From Our Prophet

Many times God lets us get dried up like that. Then He looked down through that Pillar of Fire and the sea rolled back, and they went across. God made a way of escape. He always will in every instance. Notice, then they went right straight to the Wilderness of Sin. Isn't it strange; from one trial to another? Some through the waters, Some through the floods, Some through deep trials, But all through the Blood. God's way leads sometimes right through every brier patch, right up over the hills, down through the rugged places: sickness, trials; but God brings them more than victorious through them all.

Emergency Church Shelters Springing up in Uganda

The Awakening in Uganda has displaced thousands of people from their denominational churches, creating an urgent need for temporary buildings everywhere. At this time, we know of at least 70 locations in need of assistance, and there may be more in remote areas. When a pastor is expelled for believing the Message, his former denomination usually repossesses the building, which may also deprive the pastor of his personal housing. The pastor and those of his flock who also believe are left stranded with no place to meet.

At this very moment, people are meeting outside in the open weather, be it rain, sun, or storm.

It would be difficult even in wealthy countries to come up with dozens of meeting places on a moments notice, let alone in a poor country like Uganda. These precious believers simply do not have the resources to meet the sudden demand. But their zeal to follow the new-found truth inspires them to make any sacrifice necessary.

Fortunately, emergency shelters can be constructed in Uganda at affordable prices by first world standards. An “emergency shelter” consisting of tarpaulins over a frame of tree branches and sticks can be erected for about \$250 US. This at least provides basic shelter from the weather. A second solution is the tin pole building. In this case the frame is constructed largely out of natural materials, but it is sided and roofed with aluminum sheeting. It has a dirt floor, but it is a more permanent structure that can be slowly improved. This type of building can be constructed for about \$2000 US, and can accommodate 60-200 people.

Revival: Uganda

A third option is the open-walled pole building with foundation, such as was constructed in Kimaga. In late 2017, the church in Kimaga became the “First Fruits” of the revival that followed. When Bible Believers helped construct that church, we had no idea of the tidal-wave of needs that would follow.

However, the Kimaga experience provided valuable preparation in many ways, by providing a full walk-through of the construction process. A design was conceived, materials were priced, labor needs were evaluated, and qualified construction managers who could oversee the work were located. All of these resources are now in full use in the attempt to meet the exploding need.

With costs as little as \$250 for basic shelter, almost anyone can be involved in helping to meet this urgent need. If you or your church would like to sponsor emergency shelter construction in Uganda, please contact Bible Believers. The need is immediate and funds will go to use right away.

A Call To Action

Greetings once again in Jesus name.

Following up from the last post published in the August BNL entitled An Exchange Between Sisters, we concluded the incredible saga of Leah and Rachel. Both of these sisters along with the Gentile Ruth illustrate an amazing parallel of the unique relationship between the spiritual Jews within the Nation of Israel and that of the Gentile Bride.

These biblical truths further clarified by the inspiration from what Brother Branham spoke of, provides a clarity in regards to how we as the Bride are called to play a direct role in this unfolding plan of Israel's restoration and redemption. Follow on as I share ways of how the Holy Spirit has led me to step out in faith to fulfill this vision of the Word.

In the allegory of Ruth and Orpah we see foreshadowed two groups of Gentile Christians in the harvest season. Shut out of divine revelation, Orpah turned back - failing to recognize the supernatural events unfolding around her. Ruth however, went on to fulfill her part in the vision that was unfolding.

Though Naomi had returned to Israel – as we see in our day - it was not her return alone that inspired the Lord of the Harvest! It was actually Ruth's actions as the Gentile "servant of love" who ministered to Naomi that caught Boaz's attention and moved him to redeem the two. The parallel scene of the "cry at midnight" found in Matt 25 also provides unique insight to this truth. The cry that alerted the two groups waiting for the coming Bridegroom, was also a voice of preparation as one took heed and went on in to become part of the vision. Further clarification is found in the transition of ministries from Elijah to Elisha. Brother Branham compares this to how the Spirit and anointing from Gentile to Jew will actually transition in the last days;

"...The Spirit of Elijah off of this Gentile church will just continue right on into that Jewish church, go right on in and call Moses with him. Hallelujah. You see it?" ;

All these truths confirm our Gentile participation in the final chapters of redemption as it is unfolding in Israel today. This inspired a vision and a mission to step out in the faith of a ministry and work specifically related to assisting "Naomi" - the Jews in Israel - to return to their full Sovereignty in their land. Without which, redemption cannot be completed.

That inspired the name of; Return O' Israel with the mission statement or vision being; Christians in Support Of Jewish Sovereignty. The address of this new website is; www.returnoisrael.org You will find important reference material there that substantiates Israel's legal rights to her land. Numerous "blog" articles as well as comments on FaceBook and Twitter are also posted. Amazingly, some of the articles have even been published in the Israeli News media where they are having a profound effect as Jews are being exposed to another kind of "Christian" who supports them in a way unlike any other Christian groups.

For most Jews, the name “christian” conjures up images of the Catholic Church; the Crusades against the Holy Land and Jews; the Inquisition; the numerous atrocities of torture and persecution – all done in the name of the “christian church”. Is there any wonder then as to why the majority of Jews do not trust “christians”? How different from the relationship and ministry of *Ruth* – which they are finding out!

For many Jews it is shocking for them to see and article such the one I wrote, published in *Israel National News*; [Aug 9, 2019; <http://www.israelnationalnews.com/Articles/Article.aspx/24289>]

“...I’ve discovered that very few Jews are aware of an important historical fact, that a branch of Christianity exists whose spiritual legacy actually parallels theirs. Of Christians whose spiritual ancestry predates Constantine’s abominable merger; of Christians who not only rejected and walked out of Constantine’s Ecumenical council, but

i The 70th Week of Daniel: 61-0806: Par 171

through history suffered immense persecution because they would not bow to the Papacy of Rome nor to the idolatry it projected. Of Christians whose pedigree and bloodline is traced by millions martyred at the hands of the same evil power that persecuted the Jews.

*For these Christians, the reality and implication of **Tisha B’Av** is this; our spiritual destinies are inseparably linked. As Jews suffered, so did a remnant of Christians who held on to their original Judeao-Christian foundation. As Jews weep and mourn the loss of their crowning glory - so do these Christians. As Jews long for and anticipate their full and complete restoration in Sovereignty – so do these Christians.”*

A recent post from Avi on FaceBook also attests to the profound impact that our love and support garner;

What amazing people! Meet Anthony and Rivka! They are Canadian Christians who love Israel so much and believe in us, as a people, so much that they started a movement to gain Christians to support Israel finally establishing sovereignty in Judea & Samaria! The movement is called [Return O’ Israel - Christians for Sovereignty](#).

It was such a pleasure to see them at Oz V’gaon. As supporters of sovereignty in Judea & Samaria they are very familiar with Oz V’gaon because of the connection to Nadia Matar & Yehudit Katzover, who not only founded, and lead, the sovereignty movement here in Israel, but they also founded and run Oz V’gaon!

All these people are DOERS, not just talkers, but doers!

Nadia, Yehudit, Anthony, Rivka, Gedaliah, they are all doing so much, each in their own way, to push the Jewish people and the Land of Israel forward!

Each and every one of us should be inspired to be a doer like they are. The future of our children is up to us! And the time to act is today. What are you waiting for? Don’t know what you can do to help? Just ask ☐☐

I invite you to join us, to sign up at our website and become part of this unfolding vision. You can help make a difference in Israel by showing your love and support for our Jewish brothers and sisters in ways never before imagined. Assisting them in their quest for Sovereignty over their God-given inheritance - is the essential preparation required for the ministry of the two witnesses of Rev 11 that are to follow.

Through your prayers and support, much **can** and **will be** accomplished for the Kingdom of God as His Word unfolds in Israel. Thanking you and God bless you, Your Brother in Christ,

Brother Tony
