with questions about what was preached. In past years, much misinformation about the Message had been propagated by denominational churches. Now, people could hear the Message for themselves, in the privacy of their own homes.

No one predicted the pile of dry tinder this spark would hit. Results were small at first, with some interest, and an occasional baptism. However, the radio station manager reported that the program was popular. People were listening.

In 2013, Brother Elijah Diogo, pastor of a small church in Mayuge reported a breakthrough. During the visit of Brother Tim Dodd earlier that year, a denominational pastor was very affected by the Word that he heard in a service. Brother Diogo was invited to share the Message in the pastor’s church, where the entire church believed and was baptized, including the pastor. After that service another minister invited Brother

Diogo to have meetings, and the result was the same. The Word continued to spread through various Brothers with small groups coming forward to receive the Light of the Hour.

Pastor Diogo is now constructing a new building that will seat approximately 500.

The Current Harvest

Brother Fred Kiyingi began receiving calls from pastors in various places. The familiarity of his voice from the radio broadcast gave him immediate recognition.

Beginning in September 2017, the seed of the Word, which had been sown now for years on the radio, began to burst forth from the ground. Pastor Kiongo Muwanguzi from Kimaga contacted Brother Fred, asking him to come and minister the truths he had been hearing on the radio (reported in November 2017 BFCR, pages 6-7). This turned out to be the beginning of the spiritual awakening that is currently sweeping the nation. Brother Fred fell sick and was hospitalized and could not go, but his associate minister, Brother Paul Julius, and some young brothers took the meeting. Pastor Muwanguzi had gathered some fellow pastors, as well as other Christians. Some believed and were baptized, but others resisted. When Brother Fred had recovered and could visit, he found that a spiritual war had broken out. Pastor Muwanguzi had been excommunicated by his denomination. Brother Fred ministered to Believers who had gathered under a makeshift shade at a rented location. God blessed the meeting and 25 more were baptized.

Then Brother Fred visited a group that had gathered in Migyera, some 20 miles away. These also had raised a makeshift shelter. Another 35 were baptized there! Eventually about 140 souls from these two groups were baptized.

from his church who could travel on weekends to visit churches that had requested a visit. Traveling in rented vans, the team put on services with music, demonstrated church order, and ministry of the Word. In about one year, 172 ministers came into the Message, representing thousands in their churches. Since the baptisms in Kimaga, more than 4000 souls have been baptized in the Name of the Lord Jesus Christ. Minister's meetings have followed and needs for message books, Bibles and buildings have expanded far beyond what Brother Fred's little church can supply.

From that time on, the revival exploded. Brother Fred organized a team of brothers and sisters

Visiting the Land

In May 2018, Brother Tim Dodd traveled to Uganda to assess the needs of the rapidly expanding revival. New believers were invited to attend a meeting near Kampala at Brother Fred's church. The entire ▶

A portion of the gathering of over 2000 new Believers in Kampala in May 2018

outdoor campus was prepared, with a temporary stage erected. But how many would come? Traveling in taxis and rented vans, bicycles, motorcycles, and on foot, thousands of new believers swarmed the facility for an all-day meeting. The local neighbors were so amazed at the gathering they enquired if the people had gathered to hear the President of the country speak. They had come to see Jesus. Along with the approximately 2000 new believers that were gathered, over 75 ministers were met and interviewed. (See the June 21, 2018 article on our website.)

Brother Tim then visited other places in the country, meeting Believers and assessing needs. In every place, Believers were hungry for the newly discovered Word, exclaiming as did a Believer at the first revival in Kimaga, "Where has this Truth been?"

Baptist ministers were also listening to the broadcast. Since that May visit, the revival has broken into new areas, with over 25 Baptist pastors re-baptized following a meeting in July. The initial revival had sparked among Pentecostals, but the radio broadcast continues to have an impact, gaining an audience among groups that would never visit a Pentecostal church. After listening to the Word in the safety of privacy,

Former denominational ministers gather to hear more of the Revealed Word

these groups are now coming forward, declaring their faith in the revealed Truth.

Large gatherings for baptisms continue to be reported. It is not unusual to hear of between 50 and 100 baptisms happening on any given week. In many areas the Brothers are not able to reach the people, so the newly baptized ministers, who are being grounded in the Word through regular minister meetings, are meeting with and baptizing many that we do not have a record of. We can truly say that the Holy Spirit is in control, and it is beyond the ability of man to document it.

The Needs

Books, Bibles, and buildings are the big three of needs in Uganda, on a scale that has required a central point of distribution. A small office has been rented and an initial target of \$200,000 was set to raise funds to meet the rapidly expanding needs. Just over half has been raised so far.

Evangelistic efforts are still ongoing, with more requests for Brother Fred and his team to come than they can possibly meet. Brother Fred's car is unreliable. Travel is difficult in rented vans on primitive roads to outlying areas. Many Believers are still meeting in makeshift tents with leaky tarps, having been expelled from their denomination-owned buildings. In some cases, pastors have been evicted from their residences, which were church owned.

Believers and pastors around the country are pleading for Message books and Bibles. In mid-October, the first shipment of 5000 Church Ages Books in the Luganda language arrived. These are printed in China and can be delivered into the country for about \$2 per book. Translation of messages into the local languages is also a great need. Sponsorship of the continuing radio broadcast costs \$1000 per month. An initial supply of 100 MP3 players has arrived in the country on which all the English audio sermons are available, as well as the audio translated sermons. These can be provided to ministers for \$40. Hundreds more will be needed. A print station is now running in the rented office in Mityana to provide individual sermons from the Message Hub (www.messagehub.info).

A Letter of Thanks

Dear Brother Tim Dodd,

Greetings in the name of our Lord Jesus Christ.

I just want to say God bless you richly for all that you do for the work of the Lord in Uganda. I really thank God for your support towards the revival and also our Pastor Kiyingi Fredrick.

Helping some get a place of fellowship is a great testimony and I really thank you for that effort, my Pastor always shares with me all that you do and we really do appreciate.

The revival has continued to shake the country, touching different parts now, and many continue to come out. Actually some receive just testimonies for we can't move to all areas. The call is everywhere now. Only when it comes to the deep villages we prefer leaving pastor sometimes and we go and meet the people over there and we are really thankful to the Lord for His great hand on our country now.

And thank you for standing with the work that is all I wanted to say. God bless you.

The ordaining of Deacons in the church of Addis Ababa, Ethiopia

ETHIOPIA

A YOUNG CHURCH RISES TO THE CHALLENGE

The beginning of the Message church in Addis Ababa, Ethiopia was nothing short of a sovereign supernatural work to start, and continues to move forward by steps that are ordered of the Lord.

The steps of a good man are ordered by the LORD: and he delighteth in his way. (Psalm 37:23 KJV)

As Brother Branham stated in the message *Blind Bartemaus*, "The devil will make you fight with the Sword of God every inch. But remember, footsteps is possession. 'Whosoever your foot treads, that I give unto you.' Every step you can make. You know, that gets me feeling religious. Footsteps is possession. All the land that your feet will tread upon in this promised land, it's yours. And it's the same to every believer tonight. Anything that you can take, any Divine promise of God, and claim it, and hold it, it's yours."

When Brother Busobozi traveled to Ethiopia on his honeymoon in 2013, no one predicted this would be the beginning of a revival in Addis Ababa that would spread to various parts of Ethiopia. In fact, when we sponsored the trip, it was with the hopes of finding some Believers in the country. Little did we know that three people would be baptized in what would be the beginning of a solid work in Ethiopia to reach the Bride of Jesus Christ. Out of this move of God would spawn

translation works into the local languages, outreaches into the larger community, dramatic healings, and entire villages coming under the Light of the Hour. It has been an amazing move of God in so short a time.

The salvation of several key individuals took place on that honeymoon, and the church has been steadily maturing since. As sudden as the start of the church, so also is the eviction of Brother Busobozi from Ethiopia, due to new government regulations. Though unexpected, this has shown itself to be a furtherance of the move of God in the local church. The Believers who have fed on the Message of the Hour are now ready to fulfill the call of God to take the Message to the rest of the country, and find the elect that are predestined to hear It.

When Brother Busobozi returned to Addis Ababa for a visit after a two month absence, he found the church thriving, growing, baptizing new Believers, and actively engaged in outreach efforts. Ministers, deacons, and trustees were rising up, and a healthy church was evident. Translation works continue. The new Believers have evidently been in the Word, for without foreign instruction, they realized the commission to reach their nation with the light of the Message now rests on them and them alone. They are taking up the task with zeal.

A Brother named Timothy, a deacon in the church (see photo below) had his employer relocate him to a city four hours away, but he continues to attend every service faithfully. He shared the Message with

L-R: Brother Ephraim, Brother Busobozi, Brother Temezgen & Brother Timothy

a man named Temezgen, who is standing to his right. When the Word struck Temezgen's heart he said, "I believe this to be the Truth, all true, what must I do?" There is only one answer to that question: Acts 2:38. Christian baptism was arranged, and the man traveled to the church after working a 12 hour shift. After the service, he traveled four hours back, and started another 12 hour shift, missing a whole night of sleep. But God gave him strength, from the spiritual energy that had been poured into his soul.

On the left of the same photo is a young Brother named Ephraim, who is very zealous for the Word. He arranges Bible studies for the young people in his local neighborhood. When Brother Busobozi returned, he was able to share with Brother Ephraim's family, and both his mother and sister were baptized. You "and thy house," shall be saved, saith the scripture. (Acts 16:31)

In our Ethiopia report of April 16, 2017, we tell how a Brother Oqbai was out searching for water so he could be baptized. He found Brother Busobozi and his companions also searching for water, and together they came upon a lake they did not know existed. Brother Oqbai was baptized there. Recently, his son was convicted by the Word as he picked up and read the books that his father was reading. He was baptized by Brother Busobozi during his visit.

As Brother Busobozi is only able to visit the country for short periods of time, the burden of overseeing the local group has fallen on the shoulders of Brother Moges. His ministry has been a blessing to the Bride of Jesus Christ in Ethiopia. The congregation in Addis Ababa has been edified and souls continue to receive the Message of the Hour. In the first two weeks of November, Brother Moges has baptized eight souls into the Kingdom. God is confirming the steps that the little congregation in Addis Ababa has taken as they move forward under the leadership of the Holy Spirit.

We are amazed to observe how God in His sovereign wisdom pursues His work in ways fitted to different environments. On the day of Pentecost, 3000 were saved in one meeting. But when Paul traveled to Phillipi, the ministry to that area grew out of one convert he made

among the women at the river. (Acts 16:14) We see a similar pattern today in the countries of Uganda and Ethiopia. In Uganda, large numbers are being baptized at a time, while in Ethiopia we see steady growth from a stable core. Both nations are experiencing sovereign works of God, but in different ways. Our part is to recognize what God is doing, and cooperate with His miraculous works in whatever way we can. We are supporting both works fully as the Lord leads and provides. ◀

Israel: Their Identity – and Ours

Greetings once again in Jesus name.

If you are watching God's *timepiece – Israel*, you would be aware of the call for elections in April. The potentials are that this will be a very different election from previous years. Aside from the subjects that will distract and cloud the election, one issue of this election that promises to be significant, is the nation's *Sovereignty*.

Sovereignty embodies the identity of the very heart and soul of the Nation of Israel, *as well as every believer*. This subject pits "left/liberal" secular against the "right/conservative" biblical vision of "who" and what Jews really are. Likewise, if in a Believers life, Christ is not sovereign **Lord of ALL** – then He is not **Lord AT all!**

This subject highlights great lessons and examples to be gleaned, as Brother Branham stated;

*"...what a great lesson, what a great thing, as we typed the natural church to the spiritual church. God dealing with Israel in the natural, with the church in these days...just parallel one to the other."*¹

Both are given "lands" to conquer and possess – for a specific purpose. Israel was to conquer and subdue the pagan inhabitants of 3,500 years ago. This includes the "terrorists" of today, both of which are to establish a Kingdom of righteousness based on the Word of God. So we too battle "terrorists" of demon spirits and the lusts of the flesh *"...that war against the soul..."*². There can be absolutely **no compromise** with these "enemies". Paul says, **mortify** the *"deeds of the body"* – because if we don't, without **sovereignty** emanating out from our souls to our spirits, there are grave consequences; *"...if ye live after the flesh, ye shall die:"*³

Sadly however, just as many Christians live below their God-given inheritance, so is the plight of many in Israel. The tragedy stems from allowing oneself to be trapped in circumstances which make spiritual victories virtually impossible. This is the stark reality of what life has been like in Israel these past seventy years since Statehood was declared in 1948. The land is Israel's - **all of it**, but the decisions of government have failed thus far to act in accordance with - and fulfill God's Word.

You may recall the unusual statement made by Brother Branham regarding how Israel even came to be restored as a Nation in 1948;

*"...Israel, back in her promised land, **she don't know how she got back there**. She was just automatically put back there. Why? **National force put her in her place...**"⁴*

What "national force" did this? An amazing fact of history bears record of how God inspired and used a revival of biblical Christianity in the late 1800's - to set His plan in motion for His chosen people to return.

An intense spiritual revival swept through England and traversed the Atlantic. Cultivated within Christian leaders and Politicians of that day, was a biblical vision of Israel's restoration. Since it was *God* who *blinded* the Jews, now He was **responsible** to set in motion the means to restore them.

Theodore Herzl was convened the **First Zionist Congress** held in Basel, Switzerland in 1897. There he made the bold statement of calling for a Jewish State in 50 years. Little did he know that an American Christians had submitted a similar petition to President Harrison in 1891 - **6 years earlier!**⁵

Time does not permit the impressive list of sincere Christian *Presidents, Prime Ministers, House Speakers, Secretary of State, Military Officers* a *Supreme Court Justice* and others that God put in strategic positions to fulfill His will. Allow me to highlight one that Brother Branham also referred to;

*"...and Allenby marched into Jerusalem and took it without firing a shot, according to the prophecy (That's right.), and turned it back over to the Jews."*⁶

Long before this happened in 1917, there was a Godly Christian mother in England who when putting her son Edmund to bed, would kneel and pray with him as Psalm 122:6 mandates: ***"Pray for the peace of Jerusalem; they shall prosper that love thee!"***

Decades later, that young boy whose heart had been so influenced by this scripture and his mother's prayers, grew up to become **General Edmund Allenby** of the British Army. In a fulfillment of his own prayer, General Allenby marched victoriously into Jerusalem, liberating the city and nation from centuries of Muslim domination.

Consider the parallel between Israel and the Church. God destroyed the Muslim power in WWI that occupied Palestine. Around the same time, the church too was liberated. In 1906 *Pentecost* - a **"land"** - the life in the Holy Ghost was restored. A restored Israel declared Statehood in 1948, but fell to the fake pretenses of "peace" in a **Two-State System** with Arab enemies sworn to her destruction. Just as Israel has compromised and failed, *Pentecost* too compromised, denominated and failed - unable to maintain life in the promised victory.

This was why God had to raise up another ministry **within** the Pentecostal Age to restore the Headship and preeminence of the Word. It was the **call** for the elect to come out of "fallen" denominations and under the Sovereign headship of the Word. It was the Lamb's wife who would embrace the promise and through whom He would fulfill the promised redemption for the last days !

An integral component in this final redemption, is that of ministering to another. We see this foreshadowed in scripture, a Gentile ministering to the Jewish people. Ruth's work and ministry to Naomi however, was much more than just providing a few handfuls of barley. Her ultimate purpose in redemption could only be realized in her union with the Kinsman Redeemer. This resulted in Naomi's greater blessing, which like Israel's today, is contingent upon the Ruth of today bringing forth the fruit of His seed and **then** to **share** that life with Naomi. For it was only in the **"child"** Naomi received from Ruth, that the **further** manifestation and revelation of Kingship and the sovereignty that would ensue.

I've witnessed an elect group of Jews within the Nation of Israel today who realize they are **barren**. Who are longing for a further manifestation. Who desperately want redemption and the presence of the *Kinsman Redeemer*. The pattern in scriptures is clear. God ordained that the **seed** of their redemption would come through an elect Gentile woman. A woman who will **not** turn away. A woman who will enter into their burden – just as Paul of old did.

The time is ripe for *Naomi* to receive and embrace the very one through whom **royalty** and the greatest dynasty that Israel was ever to know would come! A dynasty that foreshadowed the **Messiah** of Whom we are all – Jew and Gentile – waiting for!

Are we in that season of time? Will our love and our prayers and our support for Israel in this season, help to fulfill and bring about the events for the two witnesses to follow? Isn't that why we are here?

Shalom and God bless you as you walk in the light of His Word in 2019.

The 4th Harmony in New Zealand is around the corner from 1-3 March, and Gospel Way Outreach would like to invite you all to come and join us for a weekend of worship to our Lord Jesus Christ. Our guest singer, violinist, and pianist is Ashton Crook from Ohio, USA featured each service.

Based on previous experience and feedback, we are still running Harmony in New Zealand over a three day weekend, but a little different in the times of the services. We will kick off Harmony in New Zealand with a Friday night rehearsal, sound check, and musician get-together over a provided meal. Saturday will be split into two sessions from 10am-12:30pm service, break for lunch, then back again at 3pm-5.30pm for service. This will give you plenty of time for fellowship in the evenings and a chance to catch some dinner with others. Our Sunday schedule will again be from 10-12:30, break for lunch, then 2pm-5pm service. We have made it so that if you need to catch a flight it is still possible without missing out on anything!

We hope that this structure will benefit the greatest number of people and of course leave plenty of room for fellowship and any sight-seeing you wish to do. We have also made some changes in the sign-up process and have a committee to help assign each item and time. We have a link after you sign up to show you available time slots and allow you to choose you own preferred time to sing your item. We hope this will allow for an open and fair process in item times.
