From Our Prophet

Here It is brought right to their face, why won't people take It? Just exactly like they did in the days of Jesus. They don't want realities. They want a creed. They want something, go by, say, "I belong to this place. I belong to this assembly. I belong!" What? 192 You want to belong in Heaven! That's where your affections ought to be, on things above. Jesus said, "Set your affections on things above, not on things of the earth. They're going to fail." Stay with God. Stay with realities. God is a God of reality. He has always been, in all ages. Any time that man ever walked with God, God become a reality that performed signs and wonders and miracles with His people. It's God's purpose to do so. Surrender all.

Mission Report - May 2019

Greetings saints in the name of the Lord Jesus

By the Lords grace we have completed another mission trip to Vietnam. We started in the south in an area north of Saigon called Dong Nai and moved up the nation by bus and plane. Our journey took us to Binh Long, Nha Trang, Quang Nai, and finally to Hanoi.

This nation can only be conquered by the Lord's direct leadership, in pure humility and faith. We have seen God move mightily beyond all expectations this trip. I am so thankful that God is building His church. When faced with the myriads of obstacles we witness in this particular field, we realise that Satan has long-term plans to keep God's Vietnamese Bride under his control. But God is rich in mercy and He has devised a vision which will progressively see every elect seed free and walking in their Spiritual adoption.

This trip saw new groups hearing the Message for the first time and church groups were moved by the preaching of the Word. Many doors were

Secret sessions in a hotel of Binh Long

opened
for further meetings on the next trip.

We saw a futher part of the Word open to various existing and new groups which we visited and witnessed a new season open to the rural people of Vietnam. Ministers were spiritually connected to their calling of God and given encouragement in the Lord to preach the Third Pull to their own people. Whole churches broke free from national spirits, giving liberty under the Jubilee for people who have spent years trying to understand the doctrine but without real experience. By God's grace, the Angel of the Lord came to these people. Ministers were also converted by Jesus Christ receiving the Message by revelation.

Thank you all so much for your continued support, we look forward to seeing what God does next and how the Seed sown will come to fruit over the next 6 months. We will keep you posted.

Israel Autumn Tour

Greetings in Jesus name.

We are seeing incredible biblical events unfolding in Israel and the surrounding countries in this amazing season of time. Much of which is only realized by being in the very place where the Spirit is moving. For this reason I am extending a special opportunity to a limited number of people (20) to join us on a very unique tour – one different from any we've hosted.

You will be introduced to the **new generation** of spiritual Jews rising in Israel who are the "living prophecy" of these last days of redemption. We'll visit them in their homes and experience 1st hand their struggle to claim their inheritance in the very heartland of Judea & Samaria. You'll see how the promised land is responding to the very ones it was promised to.

We'll start in **Shiloh** where the tabernacle stood for nearly 400 years. We'll stand on **Elon Moreh** where God made His covenant with Abraham and from there view the Mt of Blessing and of Cursing. If possible, we'll even visit the **Hezbollah Tunnels** into Israel on the border with Lebanon and the Golan Heights from which Damascus can be seen on a clear day.

I've included many special places which are often bypassed by Christian tours, like the **Tombs of the Patriarchs** or the **Beit Hadassah Museum** in Hebron. The settlement of **Gush Etzion** where we'll hear from the founders of the grassroots movement striving for Israel's full restoration and complete Sovereignty.

With 10 days to tour, there is plenty of time for visiting the Sea of Galilee, the Jordan River, the Dead Sea, Masada and of course the Mt of Olives; Mt Zion; Garden of Gethsemane; Garden Tomb in Jerusalem, plus much, much more.

Price per person* for 10 days: \$ 2,495.00 USD

Airfare NOT included; *Double occupancy & Tour depending on a minimum of 20 people;

Includes: Hotels; Transfers; Breakfast & Supper; Entrance Fees; Tips

Deadline for Registration: July 15

If interested, please write me at this email; a.abma@returnisrael.org and I'll be glad to answer any questions that you may have.

Thank you and may the Lord bless you richly,

Visit to Myanmar May 2019

back in history.

God bless you Saints.

After Bro' Andy and I had finished the missions trip to Vietnam, he went home and I went onto Myanmar...and in particular Kalaymyo in the far north.

I had not been there since late 2015 and it was wonderful to see them again and also see for myself the new church building and facilities they have to print books in their own language.

At that time of the year the temperature can fluctuate up to 45C and can be difficult to endure for any length of time. As a result, the meetings started at 8 AM and I kept them to one hour only as it is difficult for the brethren to go any longer because of the heat. The evening meeting was at 7-30 and went no longer than 9PM.

The first four meeting topics were on the spiritual and natural marriage and the application of it in the time we are living in....Rev 19...the marriage of the Lamb.

The other meetings were on the 7 feasts being made a reality in the New Testament...

fulfilling the old testament shadows. So it focussed on Jesus being our High priest who went out of view for 7 church ages with seven licks of blood.... who went up in a cloud as recorded in Acts chapter one and returns the same way (in a cloud) as Lion and Lamb in Revelation 10 with an open book. Many people worldwide can see Bro' Branham's part in the scripture as Rev 10 v 7, but fail to be able to connect to the Brides part in Rev 10 v 8- 11. It is the major difference between the Elect and the foolish virgins. If the open book is not preached, then the Lord is still being kept

I was invited to an English language school for young people so that they could have experience in speaking to someone who has English as his first language. I was given the opportunity to speak to them about the Lord and the supernatural experience that must come with their relationship with Him. It was a real eye opener for them as most are denominational Christians that have only a religious concept of Christianity and not an experimental experience.

On the final night was a brothers meeting and some wonderful topics were spoken on to connect the dots - so to speak - and make subjects like communion and foot washing more comprehensible as well as topics that just needed some details given to fill in some gaps in their understanding.

Like all trips like this it is sad to leave them. But life goes on.

My desire is to contact other ministers that can handle going into places like this in Myanmar as they are well off the well beaten travel path.

If any brethren know of some versatile ministers that have a good comprehension of the vision of the Lord from Genesis to Revelation that could go into Kalaymyo then please contact me. Genuine Holy Spirit filled ministers that have the same ruggedness as those in the book of Acts.

Shalom

JANUARY-MARCH 2019

Dear brothers and sister, God bless you. Since the beginning of this year we have been very busy in the outreach ministry. Sorry for bringing this report a month later. There is lot to share about the wonderful testimonies from the people whom the Lord has touched and opened their eyes to see the Message for this hour.

Bohlian Meetings

We are entrusted with God's message of reconciliation. God is using us to call for others. We are proclaiming the gospel in remote often unreached villages and establishing house churches where believers meet in rented accommodation or at homes. We are currently working in more than 55 rural villages within fifteen districts of Punjab, and have 45 pastors/ministers.

Our meetings at Bohlian village in Amritsar area near Pakistan border was a great success as it was an open air meeting under the tent where all the villagers were welcome to attend. Some 400 people from different

religion/denominations and from the message circle assembled to listen to the Word of God. We are glad and rejoicing in the Lord for the people who dedicated themselves afresh to the Lord and for those who gave their hearts to the Lord. We come alongside

indigenous worshipping groups and missions in every corner of India, equipping them to do the work God has called them to do. So the churches they plant are theirs. We provide the messages resources and other study materials to help them be self-sustaining and successful.

PHILLAUR OPEN AIR Meetings

Phillaur is situated on the banks of River Satluj one of the five rivers in the Punjab. We believe we're doing the most important thing, in the most critical place, in the most effective way possible. We transform communities in India by planting churches, sharing the Gospel

way possible. We

Some 200 people were gathered

together to hear the Gospel. There were only a few people who were invited personally, but all the other people from different villages came by themselves as we advertised the meetings in all the nearby villages and towns. Many people were prayed. We have collected the addresses and the contact numbers of the most of them to get in touch with them. Please continue pray for the work there as we have decided to organise a monthly meeting at this place.

Pathankot Baptism

God is at work in Pathankot. Lord Jesus is building His church, the Holy Spirit is transforming lives and the Gospel is on the move. The Spirit of God is moving in Pathankot area, and the church is growing real fast. We have seen such an extraordinary growth in the church since Brother Aaron George has started the ministry after his father's sudden

sickness due to brain

stroke. Jesus is alive, He is moving, the church is growing because the people of India are disillusioned with Hinduism and they are looking for answers to life. They are not finding answers in the traditional forms of state religion or the faith of their

ancestors. They are looking for new answers; they are not happy and satisfied where they are spiritually. It seems that a large number of these people are actually having dreams and visions about a shining man dressed in white far before we are out there telling them about Jesus. **The church is rejoicing over the 8 new souls that have been added in the church by Christian baptism in the name of the Lord Jesus Christ. We request you to please uphold this ministry in your daily personal prayers.**

Morinda Church

When we see the move of God in the area of Morinda city, the gospel is taking root among the people who formerly were Hindu. Morinda is a city in Rupnagar District in the state of Punjab. The city is known in the local region for housing one of the

23 Co-operative Sugar Mills in the State of Punjab. The City is connecting Chandigarh and Ludhiana, two biggest cities in the Punjab. Today, Morinda grows at a faster rate than its neighbouring towns. A lot of industries of nearby towns have moved to Morinda, enabling the town development and expansion. Morinda has also become

an education hub, since there are more than five universities and a

large college network around the city. Thus it is a centre point to spread Christianity in all its surroundings. We realized that this is a most suitable place to reach the people with the love of Christ. Lord is blessing all our endeavours and a solid Message church been established there. Lord enabled the believers to have their own church building. Brother Rakesh Kumar who himself is converted from

Hinduism is ministering over there. Now believers and new comers from all the surroundings can come in the church building and fellowship together around the revealed Word of this hour. Solicit your prayers for the ministry.

New Ministry

There are many methods, techniques and means that can be used to evangelize unbelievers. When religious zeal is on target, it can be extremely effective for the kingdom of God. Without the Lord's direction, however, misguided evangelistic zeal can actually drive people away from Christ! The early Christians were zealous Christians. They were more than committed to the cause of Christ--they were zealously committed to the Lord and His kingdom. We praise God for **Brother Bittu** who has the real zeal to evangelize the Gospel among the new people. This young brother has come in the ministry last year only; he is on the move all the time and because of his endeavors for the Lord a little group is started in a small village named IBRAHIMPURA in Amritsar area. Within last six month they are able to baptize some 15 new baptisms in the Lord's name at different new places.

The demographic that is responding to the gospel the most is the younger generation, who are very technical. These are people, anywhere from 18 to 30 years of age that are very technical. They are online, they are following the world's pop culture and they are very much plugged in and they are looking for answers. They want to belong to a larger purpose and meaning in life, and they are finding that in Jesus.

Thank the Lord for the good work of grace that He has begun in this area. Please take some time to pray for this ministry

LUDHIANA

Ludhiana is a city situated in Punjab. In terms of size, it is the biggest city in Punjab with a population of around 2.0 million. We

praise God for the two message churches already running in the city but as per the population and the area of the city we need a lot more to do. So we are helping these churches in the evangelism work, providing the materials and visiting personally to

the people. Our message books in the native languages are going everywhere regardless of any denomination or religion. Any time a

seeker or somebody who is interested in the message of Christ calls us we ask them to share with us what city they are calling from. We set a meeting with them and when they are convinced we directs them to a local church in the area.

Brother Manohar' church is increasing in number because of the new comers; they are in a need to have the bigger church building. The land is already purchased- need your prayers and financial support to get it done.

Drug addiction and alcoholism are rampant among children, youth, and adults in the city, where there are very few rehabilitation programs or centres. Christian population is very low, below 1 percent. The Gospel however started to take root in this vast region. Because of

Christian denominations and message believer's efforts we have seen massive growth among evangelical population, as youth turn from their elder's traditional religion for a personal relationship with Jesus Christ.

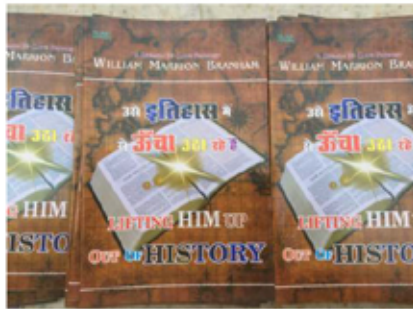

PRINTING OF THE MESSAGE BOOKS

Putting a gospel into people's hands can be a really effective way of reaching them with the good news about Jesus. We've been printing the Message books into Punjabi and Hindi languages, these books are to help spiritual growth of the believers and to equipping people for outreach ministry.

We are so glad to know that God is using us in some way for the expansion of His Kingdom and edification of the faith of His people. We are really forced by the Spirit of God to give priority to the

proclamation of the second coming of the Lord Jesus Christ, by spreading the End Time Message.

We are so glad and overwhelmed to hear a lot of testimonies from many people from various places of the country that these books are touching their lives. Please pray for the continuation of publishing the message books into Indian languages. As you know these books are distributed freely

to all irrespective of caste, creed or religion.

Evangelism is highly restricted in some states of India, most of which are dominated by Hindus and where the Christian population is in minority.

The reality of an Indian Christian is that they are living in fear. Some of the states they cannot go out on the street and share with people their new faith. They cannot celebrate anywhere publicly, and they are constantly in

fear of retaliation from the authorities. Becoming a Christian in India, especially if you are from a Hindu background is illegal and is punishable by the legal code in the country. Several Indian states passed Freedom of Religion Bills primarily to prevent people from converting to Christianity.

This is why we want people around the world to continue lifting up the persecuted church in India.

In spite of all the hindrances, I'm here to testify you that God is alive, God is moving in India, the Spirit of God is moving and stirring hearts across the country and people are coming to know Him. There's a lot of good news coming out of the different parts of India, We are glad that our ministry is encourage the Body of Christ that God is very much alive among heathens and He's doing a great thing. **"And this gospel of the kingdom will be proclaimed throughout the whole world as a testimony to all nations, and then the end will come."** Matthew 24:14
