From Our Prophet

Brethren, the time is at hand. It pays the Christian, not to just join the church, or to depend upon some maneuver, some sensation, or something on that way, but to be sure that you're right.

So I believe, tonight, that the Holy Spirit is here. It's here for those who are destined to receive It, who that believes it, who is awaiting on it. It's here to straighten out every one of them spiritual problems. It's here to heal every sick person that's present. It's here. But you've got to come and get in the atmosphere of It,

Editorial Exhortation

God bless you brethren. I thought it pleasing to the Lord to kick off the year with a short note of thanks to our precious Lord Jesus and to you, His Bride, who reads and supports this newsletter. Having come to an understanding of the interesting history behind this publication, I am humbled to witness the continued support from all parts of the international body. After all, those who are connected to the Head will walk in union together, working in perfect love.

It is exciting to see the season that is emerging among the Bride of Christ. We have truly entered into the greatest time in the history of the church. Only God can reconcile and orchestrate such a glorious experience, only God can keep such a vast body of believers together across the earth. The precise coordination of the international body can only be empowered and maintained by our Five Star General. This Message has no mans council trying to control people, we have a Divine Captain with an Open Sword in hand leading the charge. Oh Glory!

Let us be glad and rejoice for our Divine Captain isn't like a human army general. Jesus isn't sitting in some office in some far away land barking orders to advance on the enemy. Our Captain didn't just send angels to fight this battle of the end time, no! He has revealed Himself in the form of the Person of the Holy Ghost to ensure this Bride will not fail like the first Adam's bride Eve did.

He is leading the battle! He's leading your battle! He's leading our battles! He's leading local church battles! He's leading national body battles...

Let go and let God lead, it's time let Him take us higher than we've ever been before. It's time to let Him heal every breach and bind up every wound of the past. It's time because that's simply it... It is time!

We have entered 2020! May this year bring 20/20 vision to every family vision, every local vision, every

national vision, and to the international vision of the age... That we may see and walk in all that the Lord is manifesting in His Bride. Every part getting in the rhythm of the heartbeat of the Manifested Word!

Let God forge perfect love connections where there have been doctrinal hurts and estrangement! Let Him have his way today, let all barriers come down, let all pride and man-age thinking be brought low, and let all the valleys of fear and depression be brought up into a perfect love environment in every local body. This is our inheritance, we are called into perfect love. Every region with a witness of God's perfect love manifested, a place where no devil can hide, a place where all saints are liberated to perfect liberation under the jubilee of God! It is time!

Full identification is here! God has purposed in His heart to reveal all for the purpose to reveal His Bride. We are being revealed right now. God has anointed us in the final showdown to see the enemy destroyed! Like Esther when she came to her position, she was used to have Haman hung on His own gallows.

We are the purchase of His Blood, anointed to stand in this place of great victory right now! Let's receive our anointing! We are a devil-killing Queen! Especially now as the Message we have received is manifested in fullness by faith and lived out through you and I. The victory must put on flesh to realise the purpose of the Gospel!

All in perfect love, perfect peace, perfect rest. God is doing it, He's our Captain!

God bless you richly!

Wellington

Youth Life Song

Over the weekend of the January 17-19 the youth from a number of fellowships from the lower North Island of New Zealand joined together for a weekend of fellowship around the Word. Being hosted by Shekinah Tabernacle Wellington. They kicked it off on Friday night with a welcome and a run down on some of the plans and goals. They outlined that the main thrust of the weekend was to train/raise up the next generation in the church. The biggest reaction came from the youth was when the boys were informed that they would have to be up and ready for their adventure to start at 5 am.

The Spiritual unity throughout the whole weekend was truly amazing. With people contributing from all the different fellowships sharing on things that all built on each other without any planning/collaboration between the different speakers. The presence of the Lord was quite tangible throughout the whole weekend. Right from the beginning on Friday night and throughout all the activities and meetings. Even while having morning tea at the beach, I was overwhelmed by the presence of a whole host of angels that were watching the scene from above, through to the small prayer meeting before the service on Sunday were His presence was very tangible. There were plenty of opportunities to see that the Lord was in our midst and had been anticipating the weekend as much or more than any of the people that were there.

The hosts had set out a really great action packed program for the weekend starting at 5am the boys were given a GPS location in the bush to go to for their morning bible study. It was a really great

way to start the day off involving bush bashing up a steep hill to a nice location at the top. It was a new experience for a number of the youth that had never been off track in bush before let alone in the dark up a steep hill, but they all made it there in reasonably good time (despite a fair amount of complaining). There were plenty of activities arranged though out the day that introduced everyone to Wellington with a Spiritual focus from every location. Ranging from a bible study at the location of the first communion service in the region, to a movie making exercise to teach the older youth how hard it can be to motivate youth and get them involved with activities.

5am bush devotion

Although there may not have been any really visible miracles over the weekend there were plenty of the much more important, less obvious miracles of chains being broken and people set free. With plenty of people saying they hadn't understood a number of the things before they were brought out throughout the weekend. Also some people got freedom from things they were suffering by realizing that they can talk to their pastor about the problems they are facing and that was enough to solve the issues almost instantly.

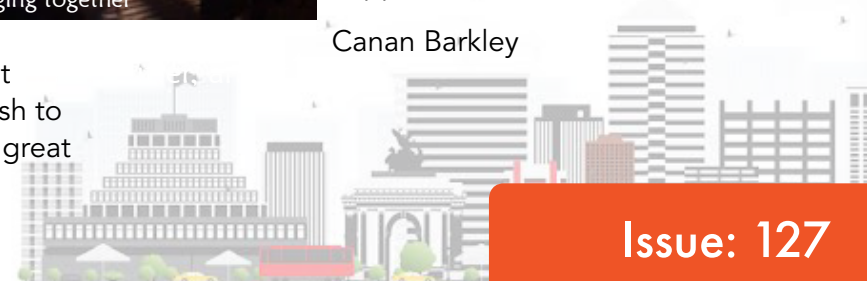

So the weekend ended up being a great blessing and encouragement to the young bride in the lower North Island of New Zealand and it also looks like it might be the start of more great weekends of fellowship and encouragement for the bride of Christ in the area.

Youth singing together

May the Lord bless those that had the vision and the drive to make it happen.

Canan Barkley

There must be a witness to all...

"And the LORD answered me, and said, Write the vision, and make [it] plain upon tables, that he may run that readeth it. For the vision [is] yet for an appointed time, but at the end it shall speak, and not lie: though it tarry, wait for it; because it will surely come, it will not tarry."

HABAKKUK 2:2-3 - KJV

Greetings in the wonderful Name of Jesus! It's good to be back in the seat again to serve the Lord in this exciting time! To start off the new year, we have some news to share with you. There's a time to keep silent and there's a time to share what the Lord is doing. In many cases, it is always best to wait until we have the leading of the Lord and permission to speak. And now more than ever! because we are privileged to walk the closest walk the church has ever experienced with God. With His directive there are some things that we feel privileged to share with you that have potential to impact many lives, worldwide.

As you are aware, before the Bride leaves, there must be a witness to the earth as to what great things the Lord hath wrought in our generation!

"And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come."

MATTHEW 24:14 - KJV

We have seen a huge effort worldwide which has published the exploits of faith expressed through the Message of the hour to every kindred, tongue, and nation. This colossal effort has been covered in almost every medium available. As technology advances, we can, and do, utilise the new mediums of communication as they becomes available to us. By this, there is a witness of this Message raising up to stand to see God's people come out of sin and into light.

Yet there is still one form of communication; a medium of expression which has not been completely tapped into within the Message of the hour. A medium that when mastered, can impact millions of people. This particular medium has become one of the greatest weapons the enemy has used over the last few decades to slowly control the world. This medium is also

considered the 'highest form of art' outside of life itself, of which God Himself is the Artist of life. The medium I am talking about is professional grade feature film production. Professional film made to a standard of international recognition, has the potential to impact millions of lives... Especially when God is leading and calling for a witness in this field where the enemy has ruined so many lives.

For there must be a witness to the Bride through the foolishness of preaching; a witness preached to the foolish virgins in like manner, and a witness to the nominal church world. However, there must also be a clear and powerful witness to the lost which can never be saved, to those millions and billions of souls who would never enter a church to hear the Gospel preached... There must be a witness! A witness of a wave sheaf life of a redeemed man who came to adoption!

Perhaps you ask this question... We'll Bro Andy... What are you proposing here? If you are interested in what **God has planned**, and how God's hand has been supernaturally leading this vision, continue reading the article which follows...

The Prophet

To a modern world

On January 29th 2011 (9 years ago) Bro Isaac Lee received a word from the Lord to make a movie on the life of Bro Branham. Since then he has completed a diploma in Film making and has been involved in many different film projects, and the Lord continues to open doors. He feels to share with the brethren the calling and how he is going about it, and also offering a chance for those that are interested to become involved in the future.

On Saturday May the 9th on Wellington's Kapiti Coast, there will be a film production set which will feature a boxing match for a metaphorical music video called "Hey Now Billy". This will be set in the 1930's - very similar in context to the fights Bro Branham would have fought himself under the teaching of Six Second Smith. This will begin a full weekend to introduce 'the vision' to those who are interested in finding out more. These sets are very costly and will be impressive. The purpose for these productions is to provide practical experience in preparation for the time when the main feature film is made.

You are invited

Following a series of promptings of the Holy Spirit, Brother Isaac has extended an invite to join him in this film set on Saturday 9th May.

You will join the crowds on the set as 'extras'. Meals and fellowship will be provided. However, you will be responsible for arranging your own accommodation among the local believers or motels.

On Sunday, a special meeting has been planned which will involve Brother Isaac sharing his testimony to the people present only. No live streaming will be recorded. I encourage those who feel impressed to come, to join us with an open mind to see what God is setting forth to do.

We are completely relying on the Lord to bring this vision together. As you know, we are dealing with extremely sensitive testimonies of which only the Lord Himself could worthily capture. Ultimately, if God has called for it, He will provide all things and people necessary to complete it according to His good pleasure.

We look forward to sharing the full testimony of this vision with you, exploring its Scriptural basis, and alignment with the Message of the hour.

Please RSVP - we need to know numbers.

We welcome you with the great *shalom* of God as we enter another New Year. With so much taking place in the unfolding of redemption in Israel, one can scarcely keep abreast by watching God's *timepiece* from *afar*. So I'm honoured to bring you first-hand reports, testimonies and *evidence* of what is taking place regarding Israel's redemption – but the *global redemption* that includes our own - as foreshadowed in the self-sacrifice of a Gentile "Bride" like *Ruth*.

It is this burden and vision from which the launch of *Return O' Israel* was birthed. As with any start-up though, we encountered - and are still having a few "growing pains". But thank God, much was still accomplished. Over **50 videos** were posted; **35 blog** reports - of which 9 of those were published on **JNS** and other public news outlets in Israel, like the article I wrote (*link follows*) which garnered some very interesting responses; <http://www.israelnationalnews.com/Articles/Article.aspx/24289>

Are we to simply wait for the "*clock to run out*" and the *rapture* to catch us away? Or is there a *preparatory work* to be done that the bible tells us will 1st **arouse** the Redeemer and then move Him into *action* fulfilling the final acts of redemption.

This ministry work is not only a "voice" of truth being heard among the Jews, but is sounding out from Israel throughout the global community. **ROI** is also *connecting* concerned, supportive believers with our Brothers and Sisters in Israel who are fighting for their spiritual existence in the face of an enormous onslaught from the left-leaning, secular Jews. Make no mistake about it – as we near the "*finish line*", there will be a monumental *fight* for the truth of God's Word to prevail...and its happening right now.

This is a work and ministry that is building upon committed people like you, who can see themselves as being part of – and "**one**" with this vision in the Word. With a confession of our being "*restored back*" to the Apostle Paul's teaching, we who are "*alive and remain till the coming of the Lord*", are the embodiment of Paul's incredible, foundational desire; "*For I could wish that myself were accursed from Christ for my brethren, my kinsmen according to the flesh.*" (Rom 9:3) Talk about a *sacrifice!*

And so with our having been "joined" together in the Spirit, we are part of this last days vision to fulfill Paul's desire for the restoration of *his* and *our* "kinsman". Ground "zero" of the Jewish restoration is the mostly *hotly* contested acreage on earth – the **Temple Mount** – as it is here that the glory of God will be revealed for all the world to see. [2 Thess2:4,8]

One of our recent videos is taking a Tour of the Temple Mount with professional Tour Guide, Michael Miller. Join Michael at the link following as he explains amazing events taking place as **proof** of redemption. Witness **redemption in action** on this captivating tour of the most controversial – and sacred place on earth! | <https://www.returnisrael.org/post/ground-zero>

Our latest interview is the 1st of a 4 part series featuring *Baruch Gordon*, founder of Israel's 3rd largest English news site; Israel National News [www.israelnationalnews.com]. Baruch he describes life in the “disputed” territory of *Bethel*. He also shares where the real secret of Israel's strength lays in! (Hint: Its' something that Christians can participate in to help bring the restoration and redemption!) You can see this short video here: <https://www.returnisrael.org/post/when-peace-broke-out-interview>

We are busy adding new material weekly, some of which will bring you right into the hearts and souls of our Brothers and Sisters in Israel. Find out how *Racheli Frankel*, a Jewish mother found strength to overcome the terrible pain of losing her son Naftali that was kidnapped and brutally killed by terrorists. <https://www.returnisrael.org/post/oz-vegaon-the-strength-of-love-and-unity>

There are some exciting new projects being planned for this year of which I am confident will inspire a greater vision of how important this work – and your support is. If you would like to find out more about how you can support the Jewish Restoration in Sovereignty, please contact me at our website.

We sincerely thank you for your prayers and your support that makes this work possible and will look forward to keeping in touch with you in 2020!

Thank you and God bless you.

Greetings Saints, in the name of our Lord Jesus Christ, from Totovel in Papua New Guinea. This year we started The End of Term Family Camps, which is held during the end of every term according to the PNG Education Calendar. The End of Term 3 Family Camp was held on the evening of the 20th September to the evening of the 23th September 2019.

The theme or the purpose of the End of Terms Family Camps, is to see “**established a true Spiritual Relationship, wherein man become new creations in Christ, fill with His Holy Spirit and live according to His Word.**”

Ministers that were invited to minister during the meetings were Brothers Robert Naka from Goroka, Eastern Highlands Province and Bonifas Kamtulegas, a teacher at Woolnough Technical School, East New Britain Province.

During the 4 evening's services, it was evangelism nights which Brother **Robert Naka** ministered. He shared about the **Message of the Hour** and its importance of responding to the Message with the imminent Rapture which will happen at any time. During the end of each evening meetings, people responded by giving their lives, and those that had sickness were also prayed for.

One of the messages that Brother Robert shared about was the way of Salvation that there is only one road from Egypt to Canaan. There is only one way to follow to be saved and that is the New Birth.

During the day sessions, Bro. **Bonifas Kamtulegas** ministered on Sunday morning and in the afternoon. The area that he ministered was in the **Condition of the Heart.**

Brother Bonifas, is a brother that Brother Ben Gloyne ministered to and baptized in the name of the Lord Jesus Christ, some years back, when he was working at CPL Coconut Products. After that he left that company he ventured into becoming a Teacher at a Technical School in the province. He needs our prayers that he shares the Message of the Hour in school.

It was really a time that we have with the Lord, I ministered and emphasized on being Born Again which is a must that everyone is be part of but as we all know it is the predestinated that will response to the Message of the Hour.

Those that attended were brothers and sisters, both young, old and the children.

We finished the camp on Monday evening [23/09/2019] and on Tuesdays we travelled [2 hours walk] by foot to the blocks where we [author] live. Have 2 nights fellowship with those that responded to our invitations. Bro. Robert shared during those evenings.

Our End of Year Family Camp will be he held on the 13th to the 15th of December and its theme will be: **"...build together for a habitation of God through the Spirit "Ephesians 2:22.**

Please continue to pray for the work here in Totovel and Papua New Guinea as a whole.

JULY-DECEMBER 2019

Dear brothers and sisters in Christ,

We all have to thank our Lord Jesus Christ with grateful heart for protecting us all throughout this year, 2019. We thank you from the depths of our hearts for praying for us and supporting the ministry during the past years. We have received good reports about our Mission Field Works which I am going to share with you briefly. I was extremely busy in the Mission work and God graciously helped us to accomplished many thing in the last 6 months.

It will take lot of time to share everything which has been done during the last 6 months therefore I am going to share just little highlights. God bless you

JAMMU & KASHMIR

Though lot of anti-Christians people are living in the

area of Jammu. Brother **Rakesh Kumar** and the believers gently sharing their spiritual experiences with them. In the beginning they tried to chase brother Rakesh out of this area. But he is boldly doing his ministry

silently and brought a lot of men and women to the saving

knowledge of God, numerous men and women and young people who have been spoiling their lives physically and spiritually through their sinful habits. Believers in Jammu church are really

working hard for sending forth the Gospel. Lord has added some more souls in the fold.

We request you to please remember the work in Jammu Kashmir in your fervent prayers. There are some 80+ people gathered around the revealed Word of this hour.

Pathankot Baptism

The Spirit of God is moving in Pathankot area, and the church is growing real fast. We have seen such an extraordinary growth in the church since Brother Aaron George has started the ministry after his father's sudden sickness due to brain stroke. KEEP

THEM IN YOUR PRAYERS.

HIMACHAL PRADESH

Charat Garh is a small town in the state of Himachal Pradesh. Anti-Conversion law is implemented in this

state. Hindu fundamentalists claim Christian missionaries forcefully convert Hindus to Christianity. This belief is described as false propaganda campaign orchestrated by Hindu nationalist organizations in India.

Hindu extremist organizations in the country want India to become a theocratic Hindu state. The anti-conversion laws favor Hinduism over other religions. Indian Christians faced a wave of harassment by Hindu fundamentalists after the anti-conversion law was passed in the state of Himachal Pradesh.

Bro. Aaron George was very much burdened to reach the tiny hill town of Himachal Pradesh and he prayed much for Himachal. The Lord has been enabling us to reach the unreached areas through our books and literatures in Hindi language. Brother George is continually going there, encouraging the people by sharing the love of God with them. We have another small assembly in the other part of Himachal Pradesh where **Bro. Jagtar Singh** is ministering secretly. Now the Lord is giving burden to other young ministers to take the Gospel there. We need to pray for a real breakthrough to be made in Himachal.

Bro. Jagtar Baptising some of the newly converted believers

In the September month we conducted one day open air street meeting, and people drove to it from twenty miles around, and at a single meeting we had

an attendance of some 800 people. We surprised to see that men who have not been at church for years have been reached by open air meetings. The persons I have known to be reached and converted

through open- air meetings have included thieves, drunkards, gamblers, saloon-keepers, abandoned women, murderers, society people, and in fact pretty much every class. When the meeting was over, we invited people to the church.

We know that the only source of true peace, comfort, hope, and reassurance is in Jesus Christ. We desire to share this Good News with each and every man, woman & child that God brings into our contact as we reach out to meet immediate need of the end time.

I think open air public meeting is the divinely appointed means for reaching people that cannot be reached in any other way

Firozpur Follow Up

I mentioned in my last mission report about Brother

William Chris a young brother who started his ministry two years back in the area of Firozpur nearing Pakistan border. Lord is blessing his ministry endeavors. In this area we collaborate with the local church to form youth groups.

In the month of September one day gospel meeting was organized by Samson Chris and his young people where some Pentecostal believers and ministers had been invited. Lord God blessed the meeting by opening the eyes of a Pentecostal minister by the name of Michael. When the Meeting was over he sat with me with some of his main believers and

we had wonderful and very fruitful conversation and he invited me to preach at his place to share these things with the people in his area which we did in the month of October and many denominational heard the Word .

Br. MICHAEL BHATTI (right) **George, Roshan**

SULTAN PUR FOLLOW UP

As I have testified in the previous Mission reports about **Brother Lakhvir Singh** is ministering among the drug addicted people in the area of SULTAN PUR. There are eighty percent criminal (involved in drug dealing) in this village. Lord is helping to transfer the lives of young people through him.

We are doing follow up work regularly at this place. There are approximately 10 villages around this area and most of the population living in these communities; the Gospel has yet to reach to

these people. Around 50% of these villagers are living below poverty line with lack of food, nutrition, accommodation, education and medical facilities. PLEASE UPHOLD THIS

CHALLENGING WORK IN YOUR PRAYERS.

ALI KE

AND YE SHALL KNOW THE TRUTH AND THE TRUTH SHALL MAKE YOU FREE

One soul is worth 10,000 worlds. **Pastor Michael Bhatti** heard the Message of the hour from Brother Samson and attended our meeting in the month of October with some of his church members. And heard the Message of the hour, the Word

went forth powerfully to receptive hearts. After the meeting we had very good discussion and bro. Michael invited me to preach for him at his place called **ALI KE** where he ministering a small flock of some 30 people. We praise God that these souls include the Pastors, Deacons, Song leaders have left their Pentecostal

denomination to walk in the light of the Message of the hour. These brothers did a great effort to arrange one day meeting at Ali Ke and printed some 1000 invitations to give out to all the denominational ministers personally to come and attend the service along with their congregations but only

handful of them came because denominational leaders and pastors in the area began to resist the moving of the Lord.

There were some 300 peoples gathered from the area. Word of God went forth in the power

and the anointing of the Holy Ghost, some people are resisting, but some are sincerely examining the truths revealed by the Message.

Brother Michael and his church now opening doors for the Brothers to bring the Word into more local churches in the area, please remember to pray for the progress of the Word of God in this area.

Mission Trips

Two of our young men, who are going to Uttar Pradesh, (Uttar Pradesh, the most populous and fourth largest state of India. It lies in the north-central part of the

country. Uttar Pradesh experienced the highest number of violent attacks against Christians in any state) Bro. Buta Ram and Amanat, they are labouring in the area where lots of anti Christian's activities are going on. God helped our brothers to start the work there in three different places. In the month of August they

were arrested after locals accused them of conversion activities. They spent two days in the police custody and finally released with the warning not to come this area again. But they are still very much active in spreading the Gospel there but secretly. Remember them in your prayers that the Lord protects them and the churches may be rooted and grounded in the faith.

ANDHRA PRADESH VISIT

We give thanks, praise, and glory to the Lord for what He has done. The joy and honor of being His co-worker is beyond our vocabulary. I made two mission trips to Andhra Pradesh this year. We had lots of preaching and travelling. Brother Jeevaratnam Marlapudi was assisting us. The Lord blessed this work with several souls

being baptized. It is a joy to see tremendous growth among the Andhra brethren in all areas of their spiritual lives. We are encouraged to see native congregations fully supporting their own work and even reaching out and doing evangelistic work in neighboring areas. Please remember brother Marlapudi in your prayers as he is working hard in this area. Thanks for enabling this good work to go forward for the glory of God.

PUNE

Again this year I was invited along with Brother Danzel Masih to preach in a FOUR Days Convention in Nasrapur, Pune. There were some 200 believers gathered eager in mind and heart to hear and receive the Word of God from different places and meetings went well. In short, it was good to have been there and see God blessing the work through His Word and His people. By the mission's end we were

exhausted, but totally satisfied. God is so good!

We must pray much for our brethren here in their outreach ministries in several parts of Pune.

Tent meeting

God has blessed us with another wonderful mission trip in the Punjab. By the grace of God we were able to take advantage of numerous evangelistic and discipling opportunities. How can we share in a short report what God has done with us though your prayers? The joy of seeing Hindu idolaters, denominational believers, unbelievers, and peoples of faith coming to know the Lord Jesus is almost inexpressible!

Something tremendous happened in the meeting. One Pentecostal pastor having a big church of some 500 people who confessed after the meeting,

"I WAS INVITED IN THE MEETING BUT I WAS THINKING THAT IT IS JUST A WASTAGE OF TIME, WHAT THIS MAN WILL PREACH WHO LOOKS VERY LAZY AND SIMPLE BUT WHEN HE START TO PREACH I WONDERED BECAUSE I NEVER HEARD THESE KINDS OF THINGS AND REVELATIONS IN MY LIFE, I WANTED TO ORGANIZE A MEETING FOR HIM."

Kindly remember in your prayer as he is going to schedule a meeting this year. This meeting was arranged by brother **Iqbal** who is a Message believing minister in the area of Firozpur. We are expecting something great to be happened. Thanks for giving us another opportunity to take the Gospel to that far-off place of which most have only heard and dreamed about.

RAJASATHAN MISSIONS

During the last five years, we were able to conduct gospel meetings, camps, and ministers study meetings and outreach work in several villages in Rajasathan. **Bro. Rajiv Kumar, Bro. Piyush Nar** fully yielded them self to God and put their all in the almighty hands of God, they were used by God mightily in revival and many people's lives were transformed. They founded this work with prayer on the principles of the Bible and built it upon the promises of God. Brothers labored tirelessly with tears and travailed in prayer for souls for nearly 5 years and the dear Lord granted revival outpourings in their ministry and thus this work spread far and wide into many parts of the state. In spite of our unworthiness, the mercies of God are surrounding us and His grace is sustaining us. This work is going forward under the mighty hand of God, who is our Guide, Shepherd and Leader.

MONTHLY MINISTERS MEETING

We meet once every month. Each meeting held at different place and lasts from

11 am to 3 pm. We provide lunch and hand out Message books we print every month. Ministers' meeting is a time of teaching, discussion, and prayer.

Our goal is to gather a group of likeminded pastors/ministers together for the sake of fellowship and encouragement by means of teaching and discussing different matters. In other words, we want to wrestle together through the messy trench work that marks every faithful pastor's ministry and the commitments which ground that work. All the ministers contribute something for the printing of the Message books.

MESSAGE BOOKS PRINTING

We are committed to providing the Message books in the hands of the people in their native languages. Yes, we do have what God

wanted us to have! By way of translation, we now have His revelation in our own language. Today we have the very Message that comes to us from the English language. There is no greater need among our

preachers and believers other than to have access to the Spoken Word Message.

These books are supplied free of charge to the many Missions, Churches, Pastors and Christian believers. We have found that this is one of the most effective ways of disseminating the message of truth and salvation.

We are glad and give praise to the Lord for the great things He is doing in the Mission field here in India. There are lot

more things to share but it is not possible to write everything but this is just in brief that you may know what's going on in the Mission field and what to pray for. We know that there are lots of things happening around the Message circle but we know in His love, sovereignty, and wisdom, God always brings about the greatest good from the most painful and complex situations.

We are committed to advancing the Kingdom of God, not just growing the local congregation! God has called the Church to continually advance the Mission of God in a world-wide endeavor. There are a lot of small requests that need and want support. Ask your prayers for that.

Please stand with us in prayer, as the secular year comes to a close, many Believers are recommitting themselves to pursuing God with all their might in the coming year, to be more fervent in prayer, and to diligently seek to be a blessing to others. We have also rededicated ourselves to the service of the Lord and to be faithful stewards where ever the Lord calls us to serve Him.

Lord bless you abundantly
